To our members of the TSC Community...

At The Steadward Centre (TSC), we are striving to increase the accessibility of our information to reduce barriers and increase opportunity for people to participate in Adapted Physical Activity. One of the ways we do this is by striving to have our electronic information accessible to screen-reader software. We would like to acknowledge that this particular document is not screen-reader friendly. We continue to explore options to improve this in the future but for now we wanted to recognize we have not met this objective yet.

If you have questions about programming options at TSC, please reach out to us at 780-492-8339 or infotsc@ualberta.ca and someone will be able to connect with you for options on how to learn more about our specific programming options for the upcoming term.

Thank you for your continued interest in TSC.

Description: The Steadward Bears Para Swimming Program engages athletes experiencing disability to develop competitive swimming skills across the para sport pathway, from grassroots to competitive. With the support of qualified coaches, knowledgeable volunteers and Adapted Physical Activity Consultants, we develop practices that focus on stroke-specific skills for athletes. The Steadward Bears support athletes who are new to the sport of swimming as well as those with aspirations to compete at provincial and national levels.

The Competitive Para Swim group is for swimmers looking to develop stronger swimming skills, and build endurance and strength, as well as those who are looking for a training environment that may include participating in swimming competitions. Training four times a week, swimmers will be able to challenge their abilities and work towards individual goals, whether they are to compete regionally, provincially, nationally, or to swim for fitness and health.

Not sure which swim program is for you? Please contact Coach Mathew at tscpswim@ualberta.ca for further information to determine which program is a good fit.
