

Design Approval Commends Team

Following a grueling start to the semester, the 2008 Design Team has completed their task and successfully reviewed the proposed 2008

car. The Department of Mechanical Engineering has enthusiastically approved the design, and is as excited as the team to see it come to life.

Computer rendered prototype of the 2008 car.

Alberta Shootout a Success

Many thanks to those who supported and attended the Alberta shootout, in particular the University of Calgary FSAE Team. It was a huge success, and we are already looking forward to next year's edition!

National Oilwell Varco Discussing Partnership with U of A FSAE

We are pleased to announce that NOV is interested in becoming a partner, and we are

looking forward to developing a lasting relationship with them. Find more information

regarding current partners, past partners, and partnership opportunities on our website.

New Look For Website

The U of A FSAE Team website has undergone a long needed update – be sure to check out the team profiles.

Fabrication Begins

With the 2008 design completed, the fabrication team will start immediately. Look for progress updates on the website and in future Newsletters.
