

# Step Six: add the graphics

- **Insert Pictures**

- Clip art (Microsoft images, PowerPoint)
- From file, locate your storage media and the files you want

- **Insert drawn objects**

- From drawing toolbar – boxes, circles, lines, arrows, etc.

- **Size images as needed** – quality will determine how large they can get and still look good.

- **Avoid getting too busy** – if the graphic doesn't **ADD** to the meaning of the poster, delete it!
