The Search for Life on Mars: NASA's Perseverance Rover Mission

CAB 239

Thursday March 26th, 2026

3:00pm - 4:00pm

Join the Institute for Space Science, Exploration, and Technology for our brand new seminar series. This month, "The Search for Life on Mars: NASA's Perseverance Rover Mission" by Professor Chris Herd, the Principal Director of ISSET, will explore cutting edge research from the ongoing Perseverance mission exploring the surface of Mars. Make some space for us in your afternoon, learn everything you've always wanted to know about the search for extraterrestrial life in our solar system, and meet the other far out members of the space exploration community at the U of A!
