

MBA / MEng Degree

MBA/MEng Combined Program Requirements

- if degree department in Engineering is **Chemical and Materials Engineering, or Civil and Environmental Engineering or the School of Mining and Petroleum Engineering (72 credits)**
 - if degree department in Engineering is **Electrical and Computer Engineering or Mechanical Engineering (66 credits)**
- 1) **MBA CORE** (30 credits)
 - SMO 652
 - BUS 501 (*0)
 - BUS 505
 - BUS 504 (*0) – full-time students only
 - ACCTG 501
 - ACCTG 523
 - BUEC 503
 - FIN 501
 - MARK 502
 - MGTSC 501
 - SMO 500
 - One 3-credit MBA core elective which is chosen from:
 - BUEC 542 or OM 502 or SMO 502
 - 2) **MBA Capstone Course** (3 credits):
 - SMO 641 (Business Strategy)
 - 3) **MBA Elective Courses** (12 credits):
 - Four 3-credit MBA electives
 - 4) **Engineering Courses** (15 credits OR 21 credits):
 - if degree department within the Faculty of Engineering is Mechanical or Electrical Engineering - **five** 3-credit graduate engineering courses (excluding engineering management courses) (15 credits minimum)
 - OR**
 - if degree department within the Faculty of Engineering is neither of the above - **seven** 3-credit graduate engineering courses (21 credits minimum)
 - 5) **Engineering Project (*capping exercise*;** 6 credits)
 - one engineering project (with a significant business-related component) equivalent to two 3-credit courses -*project must be co-supervised by a professor from the School of Business and a professor from the degree department within the Faculty of Engineering*
 - 6) **ENGG 600 Engineering Ethics and Integrity**

NOTE: Students are expected to have their course selections and program of study approved by both the MBA Office and the degree department in the Faculty of Engineering
