TIPS & TRICKS

1. **Create a balanced timetable:** Do not register for more than three courses with attached labs; you will have lab assignments and exams in addition to regular coursework.
2. **A full course load is *15 credits per term** (normally 5 classes); however, students will still be considered full-time if they are registered in at least *9 credits (normally 3-5 classes) per term in Fall/Winter.
3. **Make sure to check prerequisites:** Some classes will need you to present certain prerequisite courses prior to taking them. This information can be found in the course descriptions on Bear Tracks or in the Calendar.
4. **When registering for your [Education Elective](#):** Ensure that you register in a 300- or 400-level class offered by the Faculty of Education (EDU, EDPY, EDPS, EDIT, EDEL, EDSE, EDES).
5. **If the class you want is full:** Put the class on your “Watch List” (found on Bear Tracks). You will be notified via email or text message if a spot becomes available in the class.
6. **It is not uncommon to encounter errors when you are registering, but don’t panic!** You can find instructions and troubleshooting information on the [Registration Issues](#) section of the Faculty of Education website.
