DEVELOPMENT & PEACE/CARITAS CANADA

Development & Peace (D&P), the official international development and solidarity organization of the Canadian Catholic Church, has launched its Fall campaign—CREATE HOPE, STAND FOR THE LAND. In the countries of the Global South, many communities are mobilizing to defend their territories against threats posed by certain industries wishing to exploit their resources, endangering their land, their water, their air, and their culture and means of subsistence. We will be meeting communities in northern Honduras who have been struggling to preserve their land and water since an iron ore mine opened in Carlos Escaleras National Park, and poisoned the rivers on which they depend for their livelihoods. NEW ON FORMED

Here are some of the new programming this week on FORMED. Instructions on logging on to our FORMED account is in the side bar.

Paul the Apostle | The Bible Collection

The church's greatest enemy became Christ's most prolific messenger. Shot in the Moroccan desert, Paul the apostle is a sweeping saga of the man who brought the Gospel to the Western world.

Saint Peter

Watch the epic story of the spread of Christianity during the early years of the Church. This film follows the journey of St. Peter through his martyrdom on a cross.

INVITATION TO SJC STRATEGIC PLANNING SESSION

As the College puts together the next strategic plan, the input of the worshipping community is requested and encouraged.

You are invited to join members of the Board of Governors on **Tuesday, November 28th from 4:30 to 6:00pm** in the Boardroom for a discussion session around this important guiding document.

An RSVP would be helpful to get a sense of numbers in case a larger space is needed. Should you be unable to attend, an online form will be available following this session.

NEUROSCIENCE AND THE HUMAN PERSON

Please join us for this special November Speaker Series Event, cosponsored by the Society of Catholic Scientists, featuring Sofia Carozza, PhD, Post-Doctoral Research Fellow at Harvard University.

Dr. Carozza's work focuses on recent discoveries in the natural sciences, which characterize the brain as a situated, relational and dynamic organ in a way that accords exceptionally well with a Christian theological anthropology. This in turn offers opportunities to improve our personal and pastoral decision-making.

The presentation will take place on Thursday, November 30, 2023, 4:00pm - In Person at St. Joseph's College Boardroom and Online by Zoom.

Register [here](#) to receive the Zoom link.

Reception to follow. All are welcome.
