PUSH THE BOUNDARIES OF KNOWLEDGE. BUILD A BETTER FUTURE.

MEET YOUR MENTOR
Learn from award-winning professors who are committed to developing and supporting the next generation of free thinkers and innovators. Then work alongside them in their research labs or participate in their field studies.

RENEWED FACILITIES
We are home to some of Canada’s, and the world’s, most advanced research facilities. The Canadian Ice Core Lab is studying over 10,000 years of climate change, while our artificial intelligence labs are creating smart bionic limbs.

THE TIME IS NOW
Participate in groundbreaking research in your first year of study with the Undergraduate Research Initiative (URI). Get hands-on experience with fieldwork, or lead the way with self-directed summer projects. uab.ca/URI

Then celebrate remarkable work at the Festival of Undergraduate Research and Creative Activities (FURCA). Whether you are focused on the impact of the opioid crisis on communities or you are looking for ways to eliminate the use of fossil fuels – FURCA is the place to present and discover! uab.ca/furca

HEIDI
RESEARCHER
Heidi found purpose in her research with the Department of Oncology and the Institute for Stuttering Treatment and Research. Along with being a Team Facilitator for Week of Welcome, a member of TeamUp Science, and music aficionado.

"The most challenging part about starting my undergraduate research was finding my area of interest. So I did some exploration to see what I enjoyed. After taking a few oncology and microbiology courses, I became incredibly interested in understanding how microorganisms can affect the onset and progress of cancer. My advice is to remain open-minded, ask questions, and don’t be afraid to expand your horizons."
TEST YOUR KNOWLEDGE AND PUT IT INTO PRACTICE.

LAUNCH YOUR IDEAS
Group projects have turned into game-changing products right here at the university. Organizations like eHUB are here to help you explore ideas that transform into projects, initiatives, and ventures—all while you pursue your degree.

YOU LEARN BY DOING
We have maker spaces across our campuses that allow our doers to do, our tinkerers to tinker, and our creators to create:
- Student Innovation Centre
- The Elko Engineering Garage
- Printmaking and design studios

TEST DRIVE YOUR CAREER
Build your work experience and resume with an internship, job shadowing, and career mentoring opportunities. Here are a few resources that will connect you to employers in virtually every field:
- Co-ops, practicums, and internships in every direct-entry faculty
- The University of Alberta Career Centre
- Transition to Career (T2C)

MAKE A DIFFERENCE
Gain hands-on experience in the non-profit sector when you choose a placement with a local organization. Community Service-Learning (CSL) allows you to give back to the community while drawing real-life connections to social issues. You can also add a Certificate in Community Engagement and Service-Learning to your degree when you complete more than one CSL course. uab.ca/csl

AT ITS PEAK

PURPOSE

"After my first experience on high-speed rail, I knew I was passionate about mobility. Asia and Europe have taught us it is key to improving quality of life and driving economic growth. This interest increased throughout my degree and co-op terms, and ultimately led to my co-founding Albertaloop. Albertaloop will build a competition prototype Hyperloop pod—a safer and faster transportation mode than high-speed rail, and a more sustainable and accessible option than aircraft. This group and my work experience are undoubtedly how I found my purpose at the U of A."

WHAT DO YOU SEEK?

EXCHANGE
Take courses at a partner university for a semester or a full year. Change your scenery and attend the University of Wollongong in Australia, an ecologically designed campus in the foothills of the Mount Keira rainforest, overlooking the Pacific Ocean.

FACULTY-LED
Take a program led by a faculty, which could include a study tour, coursework, and fieldwork — like studying ancient tombs at a field school in Thessaly, Greece, while completing a course in Classical Archaeology.

INTERNSHIP
Choose a 4- to 8-month work placement with a private company, organization, or a research placement at a university — like researching climate change in the French Alps and Berlin.

SUMMER PROGRAM
Select a short-term summer placement for a few weeks or four months. A placement could include coursework, an internship, or fieldwork — like spending your summer researching the impact of receding glaciers on freshwater quality in the headwaters of the Bow, Sunwapta, Athabasca, and North Saskatchewan rivers (pictured here).

ADVENTURE, NEW PERSPECTIVES, OR MAYBE EVEN THE CHANCE TO DIG INTO RESEARCH AWAIT YOU.

Study outside the classroom, gain work experience, and earn credit toward your degree at the same time. From a few weeks in a field school to spending several semesters abroad, there are many possibilities to explore. uab.ca/abroad

SYDNEY FIELD RESEARCHER

Sydney has found her purpose studying water. As an Environmental and Conservation Sciences student, she was a member of the first I-STREAM pathways project — an environmental education program for Indigenous students. Sydney’s summer project had her sampling proglacial rivers in Alberta. This field experience landed her a job with the Southern Rockies Watershed Project, where she examines a vital source water region for the province.

“I-STREAM enabled me to get more experience in the field I was passionate about while also connecting with my Indigenous culture. My internship helped me solidify my career choice and set me on the path that I’m on now. I met so many great people and got so much amazing experience which helped me when applying for jobs post-graduation.”

A CITY THAT CELEBRATES DOING THINGS DIFFERENTLY.

There is nowhere quite like Edmonton — the city has an entrepreneurial spirit where taking a risk is encouraged, and having a sense of adventure is implied. Seizing the day is simple when our campus is steps away from the lush river valley and quite literally at the heart of the city.

You can take the train, grab a bike, electric scooter, or go on foot — and you’ll find unique shops, coffee houses, restaurants, and theatres just down the street or across the river from campus. You’ll have years to get to know this city and find your favourite spots — here are a few to get you started:

**NEON SIGN MUSEUM**
7 minutes by train

**WHYTE AVE**
10 minute walk

**GARNEAU THEATRE (METRO CINEMA)**
5 minute walk

**NORTH SASKATCHEWAN RIVER VALLEY**
Walk, bike, snowshoe, or canoe through North America’s largest urban park — it’s 22 times the size of New York’s Central Park.

**3** HOURS TO THE CANADIAN ROCKIES

**325** DAYS OF BRIGHT SUNSHINE

**150** KM OF TRAILS
Our Main Teaching Campus.

It’s a campus of contrasts. With 150 buildings occupying over 50 city blocks, it’s truly a city within a city. Yet it is also on the edge of a lush river valley. It’s a classic academic setting steeped in over 113 years of history, yet also home to some of the most technologically advanced research and teaching facilities in the world.

Light Rail Transit (LRT) connects North Campus to the downtown core, or just two stops in the other direction, to South Campus — home to our agricultural research facilities, as well as many of our athletics teams.

Come and tour campus in person or see some of the following spaces in 360° video at uab.ca/tours.

-North (Main) Campus-
LIVING ON CAMPUS CAN LEAD TO A HIGHER GPA.

FIRST-YEAR RESIDENCE
Lister Hall, on North Campus, is our traditional first-year dormitory residence, with five towers housing 1,800 students. Residents will enjoy recently renovated facilities and rooms with views of the campus and the city. First-year students are guaranteed a room if you apply by April 30. uab.ca/residence

MEAL PLANS
Lister and Peter Lougheed Hall residents choose a meal plan as part of their accommodation cost, so you can focus on your studies rather than meal planning, shopping, and washing dishes. Choose from a variety of nutritious options and comfort foods in the residence dining halls or eat at one of the many restaurants around campus.

BEGIN AT BASECAMP
Moving out on your own and starting university are two big life changes—attending BaseCamp will help you make this transition. A week before classes start, you’ll move in, meet your floor-mates, get to know the campus, and explore the city. It’s more than an orientation, it’s a head start on how to excel as a first-year student.

“I grew up in the Yukon, where our community was always pretty tight-knit. Initially, I was afraid that making friends would be difficult for me in this new environment. However, Lister’s community resembled that of my hometown and made me feel comfortable immediately. I learned very quickly that I could make tons of friends that would last for the rest of my life by putting myself out there. Now I am pursuing my purpose in my third year, and I still speak to all my friends from the first year.”

Joshua
Lister Resident
Joshua lived in Lister his first year, joined a cohort floor, and participated in the Lister dodgeball league — on a last-place team that still had a lot of fun playing.
THE U OF A EN FRANÇAIS.

FRANCOPHONE FOCUS
As the only French-language university and college campus west of Manitoba, Campus Saint-Jean is helping to reinforce Canada’s linguistic duality. With nine undergraduate programs and two master’s programs, it’s the best of the U of A – delivered in French.

CENTRAL EDMONTON
The campus is located in the heart of Edmonton’s francophone neighbourhood of Bonnie Doon. Enjoy the immersive environment of learning in French, but you can also easily access all the amenities of North Campus by taking a free 10-minute shuttle ride.

RÉSIDENCE SAINT-JEAN
Enjoy a unique crossroads of academic, linguistic, and cultural life by living on campus in Edmonton’s vibrant French Quarter. Résidence Saint-Jean features historic architecture. No two rooms are alike, and each room is a private one.

THE U OF A IN A UNIQUE WAY.

LIBERAL ARTS AND SCIENCE
Augustana is a welcoming campus with an exclusive focus on undergraduate education, multidisciplinary program majors, a non-traditional academic calendar, and experiential learning opportunities embedded in the project-based core. It leads the way in designing a truly immersive and holistic university experience. ualberta.ca/augustana

CAMROSE, ALBERTA
A one-hour drive from Edmonton will bring you to Augustana Campus in the city of Camrose, Alberta. Steps from campus, students can explore the vast trail network and intimate downtown. From cross-country skiing to local shops and restaurants, Camrose has lots to offer.

RESIDENCE AT AUGUSTANA
Most first-year students live on campus, where they enjoy convenient access to their classes, professors, and on-campus activities. Augustana housing provides dorm style accommodations, a diverse and engaging environment, and a full meal plan with a variety of food options.
HELP IS HERE WHEN YOU NEED IT.

WE STICK TOGETHER
We have an inclusive community of students from diverse backgrounds, and we encourage you to discover the many student groups and organizations like:
• First Peoples’ House
• International Student Services
• Institute for Sexual Minority Studies and Services (iSMSS)

WELLNESS MATTERS
Petting dogs, studying at treadmill desks, and light-therapy lamps are just a few ways we provide holistic health on campus. We also have more traditional resources for all students like:
• Access to support and resources for your mental health and well-being
• Counselling and Clinical Services
• Campus and Community Recreation
• University Health Centre and Pharmacy

ACADEMICALLY AHEAD
With supports like the Academic Success Centre, the Centre for Writers, or Decima Robinson Support Centre (math and statistics support), you are assured to achieve your academic goals. Here are just a few more of the supports available:
• Academic skills development
• Academic accommodations support
• Presentation and speaking skills workshops

“Growing up I never saw queer people in places of power. I learned to see my queerness as a barrier to my success since the successful people I saw weren’t queer. During my degree, I’ve learned the importance of pushing the boundaries of what is deemed “okay” in leadership, so I could show how arbitrary these boundaries are. Doing drag at the General Faculties Council, I wanted to show that queer self-expression is strength.”

DAVID
STUDENT ADVOCATE
David finds purpose in being involved in campus organizations (more than he can keep track of) — including serving as Vice-President Academic of the Students’ Union — yet still finds time for his studies and co-running a podcast on student issues.

“My parents always told me ‘Success never comes without failure.’ There have been times where I have had to put my health above my studies, which often led me to compare myself to my peers. What I realized is no one has the same circumstances as you. Remember to cut yourself some slack and truly take care of yourself. With the setbacks I experienced, I learned to persevere, and success followed.”

MANAHL
SELF-COMPASSION ADVOCATE
Manahil was diagnosed with juvenile idiopathic arthritis at 15. Manahil finds purpose in spreading awareness about the disease and advocating for those with chronic illnesses — yet still finds time to stay balanced by painting and bullet journaling.
CAMEO
VARSITY ATHLETE
For five years, Cameo played on the Pandas Basketball team, was President of the University Athletics Board, and now finds purpose marketing for the Golden Bears and Pandas Athletics.

“...When I first started university, I was completely focused on basketball and dedicated as much time and energy to it as possible. Unfortunately, a couple of major injuries prevented me from spending as much time on the court as I would have liked, but in turn, forced me to broaden my horizons and pursue other opportunities. Like getting involved with student groups and organizations, which has enhanced my university experience in more ways than I could have ever imagined.”

**FUNDING YOUR FUTURE**

**A LIFELONG INVESTMENT.**

**THE COST OF A DEGREE**

A degree is likely one of the most valuable investments you’ll ever make. Our graduates use their knowledge and experiences to start a future — they get careers and advance them, they start businesses, teach, heal, and make life-changing discoveries. The cost of a degree may be significant, but we are confident you’ll find our tuition costs comparable to other top universities in Canada and our financial resources available to offset this cost, plentiful.

**PLAN FOR IT**

Whether you need financial assistance from the start or find yourself a little short during the school year, we have funding options for you. From awards and scholarships to student loans, bursaries, and emergency funding, our advisors can help guide you to the right support.

---

**FIRST-YEAR ESTIMATE**

- **$6,100+** for Domestic Tuition
- **$29,500+** for International Tuition
- **$3,500+** for Books, Supplies, and Fees
- **$12,500+** for Residence with Meal Plan

**GET A REFINED ESTIMATE WITH THE COST CALCULATOR**

Estimates are based on your program and living arrangements.

---

**SCHOLARSHIPS AND AWARDS.**

The University of Alberta awards more than $34 million each year in undergraduate scholarships, awards, and financial support to all kinds of students. Apply early to your program so you can be assessed for awards. View all entrance awards at uab.ca/awards

---

**ADMISSION-BASED**

Receive a scholarship you don’t even have to apply for. Eligibility for these scholarships is based on your admission average at the time of your admission offer. We advise you to apply to your program early so we can assess you for a match to the following awards and many more:

- **Gold Standard Scholarship**
  The top 5% of students in each faculty could receive up to $6,000, depending on admission average.

- **Indigenous Entrance Scholarship**
  Self-declaring First Nations, Métis, or Inuit applicants with an average of 80%+ may receive $1,500.

- **National Achievement Scholarship**
  The top incoming out-of-province Canadian students will receive $30,000, payable over four years.

---

**APPLICATION-BASED**

Applying for awards is easy. Just fill out a single application, and we will match you to a potential scholarship or an award based on your background, experiences, academics, and interests.

- **Scholastic Distinction Scholarship**
  High-achievers engaged with their community with top admission averages may be eligible for up to $50,000.

- **Entrance Leadership Scholarship**
  Well-rounded leaders with demonstrated contributions to their community may receive up to $5,000.

- **Fly Home Award**
  Out-of-province students may receive up to $1,500 to help them stay connected to home.

---

**RAJAN SCHOLARSHIP RECIPIENT**

Rajan spent his childhood tinkering with any piece of technology he could get his hands on and now finds purpose studying computer science. Rajan is also a prestigious Schulich Leader Scholarship recipient, awarded to some of Canada’s top high school students.

"Becoming a Schulich Leader felt especially empowering to be part of an amazing group of young individuals across the country. I also hope that this serves as an example that giving back to your community in any way, shape, or form always makes an impact, no matter how big or small you might feel your role is.”

READY TO APPLY?

Applying to university doesn’t have to be complicated — you can find answers to frequently asked questions, and access videos that will guide you through the application process at uab.ca/apply

1. CHOOSE YOUR PROGRAM(S)
   Review our programs and identify your top two choices. Check the admission requirements for both programs. Selecting two program choices will give you the best chance of receiving an admission offer. Your most desired program should be your first choice / priority.
   uab.ca/programs

2. SUBMIT YOUR APPLICATION
   Start your application at uab.ca/apply where you will report your completed grade 11 and 12 courses, and grade 12 courses you are taking and planning to take. You can also apply for residence on your application. After you apply for admission you will receive a student ID and CCID that you can use to apply for scholarships.
   uab.ca/awards

3. CHECK YOUR STATUS
   After you apply you will have access to UAlberta Launchpad. Here you can check your application status, submit outstanding documents, update new final marks, and review any checklist items for your program. We will also assign you a UAlberta email address, where you will check for notifications or correspondence.
   uab.ca/aftapp

4. ACCEPT YOUR OFFER
   After you receive an admission offer, you’ll need to accept it in Launchpad, and pay the tuition deposit. You will also need to accept your residence offer. Log into Bear Tracks with your student ID and CCID to accept offers for scholarships and awards.
   uab.ca/accept

AFTER YOU APPLY:

EVALUATION

Admission to the U of A is competitive and works on a rolling basis — some students could receive an admission offer as early as October. Admission averages are calculated using the five required courses for your program of choice using the courses and final marks included on your application. Where final Grade 12 marks are unavailable, the final mark in the equivalent Grade 11 course will be used. Admission offers could be based on final Grade 11 marks.

OUTSTANDING DOCUMENTS

Your UAlberta Launchpad portal may indicate that you have further documents to supply:

Out-of-province students: Your transcripts may not be transferred automatically. Please ensure they are sent to and received by the University of Alberta. uab.ca/aftapp

Alberta students: Your final transcripts will be sent on your behalf when you apply through ApplyAlberta.

International students: You must obtain a new study permit for post-secondary studies, even if you already have a high school study permit. uab.ca/studypermit

ENGLISH LANGUAGE PROFICIENCY

You must possess the required level of English Language Proficiency (ELP) in order to be granted admission (except for French-language programs, which require FLP). There are several ways to demonstrate ELP: uab.ca/languagereqs

Presentations and events

We host presentations and events for students year-round! Visit uab.ca/recruitmentevents to register for upcoming events covering topics like:

- Undergraduate experience
- How to submit an application
- Applying for Awards
- Updating courses and marks
- Applying for Student loans
- Registering in classes
- Indigenous Student experience

Tour campus

Our student-led tours will give you an authentic perspective and some insider tips about campus life. You can choose to tour Augustana Campus, Campus Saint-Jean, North Campus, and you can also add on a residence tour. Tour North Campus and see key student events from the comfort of home by virtually viewing our 360-degree videos online, or attend a live virtual tour with one of our Student Ambassadors.

One-on-one advising

Our advising sessions are designed to help answer all of your questions, from applications to awards. Discuss program options, admission requirements, and the application process by meeting with a general advisor. Or choose a faculty advisor to speak specifically about your program of interest.
