M. Eng. Course Plan

Student Name: ___________________________ ID#: ___________________________
E-mail: ___________________________ Program Start Date: ___________________________
Specialization: ___________________________ Full-Time or Part-time (delete one)

MEng Course Selection Rules:

• Of your 8 (500 or 600 level) courses, 4 courses MUST be in your specialization (e.g. Energy Systems, Control Systems…).
• You MUST also take Eng G 600 and ECE 910. They do not count toward your course requirement.
• Your courses MAY include up to two technical courses from other departments (Engineering or Science) if they are related to your area.
• Your selection also MAY include up to two Eng M (engineering management) courses. See https://www.ualberta.ca/mechanical-engineering/graduate-studies
• You MAY NOT take 400 level or Reading courses - only classroom courses. Some 700-level courses may be eligible.
• If you have been approved part-time registration you MUST have at least one term with 3 regular courses (University requirement of full-time is 9 units of course load).
• Course timetable: https://www.ualberta.ca/electrical-computer-engineering/graduate-studies/current-student-resources/graduate-level-courses Check for recent changes to the timetable.
