Rachel Mandel Scholarship in Lymphoma and Other Blood Cancers

In memory of Dr. Rachel Mandel, this scholarship will be awarded to a graduate student pursuing an innovative research project that strives to generate new ideas about the diagnosis, treatment and/or prevention of lymphoma or other blood cancers.

Eligibility:
- The student must be conducting research on lymphoma or other blood cancers
- The award does not limit an applicant’s field of study; work in blood cancers could touch on areas as diverse as oncology, hematology, pathology, pharmacology, genetics or molecular imaging
- Student and supervisor must be members of CRINA
- Scholarships can be held with other awards as long as the total amount of the student’s awards does not exceed $28,000

Value & Duration:
$20,000 per year for two years, 2 studentships available

Application Instructions:
Please use the online submission form to submit:
1. A complete CV
2. CV(s) for supervisor(s)
3. Research summary: 2 page summary with title (Font: Arial 12). The two-page limit does not include figures and references.
4. Lay summary: 0.5 page summary with title (Font: Arial 12)
5. Unofficial transcript and GPA: students should request that GPA from last 15 credits be sent from their department’s graduate program advisor directly to CRINA (crina@ualberta.ca)
6. Names of two faculty members who will provide reference letters (letters should be a maximum of 2 pages, and should be sent directly from the faculty member to crina@ualberta.ca)

Submission Deadline and Instructions:
Applications must be received by 4:00 pm MT on October 1, 2021.
