Posting Date	06/02/2026, 03:49 PM
Apply Before	07/07/2026, 11:55 PM
Job Schedule	Full time
Locations	Edmonton, AB, Canada (On-site)
Category Type	Academic
Position Type	Canada Research Chair (CRC)

Skip to main content.

College/Administrative Portfolio	College of Health Sciences
Faculty/Department	Medicine + Dentistry

ABOUT THE JOB

Tier 1 nominations are open to current Faculty of Medicine & Dentistry tenured or tenure-track full professors or associate professors who are expected to be promoted to the full professor level within one or two years of the nomination. Tier 2 nominations are open to current Faculty of Medicine & Dentistry tenured or tenure-track assistant or associate professors (please see below for CRC Tier 2 Justification process). Please log in to verify your internal candidate status.

The Faculty of Medicine & Dentistry (FoMD) invites applications from current FoMD faculty members for two Tier 1 Canada Research Chairs (CRCs) and one Tier 2 Canada Research Chair (CRC).

The University of Alberta is committed to working for equity, diversity, inclusion, and access and to deepening and living out commitments to Indigenization and decolonization. The University of Alberta thus strives to remove barriers that some people in Canadian society and in postsecondary environments continue to experience and to build an accessible, equitable, and inclusive culture in support of the full participation of its diverse workforce. The CRC Program has identified four designated groups (FDGs): women and gender minorities; Indigenous Peoples; members of racialized minorities; and persons with disabilities. Additional information about the specific actions set out by the University of Alberta for the CRC Program can be found in the **University of Alberta CRC EDI Action Plan**. To support its commitments:

For the Tier 1 CRCs, the FoMD welcomes applications from all faculty members, however at least one of the Tier 1 CRC positions will be restricted to **qualified persons who self-identify as a member of the following group: women and gender minorities**.

For the Tier 2 CRC **the FoMD welcomes applications from all qualified persons who self-identify as a member of the following group: women and gender minorities**.

These CRCs are open to researchers working in all areas of health research across Pillars 1 to 4 (Biomedical Research; Clinical Research; Health Services Research; and/or Social, Cultural, Environmental and Population Health Research). Applications are particularly encouraged from faculty members working in areas aligned with one or more research centres and

Skip to main content.

institutes that are based in FoMD. This will help to ensure alignment with FoMD research priorities.

RESPONSIBILITIES

Tier 1 CRCs

Applicants for the Tier 1 CRCs will be outstanding and innovative world-class researchers whose accomplishments have made a major impact in their fields; be recognized internationally as leaders in their fields; have superior records of attracting and supervising graduate students and postdoctoral fellows (taking into account different practices in the relevant field or discipline) and; have a strong history of attracting research funding from the Canadian Institutes of Health Research or other prominent organizations; and be proposing an original, innovative research program of the highest quality.

Tier 2 CRC

The Tier 2 CRC will be an exceptional emerging health researcher who is, or has the potential to be, a national/international expert in their field. The successful candidate will be expected to lead an innovative and productive research program supported by peer-reviewed funding from the Canadian Institutes of Health Research or other prominent organizations (or with the potential for such support in the near future).

Successful candidates will hold a PhD, MD, MD/MSc, MD/PhD, or equivalent in health research.

QUALIFICATIONS

Tier 1 CRCs

Nominees for Tier 1 Chair positions must be full professors or associate professors who are expected to be promoted to the full professor level within one or two years of the nomination.

Tier 2 CRC

Tier 2 CRCs are intended for exceptional emerging researchers (i.e., candidates must have been an active researcher in their field for fewer than 10 years at the time of nomination). Applicants who are no more than 10 years from their first independent academic research appointment (and where career breaks exist, such as maternity, parental or extended sick leave, clinical training, etc.) may have their eligibility for a Tier 2 Chair assessed through the program's Tier 2 justification process. Please consult the University of Alberta CRC Coordinator, Glen Thomas (crcadmin@ualberta.ca) for more information. Full program information, including details on eligibility criteria and

Skip to main content.

acceptable leaves, can be found on the Canada Research Chairs website.

The University of Alberta recognizes the legitimate impact that leaves (e.g., parental leave, leave due to illness) can have on a candidate's record of research achievement and that these leaves will be taken into careful consideration during the assessment process.

Successful applicants will be nominated for a Tier 1 or Tier 2 Canada Research Chair, as applicable. Nominations are reviewed by the CRC Secretariat, and appointment as a Canada Research Chair is conditional upon their approval.

To Apply:

1. All applicants to this job posting are required to self-identify. Applicants will receive a questionnaire link from equity@ualberta.ca within 2-3 weeks of submitting their job applications. The survey will be sent to the email address that is listed on the application. Please be sure to check the spam box. Please do not forward the link as it is unique to the email address. For any questions or concerns, please contact equity@ualberta.ca.
    1. NB: The University of Alberta must collect self-identification data from all applicants as part of its participation in the CRC Program.
2. Submit a current and comprehensive CV and a two-page description of your recent, current and anticipated research activities for the next five years by clicking the "Apply Online" button below by July 15, 2026.

Questions about this competition should be sent electronically to vdradmin@ualberta.ca

Questions about the CRC Program can be directed to Glen Thomas, CRC Coordinator and Advisor, crcadmin@ualberta.ca.

Applicants who require an accessibility arrangement for their application, interview, and/or subsequent recruitment meetings can contact vdradmin@ualberta.ca to arrange appropriate accommodations.

ABOUT THE TEAM

The Faculty of Medicine & Dentistry is one of the world’s top academic health science centres. With 21 departments, multiple research institutes and centres, and a focus on excellence in education, research, and clinical care, the faculty trains outstanding medical and dental professionals and drives global health innovation in collaboration with partners across sectors.

ABOUT UNIVERSITY OF ALBERTA

The University of Alberta acknowledges that we are located on Treaty 6 territory, and respects the histories, languages and cultures of First Nations, Métis, Inuit and all FirstPeoples of Canada, whose presence continues to enrich our vibrant community.

The University of Alberta is a community of knowledge seekers, change makers and world shapers who lead with purpose each and every day. We are home to over 14,000 faculty and staff, more than 40,000 students and a growing community of 300,000 alumni worldwide.

Your work will have a meaningful influence on a fascinating cross-section of people - from our students and community members, to our renowned researchers and innovators, making discoveries and generating solutions that make the world healthier, safer, stronger and more just. Learn more.

This position requires that the incumbent be eligible to participate in government-funded research projects including active ability to receive federal research funds on behalf of the university. Individuals having an active affiliation with a Named Research Organization are ineligible to participate in government-funded research projects in Sensitive Technology Research Areas in Canada. Applicants must be able to meet all applicable research security requirements.

At the University of Alberta, we are committed to creating an inclusive and accessible hiring process for all candidates. If you require accommodations to participate in the interview process, please let us know at the time of booking your interview and we will make every effort to accommodate your needs.

We thank all applicants for their interest; however, only those individuals selected for an interview will be contacted.

All University employees have a responsibility to foster a workplace that prioritizes safety in all its forms - physical, cultural, and psychological. This is achieved by promoting a safe environment, adhering to all safety laws, policies and

procedures, completing all required safety training, identifying hazards and implementing controls, reporting incidents, and contributing to a culture of belonging and respect, while endeavoring to ensure that all colleagues feel valued and safe to express their thoughts, perspectives and concerns.

The University of Alberta is committed to creating a university community where everyone feels valued, barriers to success are removed, and thriving connections are fostered. We welcome applications from all qualified persons. We encourage women, First Nations, Métis and Inuit persons, members of visible minority groups, persons with disabilities, persons of any sexual orientation or gender identity and expression, and all those who may contribute to the further diversification of ideas and the University to apply.

L'Université de l'Alberta s'engage à créer une communauté universitaire où chaque personne se sent valorisée, où les obstacles à la réussite sont éliminés et où des connexions enrichissantes peuvent se développer. Nous accueillons les demandes de toutes les personnes qualifiées. Nous encourageons les femmes; Premières nations, Métis et Inuits; membres des groupes minoritaires visibles; personnes handicapées; personnes de toute orientation sexuelle ou identité et expression de genre; et toutes les personnes qui peuvent contribuer à la diversification des idées et à l'université à postuler.

College/Administrative Portfolio	College of Health Sciences
Faculty/Department	Rehabilitation Medicine

ABOUT THE JOB

Posting Date - October 21, 2026

Closing Date - December 2, 2026

The Faculty of Rehabilitation Medicine at the University of Alberta invites internal applications from current members of the Faculty for a Tier 2 Canada Research Chair in the area of Rehabilitation Science. This competition is restricted to current full-time tenure-track members of the Faculty of Rehabilitation Medicine. Interested candidates must have a PhD in Rehabilitation Sciences or a related field and currently be Assistant or Associate Professors.

RESPONSIBILITIES

The successful Chairholder will establish an innovative, high-impact research program supporting Faculty priorities in:

- Neuroscience and mental health
- Children's health and wellness
- Chronic disease prevention and management.

QUALIFICATIONS

We are seeking an emerging leader with a strong research trajectory who has demonstrated an outstanding record of research accomplishments, an externally funded, vibrant and growing program of research, and acknowledgement by peers as an emerging leader in Rehabilitation Sciences. The successful candidate must be dedicated to mentoring diverse trainees and scholars within their team. Recognizing that career paths vary and systemic barriers can affect output volume, the selection committee will evaluate candidates based on: 1) the quality, originality, and impact of their proposed program of research; 2) the impact and significance of research outputs, evaluated relative to discipline context and career opportunity; and 3) demonstrated leadership capacity, community engagement, and contributions to advancing equity, diversity, and inclusion through mentorship of research trainees. The University of Alberta recognizes the legitimate impact that leaves (e.g., parental leave, leave due to illness) can have on a candidate's record of research achievement and that these leaves will be taken into careful consideration during the assessment process.

Skip to main content.

Tier 2 Chairs are intended for exceptional emerging researchers (i.e., candidates must have had their first independent academic research-related appointment for fewer than 10 years at the time of nomination). Applicants who are more than 10 years from their first independent research-related appointment (and where career breaks exist, such as maternity, parental or extended sick leave, clinical training, etc.) may have their eligibility for a Tier 2 Chair assessed through the program's Tier 2 Justification Process. Please consult the University of Alberta CRC Coordinator, Glen Thomas (crcadmin@ualberta.ca) for more information. Full program information, including details on eligibility criteria, can be found on the Canada Research Chairs website: http://www.chairs-chaires.gc.ca/home-accueil-eng.aspx

The University of Alberta recognizes the legitimate impact that life circumstances such as disability, leaves (e.g., parental leave, leave due to illness), and other family and community responsibilities can have on a candidate's record of research achievement. These life circumstances will be taken into careful consideration during the assessment process.

The successful applicant will be nominated for a Tier 2 Canada Research Chair. Nominations are subject to review by the CRC Secretariat, and appointment as a Canada Research Chair is conditional upon their approval.

The closing date for applications is December 2, 2026. All qualified candidates are encouraged to apply; however, priority will be given to University of Alberta Employees. Only those applicants invited for an interview will be contacted.

To Apply

1. Applicants will receive a questionnaire link from equity@ualberta.ca 1-2 weeks after the job posting closing date. The survey will be sent to the email address that is listed on the application. Please be sure to check the spam box. Please do not forward the link as it is unique to the email address. For any questions or concerns, please contact equity@ualberta.ca.
2. Click "Apply Now" and submit the following documents:
    1. a current CV in a format of your preference,
    2. a two-page description of the proposed research program (references may be appended to the program overview),
    3. a two-page statement on Equity, Diversity, and Inclusivity (see here for guidance),
    4. a one-page description of proposed training strategies (e.g. graduate students and other trainees), and up to three reprints of recent research articles addressed to:

Dr. John Misiaszek
Associate Dean, Research
Faculty of Rehabilitation Medicine

Applicants who require an accessibility arrangement for their application, interview, and/or subsequent recruitment meetings can contact Nathalie Walker (nwalker@ualberta.ca) to arrange appropriate accommodations.

Posted: December 2, 2026

ABOUT THE TEAM

The Faculty of Rehabilitation Medicine is Canada's only free-standing faculty dedicated to rehabilitation. It offers accredited professional programs in Occupational Therapy, Physical Therapy, and Speech-Language Pathology, along with a substantial research and continuing education portfolio. With campuses in Edmonton, Calgary, and Camrose, the faculty serves approximately 1,000 graduate students and is a national leader in advancing rehabilitation practice and outcomes.

ABOUT UNIVERSITY OF ALBERTA

The University of Alberta, its buildings, labs and research stations are primarily located on the territory of Néhiyaw (Cree), Niitsitapi (Blackfoot), Métis, Nakoda (Stoney), Dene, Haudenosaunee (Iroquois) and Anishinaabe (Ojibway/Saulteaux), lands that are now known as part of Treaties 6, 7 and 8 and homeland of the Métis. The University of Alberta respects the sovereignty, lands, histories, languages, knowledge systems and cultures of all First Nations, Métis, and Inuit.

The University of Alberta is a community of knowledge seekers, change makers and world shapers who lead with purpose each and every day. We are home to over 14,000 faculty and staff, more than 40,000 students and a growing community of 300,000 alumni worldwide.

Job Schedule	Full time
Category Type	Academic
Position Type	Canada Research Chair (CRC)
College/Administrative Portfolio	College of Health Sciences
Faculty/Department	Pharmacy + Pharmaceutical Sciences

ABOUT THE JOB

Skip to main content.

Posting Date: October 22, 2026

Closing Date: December 3, 2026

The Faculty of Pharmacy and Pharmaceutical Sciences (FPPS) invites applications from current FPPS employees who hold a tenured or tenure-track position at the Assistant Professor or Associate Professor rank for a Tier 2 Canada Research Chair (CRC).

This internal opportunity reflects the Faculty's commitment to advancing research excellence by supporting an exceptional emerging researcher in developing an internationally recognized program of research. Through the Canada Research Chairs Program, the Faculty seeks to strengthen its research capacity, foster innovation, and build on its existing strengths across the spectrum of health research.
This Faculty welcomes applications from researchers working in all four Canadian Institutes of Health Research (CIHR) pillars of health research (Biomedical Research; Clinical Research; Health Services Research; and/or Social, Cultural, Environmental and Population Health Research). Particular interest exists in research aligned with the Faculty’s strategic strengths in Drug Discovery and Development and Health Services Research; however, outstanding applicants from all areas of health research will be considered.

RESPONSIBILITIES

The successful candidate will be an exceptional emerging researcher who is, or demonstrates the potential to become, a nationally and internationally recognized leader in their field. The Chair will establish and lead an innovative and impactful research program that complements the Faculty's strategic research priorities and is supported by competitive peer-reviewed funding, including funding from the CIHR or other prominent funding agencies (or with the potential for such support in the near future).

The successful candidate will be expected to:

- lead an innovative and productive program of research with the potential to achieve international recognition;
- secure and maintain competitive external research funding;
- publish a sustained body of scholarly work in high-quality peer-reviewed journals appropriate to their discipline;
- foster interdisciplinary collaboration within the Faculty, across the University, and with external partners;

Skip to main content.

- supervise and mentor graduate students and trainees; and
- contribute to the Faculty's research environment through academic leadership and service.

QUALIFICATIONS

The successful candidate will:

- Currently hold a tenured or tenure-track appointment at the Assistant Professor or Associate Professor rank within the Faculty of Pharmacy and Pharmaceutical Sciences;
- Hold a PhD, PharmD, PharmD/MSc, PharmD/PhD, or equivalent doctoral qualification in a relevant health research discipline. A PhD is a requirement of the faculty and not of the Canada Research Chairs Program.
- Demonstrate an established record of scholarly productivity appropriate to their career stage;
- Demonstrate success, or strong potential for success, in obtaining competitive peer-reviewed research funding;
- Demonstrate the ability to develop and lead collaborative research initiatives; and
- Demonstrate excellence in communication and mentorship.

Hiring preference will be given to candidates who have received a minimum of two years of postdoctoral training.

CRC Requirements

Tier 2 CRCs are intended for exceptional emerging researchers (i.e., candidates must have had their first independent active research-related appointment for fewer than 10 years at the time of nomination). Applicants who are more than 10 years from their first independent academic research-related appointment (and where career breaks exist, such as maternity, parental or extended sick leave, clinical training, etc.) may have their eligibility for a Tier 2 Chair assessed through the program's Tier 2 justification process. Please consult the University of Alberta CRC Coordinator, Glen Thomas (crcadmin@ualberta.ca) for more information. Full program information, including details on eligibility criteria and acceptable leaves, can be found on the Canada Research Chairs website: http://www.chairs-chaires.gc.ca/home-accueil-eng.aspx

NB: The CRC Program does not require a PhD (and the stipulations of a PhD is a requirement of the faculty only).

Skip to main content.

The University of Alberta recognizes the legitimate impact that leaves (e.g., parental leave, leave due to illness) can have on a candidate's record of research achievement and that these leaves will be taken into careful consideration during the assessment process.

The successful applicant will have a demonstrated ability to conduct and lead original, innovative research working in a collaborative team environment, and will possess excellent communication skills.

Please consult the Canada Research Chairs website for full program information, including further details on eligibility criteria.

The successful applicant will be nominated for a Tier 2 Canada Research Chair. Nominations are subject to review by the CRC Secretariat, and appointment as a Canada Research Chair is conditional upon their approval.

To Apply

1. Applicants will receive a questionnaire link from equity@ualberta.ca 1-2 weeks after the job posting closing date. The survey will be sent to the email address that is listed on the application. Please be sure to check the spam box. Please do not forward the link as it is unique to the email address. For any questions or concerns, please contact equity@ualberta.ca.
    1. NB: The University of Alberta must collect self-identification data from all applicants as part of its participation in the CRC Program. This data is used to ensure that the institution is progressing towards meeting its EDI targets as set by Ottawa.
2. Submit a current CV, including an up to two-page description of the proposed CRC research program by clicking the "Apply Online" button below by December 2, 2026.

Questions about this competition should be sent electronically to Afsaneh Lavasanifar, Associate Dean Research and Graduate Studies, afsaneh@ualberta.ca.

Questions about the CRC Program can be directed to Glen Thomas, CRC Coordinator and Advisor, crcadmin@ualberta.ca.

Applicants who require an accessibility arrangement for their application, interview, and/or subsequent recruitment

Skip to main content.

meetings can contact Christine Rimell at christine.rimell@ualberta.ca to arrange appropriate accommodations.

The terms and conditions of this appointment are governed by Schedule A of the collective agreement between the Board of Governors of the University of Alberta and the Association of Academic Staff of the University of Alberta.

This role is subject to the Tri-Agency Policy on Indigenous Citizenship and Membership Affirmation, which includes a two-stage affirmation process. Should you affirm your First Nation, Métis, or Inuit citizenship or membership, you will be required to participate in a document verification process and asked to submit supporting documentation confirming citizenship, membership, or the right to be registered as such in an Indigenous collective in Canada, prior to nomination if you are deemed meritorious for the opportunity. Such an affirmation is optional and not a prerequisite for consideration for this opportunity.

Posting Date: October 22, 2026

ABOUT THE TEAM

The Faculty of Pharmacy and Pharmaceutical Sciences offers one of Canada's top-ranked PharmD programs, along with a suite of postgraduate opportunities. Serving approximately 650 students annually, the faculty integrates research, teaching, and clinical practice to prepare future pharmacists and pharmaceutical scientists for leadership in healthcare and drug development.
