MEDICINE GRAND ROUNDS
FRIDAY, OCTOBER 13, 2023
08:00 - 09:00

AI and Precision Health

Ross Mitchell, PhD
Professor
Division of General Internal Medicine

Objectives:
- Know how artificial neurons work and how they can be combined to solve complex problems
- Gain a basic understanding of the technology behind ChatGPT and how this can be applied to biomedical natural language processing, protein folding, drug discovery, and medical imaging
- Become familiar with several projects underway at the University of Alberta to leverage these technologies to improve health outcomes and reduce physician documentation efforts

JOIN US LIVE IN
2 - 191 CLINICAL SCIENCES BUILDING
If you are not able to attend in-person - Register to attend via Zoom.

THIS IS A HYBRID EVENT
