Fr. Galadza will analyze the wedding rite found in a sixteenth-century western Ukrainian euchology (trebnyk, or book of rites). Especially from the perspective of present-day usage, the rite is significantly different, with many fascinating features. This trebnyk is the first in a series of manuscripts that have been transcribed for the Slavonic-English Analytical Catalogue of Liturgical Manuscripts in Ukrainian Repositories (SEACLMUR), compiled by Fr. Galadza and supported by a major grant from the Social Sciences and Humanities Research Council of Canada.

The presentation will include colourful visuals.
