

Miya Turnbull & Shion Skye Carter

Artist Talk

Visual artist and mask maker Miya Turnbull (Halifax, NS) returns to Alberta, where she first began making masks over 30 years ago. Rooted in mask-making, her practice spans sculpture, photography, video and performance. She is best known for her ongoing series of life-like Photo-Masks; self-portraits that she alters, distorts and reconfigures to explore themes of identity, persona and transformation.

Dance artist Shion Skye Carter (Vancouver, BC) will then introduce her own practice, and together they will talk about their collaboration and their performance “Omote” (面), coming to Mile Zero Dance, Nov 6th + 7th, 2026.
