Resiliency means bouncing back
Resiliency is the ability to adapt to change and challenges through internal strengths and strong support networks.

The program had positive effects on children's self-esteem, drug resistance, external family support, and planning & decision making.

On average, facilitators go through 82 training hours before leading camp!

Transportation by bus, snacks & lunch provided!

Since 2013 380 kids have attended Life Skills Journey Summer Camp.

Buffalo Lake, Elizabeth
