---

**Resiliency means bouncing back**

We are resilient, all of us
- Facilitator

Resiliency is the ability to adapt to change and challenges through internal strengths and strong support networks.

---

**The program has positive effects on children’s self-esteem, drug resistance, external family support, and planning & decision making**

---

**Transportation**

By bus, snacks & lunch provided

---

**On average, facilitators complete 116 training hours before leading camp**

---
