

## **Volunteer Opportunities for Criminology Students**

If you are thinking about applying to the Criminology field placement stream or are a course-based student looking for opportunities in the community, check out this document! We have compiled a list of organizations that offer volunteer opportunities to students. To learn more about each organization, visit their websites and contact them to inquire about volunteer availability if they are of interest to you! This list is to help you and the community. If you know of any other organizations in Edmonton and the surrounding area that provide volunteer opportunities, who are not yet identified on this list, please contact [criminology@ualberta.ca](mailto:criminology@ualberta.ca) to have them added.
