HEALTH ETHICS SEMINAR

Missing Links in Mental Health: Lack of effective connection and communication

Dennis Anderson

Mental Health Advocate and former MLA and Cabinet Minister,
Legislative Assembly of Alberta

Friday, 16 September

12:00 - 13:00 MST/MDT

Dvorkin Centre (2G2.07 WMC), University of Alberta Hospital

Effective connections are lacking between mental health organizations, individuals, mental health programs and even family doctors. Furthermore, the constant use of social media, particularly by youth, is also breaking down “connections” that make mental health work. The shortage of effective mental health knowledge is contributing to an increase in mental illness statistics.
