

Dr. Laleh Behjat grew up in Iran, and completed her Bachelor of Science at the University of Tehran. A distinguished professor in the Department of Electrical and Software Engineering at the University of Calgary and NSERC Chair for Women in Science and Engineering, Dr. Behjat's research advances the design of computer circuits utilizing techniques in mathematics and software. She is a dedicated advocate for promoting inclusivity and diversity in STEM careers, empowering students of all ages as they navigate their interests in the sciences.
