

Bohemian Rhapsody for Engineers

Is finance real life?
Is it just NPV?
Found all the cash flows
But what's the equivalency?
Add 1 to "i"
Compound to the "n" and see.
We're just engineers.
We have no equity.
Because it's easy come, easy go
Selling high, buying low
Don't care about cash flows
Money doesn't matter to me - to me.
Mama, flunked my exam
Formulas are in my head
But my calculator's dead
Mama, I'll stay technical
Since I used wrong interest rates for NPV.
Mama (oo-oo-oo-oo)
Could make money if I try
If I can find investments that will payback
And if that doesn't work
Maybe I'll be a professor.
