After this year, I will have completed (fill in appropriate number of courses):_____ out of 3 required courses (502, 531, 532)_____ out of 1 course in my focal research area (e.g., an approved methods course, PSYCO 600* offered by someone other than supervisor, a Departmental course)_____ out of 2 courses in related areas (Departmental courses or PSYCO 600* with someone other than supervisor)_____
Supervisor_____
Associate Chair for Graduate Studies_____
Date

*PSYCO 600 may be taken only once to satisfy either the requirement for a course in the student's research focus or for one of the two courses in related areas.

Please consult the [Department of Psychology Graduate Policy Document](#) to be sure you understand and meet your program requirements.

Please note that completion of this form does not constitute registration and that it is the student's responsibility to ensure that course registration is completed on *Bear Tracks* before the registration deadline. See the Graduate Program Assistant for registration in any course closed to *Bear Tracks* registration.

All students must be registered in a total of 9 credits per term to maintain full-time status (course credits + thesis credits = 9). Indicate the required number of thesis credits (x) by registered in Thesis 90x. For example, Thesis 906 indicates 6 credits of thesis work. Students in the second year of their Masters program who have completed all course requirements may be eligible for Thesis 919, reduced tuition only fee. See the [FGSR Graduate Program Manual](#) or the Graduate Program Assistant for more details on thesis credits.
