Approval Expiry Date: February 24, 2026

Thank you for submitting an amendment request to the Health Research Ethics Board - Health Panel for delegated review. The following has been reviewed and approved on behalf of the committee:

- Additional Intensive Care Unit (ICU) sites across Alberta will be included in the study.
- The study sample size increased to 1100 patients to account for 100 patients/site at the 11 study sites
- Data will now be collected from patients' medical charts from between January 1, 2025 and December 31, 2025.

Note: Approval for an amendment does not change the original approval date.

Approval by the REB does not constitute authorization to initiate the conduct of this research. The Principal Investigator is responsible for ensuring required approvals from other involved organizations (e.g., Alberta Health Services, Covenant Health, community organizations, school boards) are obtained, before the research begins.

Sincerely,

Anthony S. Joyce, PhD.
 Chair, Health Research Ethics Board - Health Panel
