WELCOME TO UALBERTA

A MESSAGE FROM THE PRESIDENT
The University of Alberta is home to an exceptional community of students and researchers. I welcome students from around the world. At the U of A, you will be part of a resilient community of diverse and talented scholars who are tackling today’s most important challenges. Your unique talents and interests will enrich our community. Join us for a learning experience that will transform you and prepare you for success in an ever-changing world.

Bill Flanagan, President and Vice-Chancellor, University of Alberta

ABOUT THE PRESIDENT
Bill Flanagan is the 14th president and vice-chancellor of the University of Alberta. President Flanagan, JD, DEA, LLM, served as the dean of law from 2005 to 2019 at Queen’s University. He was president of the Council of Canadian Law Deans from 2011 to 2014, and served on the National Action Committee on Access to Justice in Civil and Family Matters. His work in support of HIV/AIDS research and initiatives has made him a well-recognized and respected public figure.

#4 RESEARCH-BASED UNIVERSITY IN CANADA

THE 2020 NOBEL PRIZE IN PHYSIOLOGY OR MEDICINE WAS AWARDED TO UALBERTA VIROLOGIST DR. MICHAEL HOUGHTON

40,000+ STUDENTS FROM 156 COUNTRIES
300,000+ ALUMNI WORLDWIDE

1ST & ONLY FACULTY OF NATIVE STUDIES IN NORTH AMERICA

#2 IN GRADUATE EMPLOYMENT IN CANADA

1 OF THE GREENEST EMPLOYERS IN CANADA SINCE 2009

SUCCEED IN EDMONTON

There is nowhere quite like Edmonton — the city has an entrepreneurial spirit where taking a risk is encouraged, and having a sense of adventure is implied. The robust economy presents opportunity at every turn, and the diverse populace is welcoming and friendly to those from all backgrounds.

You can take the subway, grab a bike, electric scooter, or go on foot — and you’ll find unique shops, coffee houses, restaurants, and theatres just down the street or across the river from campus. You’ll have years to get to know this city and find your favourite spots — here are a few to get you started:

CENTRAL EDMONTON (DOWNTOWN)
Business and cultural hub.

WHYTE AVE
Shopping, cafes, restaurants, and live music.

COME TO CANADA AND DISCOVER THE “TRUE NORTH STRONG AND FREE” CELEBRATED IN OUR NATIONAL ANTHEM.

EXPLORE THE ROCKY MOUNTAIN PARKS
Located a few hours away from Edmonton is Canada’s world famous Banff National Park. Experience stunning peaks, beautiful lakes, and ancient glaciers.

A COUNTRY TO EXPLORE
Explore Canada: the second largest country in the world, home to friendly people and stunning landscapes. From coast to coast to coast Canada has exciting cities and breathtaking natural beauty that will appeal to your adventurous side. The people of Canada are as interesting as the landscape - Canadians come from all over the world and celebrate multiculturalism by sharing their traditions and welcoming the traditions of others.

PROSPER IN ALBERTA
Alberta is recognized as having one of the strongest economies and highest living standards in the world. Albertans enjoy higher salaries than in any other province in Canada, as well as world-leading education and healthcare systems. Canada is known as one of the top 10 countries globally for quality of life, and is one of the safest countries in the world.
It’s a campus of contrasts, with 150 buildings occupying over 50 city blocks — it’s truly a city within a city — yet also on the cusp of a lush river valley. It’s a classic academic setting steeped in over 112 years of history, yet also home to some of the most technologically advanced research and teaching facilities in the world.

Light Rail Transit (LRT) connects North Campus to the downtown core, or just two stops in the other direction, to South Campus — home to our agricultural research facilities, as well as many of our athletics teams.

Come and tour campus in person or see some of the following spaces in 360 video at uab.ca/tours.
THE U OF A EN FRANÇAIS.

FRANCOPHONE FOCUS
As the only French-language university and college campus in Western Canada, Campus Saint-Jean is helping to reinforce Canada’s linguistic duality. With nine undergraduate programs and two master’s programs, it’s the best of the U of A — delivered in French.

CENTRAL EDMONTON
Located in the heart of Edmonton’s francophone neighbourhood of Bonnie Doon. Enjoy the immersive environment of learning in French, but you can also easily access all the amenities of North Campus by taking a free 10-minute shuttle ride.

RESIDENCE SAINT-JEAN
Enjoy a unique crossroads of academic, linguistic, and cultural life by living on campus in Edmonton’s vibrant French Quarter. Campus Saint-Jean residence features historic architecture — where no two rooms are alike, and each room is a private one.

THE U OF A IN A UNIQUE WAY.

LIBERAL ARTS & SCIENCE
A campus with an exclusive focus on undergraduate education, a non-traditional academic calendar, and multidisciplinary program majors. Augustana is continuously exploring how to design the most immersive and holistic university experience.

CAMROSE, ALBERTA
A 1-hr drive from Edmonton will bring you to Augustana Campus, in the city of Camrose, Alberta. Surrounded by parkland, students are encouraged to borrow cross country skis, skates, and snowshoes from campus — and go explore the majestic landscape.

RESIDENCE AT AUGUSTANA
Most first-year students live on campus, where students enjoy convenient access to their classes and professors — and take advantage of the many on-campus activities. First Year Complex houses 350 students in an immersive social dormitory environment.
LIVING ON NORTH CAMPUS

LIVING ON CAMPUS CAN LEAD TO A HIGHER GPA.

FIRST-YEAR RESIDENTS
Get more out of your university experience by living in residence! Living on campus in residence puts you right in the centre of all the University of Alberta has to offer. Specialized Residence programming is part of living in residence; supporting your success in all aspects of your life on campus—including academics, community and your health.

Lister Centre is the primary residence of first year students, located on the UAlberta north Campus. Both single (private) and shared rooms are available. Students may also apply for Peter Lougheed Hall, or St. Joseph’s Residence (men’s or women’s).

MEAL PLANS & FOOD OPTIONS
First-year residence in Lister Centre and Peter Lougheed Hall includes a meal plan. This means that you can focus on your classes and friends instead of shopping for groceries, cooking and doing dishes. Gluten-free, halal, vegetarian and vegan are among the many options available each day.

If you live in a residence that does not include first-year programming and the meal plan, there are many food options. Voluntary meal plans can be purchased and used in both dining halls. Residents can also enjoy meals on campus at numerous restaurants that offer a variety of different cultural cuisines, including vegetarian, vegan, gluten free and halal food. Nearby grocery stores allow residents to shop for and prepare their own meals.

RATE ESTIMATES
First-year students - dormitory-style rooms: $737 – $2,284 per month (includes rent, meal plan and programming), depending on residence and room type. Upper-year students - apartment-style units: $554 – $1,567 per month

Residence rates are estimates effective August 1, 2020 and are subject to change.

For updated rates, please consult uab.ca/residence

OPTIONS FOR EVERYONE
There are residence options for students on all UAlberta campuses.

OTHER CAMPUSES
Augustana Campus is located in the city of Camrose, approximately an hour’s drive from Edmonton. Augustana residents will enjoy a dormitory environment with a strong sense of community in the centre of campus, just a short walk from classes and the many on-campus activities.

Campus Saint-Jean is located in Edmonton’s French Quarter - approximately a 15-minute drive from North Campus. Francophone residents of Residence Saint-Jean will appreciate the architecture of the historic original building, where no two rooms are alike and every room is private.

LIVE ON CAMPUS FOR YOUR WHOLE DEGREE
After your first year at the University of Alberta, you can live in one of our upper year residences. There are many different types of living options for all your campus housing requirements.

APPLY EARLY
You do not need an offer of admission to apply for UAlberta Residence. Apply for Residence by April 30, 2021, to guarantee your spot.

PROGRAMMING
Did you know that research indicates that students living in residence are in a better position to succeed academically, compared to those living off-campus? Our Academic in Residence (a university PhD student) and Peer Tutor Program are just two ways we are here to help improve and support your academic skills.

RESIDENCE ORIENTATIONS
Residence Services programming starts right when you move in, running all week. Our Residence orientation programs help you connect with your new community and provide you with important information to set you up for success through your whole school year.
MEET YOUR MENTOR
Learn from award-winning professors that are committed to developing and supporting the next generation of free thinkers and innovators. Then work alongside them in their research labs or participate in their field studies.

RENOWMED FACILITIES
We are home to some of Canada’s, and the world’s, most advanced research resources — like studying over 10,000 years of climate change in the Canadian Ice Core Lab, or creating smart bionic limbs in our artificial intelligence labs.

THE TIME IS NOW
Participate in groundbreaking research in your first year of study with the Undergraduate Research Initiative (URI). Get hands-on experience with fieldwork, or lead the way with self-directed summer projects. uab.ca/URI

Then celebrate remarkable work at the Festival of Undergraduate Research and Creative Activities (FURCA). Whether you are focused on the impact of the opioid crisis on communities or you are looking for ways to eliminate the use of fossil fuels — FURCA is the place to present and discover! uab.ca/furca

#81 IN THE WORLD FOR RESEARCH IMPACT
400+ RESEARCH LABORATORIES
#2 LARGEST RESEARCH LIBRARY IN CANADA

400+ STUDENT CLUBS
78 NATIONAL CHAMPIONSHIPS
10,000+ INTRAMURAL PARTICIPANTS EACH YEAR

AN ENRICHED EXPERIENCE FOR THE ACTIVE AND INVOLVED.

WOW
Week of Welcome (WoW) is the best way to start off on the right foot and get involved. It’s a week of orientations, concerts, and a club fair where you find people that share your passion, with groups like:
• International student associations
• Dance and cultural clubs
• Hide and Seek
• Powerlifting
• Sci Fi

For a full listing of student groups and clubs go to uab.ca/sg

GO GREEN AND GOLD
When we aren’t cheering on our varsity teams to win another championship, you can find us seeking out events that are unique to this campus, like:
• Green and Gold Day (a celebration of the University)
• Bar None Week (rural and agricultural events)
• Campus Cup (intramural sports championship)
• AntiFreeze (warm up in winter!)
• International Week (global issues, global awareness)
• Round Dance and TAWOW (Canadian indigenous culture)

SPORTS AND FITNESS
Swimming, weight lifting, running, climbing, ice hockey, soccer, volleyball, and basketball - if you can think of a sport, there’s a good chance UAlberta has facilities or clubs to do it with:
• Outdoors club
• Cricket
• Soccer and Futsal
• Badminton
• Table Tennis
• Fencing
• Rugby

Join thousands of other UAlberta students in intramural sports - a fun and competitive way to make friends and stay fit!

CAMPUS LIFE

PUSH THE BOUNDARIES OF KNOWLEDGE. BUILD A BETTER FUTURE.

CO-OP PROGRAMS AND WORK EXPERIENCE

Many faculties and programs at UAlberta offer paid co-op programs or work experience placements - letting you obtain practical experience while you earn credit towards your degree.

UAlberta co-op and work placement partners include businesses ranging in size from five to 50,000+ employees, government at all levels, research laboratories, and non-governmental organizations.

Participating in co-op work programs, work experience placements, or academic internships has been shown to make graduates more attractive to employers, and to receive higher starting salaries!

A CANADIAN CAREER AFTER GRADUATION

After you graduate from UAlberta, you may be eligible to stay and work in Canada for up to three years with the Post Graduation Work Permit. Living and working in Canada provides opportunities to apply for Permanent Residency.

UAlberta’s International Student Service offers support with pathways to Canadian permanent residency. Learn more at uab.ca/iss

GET A HEAD START ON YOUR CAREER

UAlberta is the right choice for the career-minded. Top graduate employment rankings, co-op work placements and academic internships, plus support from the Career Centre mean that studying here will give you a head start on your career. After you graduate, the Post Graduation Work Permit will let you stay and work in Canada for up to three years!

RECOGNIZED FOR POST-GRADUATION EMPLOYMENT IN CANADA

It’s important to think about what comes after graduation. If your focus is on a rewarding career, choose a university that can get you there. UAlberta is ranked second in Canada and in the global top 100 for post-graduation employment outcomes, according to the 2020 QS Graduate Employability Rankings. With job shadowing and career mentoring opportunities, as well as strong relationships with employers, UAlberta is the right choice for those focusing on your future career!

The UAlberta Career Centre supports all students and recent graduates with numerous programs to launch their career. Learn more about our career centre online at uab.ca/cc

TEC EDMONTON

A UAlberta-linked startup accelerator, at our central Edmonton campus.
HERE FOR YOUR SUCCESS

SUPPORTING YOU ON YOUR JOURNEY

The International Services Centre (ISC) is home to International Student Services, Education Abroad, Global Education and the Visiting Programs. International Student Services provides international students with the resources to help them adjust to life at UAlberta, and in Canada.

INTERNATIONAL STUDENT SERVICES

Coming to Canada to study at UAlberta will be an adventure, and with every adventure comes questions. Where will I go if I need advice? Will I meet other students on campus? What happens when I arrive at the airport in Edmonton? Our International Student Services team provides services, events, and programs that can help you accomplish your academic and personal goals. These international experts are ready to coach you towards a successful university experience.

Learn more at uab.ca/iss

GET RECOGNIZED

Global Education at UAlberta offers the Certificate in International Learning - and as an international student, you already fulfill one of the completion requirements! Learn more at uab.ca/cil

STUDY ABROAD OR WITHIN CANADA.

Study outside the classroom and earn credit toward your degree at the same time. From a few weeks in a field school to spending several semesters abroad, there are many possibilities to explore. uab.ca/goabroad

EXCHANGE

Take courses at a partner university for a semester or a full year. Change your scenery and attend the University of Wollongong in Australia, an ecologically designed campus in the foothills of the Mt. Keira rainforest, overlooking the Pacific Ocean.

INTERNSHIP

Choose a 4 to 8-month work placement with a private company, organization, or a research placement at a university. Conduct research in world-class laboratories in Aachen, Germany.

SUMMER PROGRAM

Select a short-term summer placement for a few weeks or 4 months. This could include coursework, internship, or fieldwork — like spending your summer studying land reclamation in Alberta, Canada.

FACULTY LED

Take a program led by a faculty, which could include a study tour, coursework and / or fieldwork — like completing a course in Classical Archaeology while you study ancient tombs at a field school in Thessaly, Greece.

GET RECOGNIZED

CUSTOMIZE YOUR DEGREE:
• Cooperative Co-op Education Program
• Minors and Certificate in the faculties of AESIS, Arts, Science, and Business

CUSTOMIZE YOUR DEGREE BY CHOOSING FROM THESE OPTIONS:
MAJOR OR MINOR
SPECIALIZATION OR HONORS
PRAC蒂CUM OR CO-OP EXPERIENCE

ENGINEERING
ualberta.ca/engineering | 780.492.1719 | enginfo@ualberta.ca

BACHELOR OF SCIENCE IN ENGINEERING
From the first day of Engineering is a powerful yet exciting year. Students then apply to a program and/or specialization to complete their degree.

PROGRAM OPTIONS (AFTER GENERAL FIRST YEAR):
CHEMICAL ENGINEERING
• Computer Process Control
• Oil Sands Elective stream

CIVIL & ENVIRONMENTAL ENGINEERING
• Environmental Engineering Management

COMPUTER ENGINEERING
• Nanoscale System Design option
• Software option

ELECTRICAL ENGINEERING
• Nanoelectronics option

MATERIALS ENGINEERING
• Biomedical option

MECHANICAL ENGINEERING
• Biomedical option

PETROLEUM ENGINEERING
• General Sciences

MINING ENGINEERING
• Mathematics

OFF-CAMPUS PROGRAMS:
• Aboriginal Teacher Education Program (A-TEP)
• Collaborative (On-Campus Degree) (Red Deer, Grande Prairie, and Fort McMurray)

Petroleum Engineering may exceed two years. Please contact the faculty for more details.

BACHELOR OF ARTS
NATIVE STUDIES
UALBERTA

Graduate Studies & Research

The University of Alberta offers over 500 graduate programs in Masters and PhD-level studies. Learn more at ualberta.ca/graduate-studies
FUNDING YOUR FUTURE

SCHOLARSHIPS AND AWARDS

The University of Alberta awards $32 million each year in undergraduate scholarships, awards, and financial support to all kinds of students. Apply early to your program, so you can be assessed for awards. View all entrance awards at uab.ca/awards

ADMISSION-BASED

You could be starting with a scholarship you didn’t even have to apply for! Your eligibility is based on your admission average at the time of your admission offer.

Gold Standard Scholarship

The top 5% of students in each faculty could receive up to $6,000, CAD depending on admission average.

International Student Scholarship

Students with superior academics in high school may receive a scholarship up to $7,500 CAD.

Well-rounded leaders with superior achievement may be eligible for up to $9,000 CAD, payable over four years.

Scholarship International Entrance Leadership

University of Alberta Centenary Entrance Citation

Students with a superior admission average and demonstrated leadership qualities entering their first year of an undergraduate degree on a Student Visa Permit could receive up to $40,000 (payable over 4 years).

University of Alberta International Entrance Citation

Students with superior admission average and demonstrated leadership qualities entering their first year of an undergraduate degree on a Student Visa Permit could receive up to $40,000 (payable over 4 years).

University of Alberta Centenary Scholarship

Students with exceptional academic achievement may be eligible for up to $30,000 CAD over four years.

International Entrance Leadership Scholarship

Well-rounded leaders with superior academics may receive up to $7,500 CAD.

GUARANTEED TUITION

Your UAlberta tuition will not increase. As an international student at UAlberta you will know the total tuition for your program when you receive admission.

TUITION GUARANTEE DETAILS

- Your tuition guarantee only applies to the standard requirements, including electives, necessary to complete your program. It does not include any mandatory non-instructional fees or other costs such as the U-Pass, textbooks, residence fees, student associations, etc. It also does not include the cost for any courses you choose to take as extra or that need to be repeated due to withdrawal or failure.
- If you choose to take Spring/Summer courses, your total program tuition will remain the same however your annual total will increase for that year.
- Your tuition guarantee is set for the typical duration of your program plus one year. Typically programs are four years, therefore the guarantee would be in place for five years.
- Should you require a fifth year of study to complete your program requirements, you will not face additional tuition costs in that fifth year. If your remaining courses exceed your program requirements, you will pay per course. In either case, payment for mandatory non-instructional fees in the fifth year will be required. If you have outstanding program requirements to complete after five years you will be required to pay for those remaining courses, individually, at the current rate in that academic year.
- If you change programs at UAlberta your original guarantee will no longer be valid, and you will receive a new guarantee for your new program.
- In the event of a discrepancy between the tuition amounts displayed in this publication and your University of Alberta Offer of Admission, the Offer of Admission shall be taken as correct.
- Read the full details of the guarantee at uab.ca/intcost

GUARANTEED TUITION RATES

- **AUGUST 1**
  - DEADLINE TO SUBMIT ADMISSION DOCUMENTS

READY TO APPLY?
Applying to University doesn’t have to be complicated — you can find answers to frequently asked questions, and access videos that will guide you through the application process at uab.ca/apply

1. **CHOSE YOUR PROGRAM(S)**
   Review our programs and identify your top two choices. Check the admission requirements for both programs. Selecting two program choices will give you the best chance of receiving an admission offer. It is recommended that your second choice program is in a different faculty than your first.
   uab.ca/programs

2. **SUBMIT YOUR APPLICATION**
   Start your application at uab.ca/iapply. You will need to report your completed grade 11 and 12 courses, and the grade 12 courses you are taking. You can also apply for residence on your application. After you submit your application you will receive a student ID and CCID that you can use to apply for scholarships.
   uab.ca/awards

3. **CHECK YOUR STATUS**
   After you apply you will have access to UAlberta Launchpad. Here you can check your application status, submit outstanding documents or new courses (when requested), and review any checklist items for your program. We will also assign you a UAlberta email address, where you will check for notifications or correspondence.
   uab.ca/aftapp

4. **ACCEPT YOUR OFFER**
   After you receive an admission offer, you will need to accept it and pay the tuition deposit.
   Log into Bear Tracks with your student ID and CCID to accept offers for scholarships and awards.
   uab.ca/iaccept

**EVALUATION**
Admission to UAlberta is competitive and works on a rolling basis — some students could receive an admission offer as early as October. Admission averages are calculated using the five required courses for your program of choice using the courses and final marks included on your application. Where final Grade 12 marks are unavailable, the final mark in the equivalent Grade 11 course will be used. Admission offers could be based on final Grade 11 marks, with proof of Grade 12 registration.

**AFTER YOU APPLY**
**OUTSTANDING DOCUMENTS**
Your UAlberta Launchpad will inform you should there be further documents to supply. You should submit these documents through Launchpad as soon as they become available.

**STUDY PERMIT**
In order to study in Canada, you will need a study permit. Application processing time can take three months or more. We encourage you to apply for your study permit well in advance of your program start date. You can use your letter of admission to start your study permit application. For complete information on immigration and application requirements, consult the Government of Canada website at www.cic.gc.ca
ENGLISH PROFICIENCY REQUIREMENT

All undergraduate applicants to English-speaking and bilingual programs need to demonstrate the required level of English language proficiency before admission, regardless of their citizenship status or country of origin. Learn more at uab.ca/engpro

HOW CAN YOU MEET THE ELP REQUIREMENT?

TOEFL (Test of English as a Foreign Language) When requesting TOEFL scores, see Institution Code: 063, Department Code: 83
TOEFL: Required level of English language proficiency before admission, regardless of their citizenship status.

IELTS (International English Language Testing System) At least 6.5 with no band less than 6.0

CAEL (Canadian Academic English Language Assessment) Either CAEL (paper) or CAEL CE (computer) At least 70, with no band less than 60

CarTEFL (Canadian Test of English for Scholars and Trainees) At least 6.5, with no part lower than 6

CCEL (Certificate in Canadian English Language) At least 180, with no less than 170 in each skill

CFE (Certificate of Proficiency in English, also known as Cambridge English: Proficiency) At least 180, with no less than 170 in each skill

PTE (Academic) ( Pearson Test of English Academic) At least 6.5, with no less than 6.0 in each communicative skill

Duolingo English Test At least 115, with no subscore less than 95

Spoken English Language Proficiency (required by some programs) If you select a program related to Health Sciences or Education, you will be required to meet the spoken English

English language testing, conducted by the Faculty of Extension, may be required to confirm English language proficiency.

The University of Alberta reserves the right to use discretion in determining adequate levels of language proficiency to ensure success in academic programs. In some cases, additional
