Dear Eric Hoste

Dear Antoine Schneider

***Re: Your application for ESICM project endorsement***

On behalf of the ESICM Research Committee, we would like to thank you for having submitted your project entitled “Acute Kidney Injury-Epidemiology in ICU patients 2 (The AKI-EPI 2 study)”, for ESICM endorsement.

Following the review and discussion by the endorsement group, we are happy to confirm the endorsement of your project by ESICM. Please note that the endorsement does not include any financial support, neither any eCRF and data management support. Should you need financial support, we encourage you to check our research grants opportunities for 2026 on <https://www.esicm.org/research/awards/>.

We will add a link under our endorsed research projects page. Any follow-up questions can be addressed to the ESICM Office [research@esicm.org](mailto:research@esicm.org) (Guy FRANCOIS).

You will be required to mention that it has been endorsed by ESICM on any publication arising from this project. We would like to stress again the obligation to first submit to ICM, the Society’s journal.

Best regards,

Yours sincerely,

John Laffey

Chair of the ESICM Research Committee
