**Executive Summary (outline the specific item – and remember your audience)**

These are editorial changes to department calendar entries to reflect two changes to FGSR minimum English Language Proficiency requirements that have been approved in the last year:

1. Raise the minimum internet-based TOEFL score to 90, and raise the minimum band score to 21; add a minimum MELAB band score of 80, and a minimum score of 3 on the speaking component; raise the minimum CAEL overall score to 70; raise the minimum Pearson overall score to 61 and add a minimum band score of 60; all for **implementation for Fall 2020 admissions** with the provision that students already admitted under the previous scores be grandparented through, and to be published in the 2020-2021 Calendar, approved:
   - FGSR Council March 20, 2019
   - GFC Academic Standards Committee (recommendation) April 18, 2019
   - GFC Academic Planning Committee (recommendation) May 8, 2019
   - GFC September 23, 2019

2. Increase to the IELTS minimum band score from 5.5 to 6.0, for **implementation for Fall 2021 admissions** and to be published in the 2020-2021 calendar, approved:
   - FGSR Council October 16, 2019
   - GFC Academic Standards Committee (recommendation) November 21 2019
   - GFC January 27, 2020

Additional editorial changes are being made to the FGSR admissions section as well as department calendar entries to remove all reference to paper-based TOEFL and computer-based TOEFL (neither are available any longer) and to remove all reference to MELAB (not available after June 2020).

Sociology [Graduate]

Entrance Requirements

Where applicable (refer to English Language Requirement), applicants require a TOEFL score of 100 (Internet-based) or 600 (paper-based) or higher to be considered for admission.

Justification:

These are editorial changes to department calendar entries to reflect two changes to FGSR minimum English Language Proficiency requirements that have been approved in the last year:

1. Raise the minimum internet-based TOEFL score to 90, and raise the minimum band score to 21; add a minimum MELAB band score of 80, and a minimum score of 3 on the speaking component; raise the minimum CAEL overall score to 70; raise the minimum Pearson overall score to 61 and add a minimum band score of 60; all for implementation for Fall 2020 admissions with the provision that
students already admitted under the previous scores be grandparented through, and to be published in the 2020-2021 Calendar, approved:
• FGSR Council March 20, 2019
• GFC Academic Standards Committee (recommendation) April 18, 2019
• GFC Academic Planning Committee (recommendation) May 8, 2019
• GFC September 23, 2019

2. Increase to the IELTS minimum band score from 5.5 to 6.0, for implementation for Fall 2021 admissions and to be published in the 2020-2021 calendar, approved:
• FGSR Council October 16, 2019
• GFC Academic Standards Committee (recommendation) November 21 2019
• GFC January 27, 2020

Additional editorial changes are being made to remove all reference to paper based TOEFL and computer-based TOEFL (neither are available any longer) and to remove all reference to MELAB (not available after June 2020).

<tr>
<td>The Purpose of the Proposal is (please be specific)</td>
<td>The proposal is before the committee because ALES would like to attract high-quality students to the BSc in Agricultural/Food Business Management, BSc in Fashion Business Management, and BSc in Forest Business Management. Direct entry allows recruiters to more effectively market these programs as part of the comprehensive high school recruitment activities undertaken by the Faculty and the Registrar’s Office. This change is being proposed to facilitate recruitment into the ALES business management programs, and is being done in concert with a similar initiative for the Bachelor of Commerce program in the School of Business.</td>
</tr>
</tbody>
</table>

Executive Summary (outline the specific item – and remember your audience)

What is the strategic impact of the proposal?

- To attract high-quality students into the BSc in Agricultural/Food Business Management, BSc in Fashion Business Management, and BSc in Forest Business Management.
- To increase the number of domestic students in these programs through active recruitment in Alberta high schools.
- To better serve students by allowing them to begin in their program of choice rather than having to transfer.
- The proposal will have minimal impact administratively, as ALES is predominantly a direct entry Faculty, the affected programs require *120 credits, and the number of students will be small (5-6 additional students per year).
- Currently, new students predominantly transfer from within ALES or as external postsecondary transfer students, so enrolment in other Faculties will not be affected.

What problems/opportunities will it address?

- The joint business management programs have experienced chronic under-enrollment (i.e., below the current total quota of 75 students).
- The ratio of international students to domestic students is also high (2 to 1).
**Item No. 6**

- The change will allow an additional 5 or 6 domestic students to be admitted each year, bringing the program closer to capacity.
- The School of Business is in the process of moving the Bachelor of Commerce program to direct entry. ALES Business Management programs, which are jointly offered with the School of Business, should logically move to direct entry as well.

*Explain the alignment with the core risk area identified and include a brief summary of the associated risk(s) for each decision item*

- Enrolment Management goals of increasing domestic student participation in the relevant programs will be facilitated by the proposal. The risk associated with the proposal would be possible over enrolment. ALES would carefully manage admissions to ensure that the quota of 75 students agreed to with the School of Business would not be exceeded.

*What are the financial implications (costs and funding sources)?*
- None

*What are the next steps?*
- ALES Student Services will work with the Office of the Registrar to update information for prospective students.

**Proposed by:** Sven Anders, Chair Business Management Program Committee

**Rationale for Change:** This is a proposal to change admission requirements for ALES’ joint business management programs to allow direct entry from high school. This change is being proposed to facilitate recruitment into the business management programs, and is being done in concert with a similar initiative for the Bachelor of Commerce program in the School of Business.

**Detailed Rationale:** The joint business management programs have experienced chronic under-enrollment (i.e., below the current total quota of 75 students). One hypothesis for this situation is the lack of ability to do a good job of incorporating these programs into Faculty recruitment activities; specifically, high school students who may be interested in agricultural/fashion/food/forest business management are not able to apply for admission until after at least one year of post-secondary studies. One of the recommendations of the Undergraduate Programs Review Taskforce (2014) was to move to direct entry for these programs. The reason for bringing this forward now is that the School of Business is currently moving to direct entry for its B.Comm. program, citing similar reasons in terms of improved recruitment and attraction of talented students nationally.

**Documentation of Approval/Consultation:** As outlined in the the GES.
Date: October 10, 2019

To: Scott Jeffrey
   Associate Dean (Academic)
   Faculty of Agricultural Life and Environmental Sciences (ALES)

Re: Letter of Support for Proposed Direct Entry to Joint Business Management Programs

Dear Scott,

I am writing to express support from the Alberta School of Business for your proposed introduction of direct entry from High School into the BSc in Agricultural/Food Business Management, BSc in Fashion Business Management, and BSc in Forest Business Management programs. As a member of the Business Management Program Committee at ALES, I have participated in the development of the proposal from the start and I have received regular updates as the proposal moved forward. I also informed Dean Joseph Doucet and Vice Dean Murray about the Faculty of Agricultural Life and Environmental Sciences’s planned changes to its admission process and they are both supportive of your plans.

The BCom program at the Alberta School of Business faces its own recruitment challenges due to our lack of direct entry and we also plan to start admitting students directly from high school. I agree that direct entry will help ALES attract high-quality domestic students into our joint programs and I think it is logical that our two faculties implement the proposed change to admissions at the same time. I value the strong relationship between the Alberta School of Business and the Faculty of Agricultural Life and Environmental Sciences, and I am looking forward to working together in the future.

Sincerely,

András Marosi

Agenda Title | Proposed Name Change and Suspensions of Majors in the Bachelor of Music Program, and Associated Substantive Program Changes, Augustana Faculty
---|---

**Motion I:**
THAT the GFC Academic Standards Committee recommend that the GFC Academic Planning Committee approve the proposal to rename the ‘Bachelor of Music Comprehensive major’ offered through Augustana Faculty to the ‘Bachelor of Music Performance-Based Pedagogy major’, as set forth in Attachment 1, to take effect for Fall 2021.

**Motion II:**
THAT the GFC Academic Standards Committee recommend that the GFC Academic Planning Committee recommend the suspension of admissions to the Bachelor of Music in ‘Piano’ and ‘Voice’ majors, as submitted by Augustana Faculty and as set forth in Attachment 2, to take effect for Fall 2021.

**Motion III:**
THAT the GFC Academic Standards Committee recommend that the GFC Academic Planning Committee approve the proposed program changes to the Bachelor of Music program in the Augustana Faculty, as set forth in Attachment 3, to take effect for Fall 2021.

</tr>
</tbody>
</table>

**Executive Summary (outline the specific item – and remember your audience)**

**Name Change**
The current ‘Comprehensive’ major will be renamed to ‘Performance-Based Pedagogy’ major, which will offer a rigorous set of Core music requirements and the opportunity to focus in one of four specialized streams of study – Comprehensive, Conducting, Keyboard, or Voice. Upheld by the widely accepted standard synonymous with a BMus professional degree, the proposed name change to Performance-Based Pedagogy program will build on strengths of Augustana’s reputation and current faculty.

**Suspensions of remaining BMus majors**
The BMus program will be streamlined by the suspension of the two remaining BMus majors in Piano and Voice, with both of these continuing as streams within the Performance-Based Pedagogy major.

**Substantive program changes**
The BMus program will undergo significant program changes, particularly in respect to enhancing the pedagogical elements of the degree, and enabling BMus students to fully participate in the new Augustana project-based Core. This includes increased ensemble participation, including opportunities to work with the Augustana Conservatory community music programs as well as the new ‘Sing-Able’ multigenerational inclusion choir, a diverse community ensemble, including those with disabilities and exceptionalities and their caregivers. Participation in the new Augustana Core will offer further practicum, community outreach, and experiential project-based learning opportunities. The new Music Education courses required in the program will also include elements of Indigenous perspectives in response to the TRC Calls for Action.

1.2 Proposed New Name (Answer the following questions)

1.2.1 Specify the new name that is being proposed.
Performance-Based Pedagogy

1.2.2 Specify if the new name is for a program or a specialization within a program?
- ☐ Program
- ☒ Specialization

1.3 Rationale for Proposed New Name (Answer the following questions)

1.3.1 Describe the rationale for the proposed name change.
Upheld by the widely accepted standards synonymous with a Bachelor of Music degree, the proposed name change of the Comprehensive specialization to Performance-Based Pedagogy will build on strengths of Augustana Faculty’s reputation and current faculty. The Performance-Based Pedagogy specialization will include second-level specialization options in Vocal, Keyboard, Conducting and Comprehensive music education. In combination with study and practicum teaching within the UofA Augustana Conservatory, this specialization will provide opportunity to develop and inspire adaptable and dynamic musician-educators. Aligned with practices and programs at liberal arts institutions in the USA and Canada, this undergraduate progra, in Performance-Based Pedagogy will be unique in Canada and facilitate the broad exploration of clearly defined career pathways in performance, music education, music therapy, arts administration, and musicology.
The proposal to rename the Comprehensive specialization as Performance-Based Pedagogy within the Augustana BMus program was driven by a number of factors, including:

a) innovation and distinction—the current curriculum has not changed significantly since its inception in 2000
b) curriculum redesign at department and faculty levels
c) personnel changes
d) budgetary pressures
e) the reality that the vast majority of our music program performance graduates will also work in a teaching capacity
f) adaptation to the changing political and educational landscape that may necessitate future music graduates to fill potential voids (private conservatory teaching) left by future public school education music program reductions

These revisions intend to achieve the following objectives:

a) maintain quality instruction and standards synonymous with a BMus professional degree within a shifting pedagogical and financial climate
b) modify non-music credit requirements to enable BMus students to fully participate in the new Augustana project-based Core, offering further practicum, community outreach, and experiential learning opportunities
c) facilitate the role of Music within the new Bachelor of Arts Interdisciplinary Studies Creativity & Culture program in Augustana Faculty
d) streamline the current roster of courses, making course offerings more efficient through amended perquisite structures and optimizing course appeal by embracing a more interdisciplinary focus where possible. This includes increased ensemble participation, including opportunities to work with the Augustana Conservatory community music programs as well as the new ‘Sing-Able’ multigenerational inclusion choir, a diverse community ensemble including those with disabilities and exceptionalities and their care-givers.

Augustana believes that renaming Comprehensive as Performance-Based Pedagogy will offer an exciting balance between musical theory and creative artistry as well as practical experience and pedagogical skills that greatly broaden the career pathways and community desirability of graduates from the Augustana BMus program.

1.3.2 Is comparable nomenclature used for similar programs/specializations offered across Campus Alberta and, where relevant, in other jurisdictions?

While there are several institutions in Campus Alberta that offer a Bachelor of Music program, renaming the Comprehensive specialization as the Performance-Based Pedagogy major will make it a distinct offering.
2.1 Impact on Learners (Answer the following questions)

2.1.1 Were students consulted regarding this proposed name change? If so, what was the feedback received as a result of this consultation?

Current students registered in Music programs at Augustana have been regularly included in the discussions regarding the proposed changes, including the name change, with responses generally being understanding of the need for change and excited about the new possibilities. The name change proposal went through several levels of review and discussion at Augustana, with student representatives having both voice and vote in the process.

2.1.2 Describe benefits for students of proposed new name.

The proposed name change to the Comprehensive specialization to the Performance-Based Pedagogy specialization will continue to provide students with the opportunity to develop their musical skills and theoretical foundations at a level that will enable them to capably seek performance opportunities upon graduation, but will also provide a strong pedagogical and practicum skillset that will compliment performance abilities to offer much wider pathways to future career success and community engagement.

2.1.3 Describe plans to accommodate:

a) active students who may wish to graduate with the established credential; and

b) previous graduates who may request to exchange their parchment for one with the new program or specialization name.

a) Many of the elements of the current Bachelor of Music program will continue as requirements in the proposed substantive changes to the Comprehensive program to be renamed as the Performance-Based Pedagogy specialization, meaning there will be little difficulty in accommodating students who are already enrolled in the BMus at Augustana who desire to graduate in their current program.

b) The name change to the specialization does not have an impact on the requirements and skills that were completed by previous graduates.

2.2 Potential Risks (Identify the potential risks associated with implementing the name change, if any, and your institution’s risk mitigation strategies.)

No risks are anticipated. The Performance-Based Pedagogy specialization continues to meet the professional standards established by the Canadian University Music Society as mandated by the Campus Alberta Quality Council. The proposed changes
do not diminish the core elements of the current BMus program but rather enhance the opportunities to utilize the skills already acquired. As such, the risks are negligible.

2.3 Consultation/Collaboration (Answer the following questions)

2.3.1 Identify which stakeholder groups, if any, were consulted:

- Faculty
- Advisory committee
- Regulatory bodies/professional associations
- Employers
- Other (identify below)

Aside from a variety of faculty committees and Councils in Augustana Faculty (see Sec 3.1 below), the proposed change was also presented to the Music Department in the Faculty of Arts, and Music faculty members in the Faculty of Education and Faculté Saint Jean at the University of Alberta for feedback and to address any concerns about the proposal in general, and any impact it might have on their units. The proposal was also shared with the Music Department at the University of Calgary, and Choir Alberta.

2.3.2 Summarize feedback received including anticipated impacts on stakeholders.

See above in 2.3.1. Feedback from faculty at Augustana, governance units within Augustana Faculty and at the wider University of Alberta level, and from other University of Alberta Faculties offering similar programs has been strongly supportive and encouraging of the proposal.

2.4 Communication (Describe how information about the name change will be communicated to students and applicants.)

Current students and applicants for the 2020-2021 academic year have already been informed of the proposal to change the name. Applicants for Fall 2021 admission will be informed of this change over the course of that recruitment and admission cycle by the appropriate units in Augustana Faculty.

The Augustana Fine Arts and Humanities Department is developing strategies to further market the change to this specialization. Faculty members in Music have already begun coordinating strategies and recruitment possibilities with the recruitment team at Augustana.

SECTION 3: INSTITUTIONAL AND REGULATORY APPROVAL/SUPPORT

3.1 Provide specific information about which internal governance body approved this proposed name change and the date of approval.
Augustana Faculty Department of Fine Arts and Humanities (November 8, 2019) (includes an undergraduate student voting representative)
Augustana Faculty Curriculum Committee (November 19, 2019) (includes undergraduate students comprising one-third of the voting membership)
Augustana Faculty Council (December 6, 2019) (includes five undergraduate representatives)
GFC ASC Subcommittee on Standards (for discussion): January 30, 2020
GFC Academic Standards Committee (for recommendation): February 13, 2020
GFC Academic Planning Committee (for name change and program revision approval; recommendation of suspensions): TBD

3.2 If applicable, describe authorization/endorsement(s) from relevant professional organizations, regulatory bodies, and/or advisory committees.

No concerns were expressed by any of the institutions or organizations contacted regarding this proposal (see 2.3.1). Endorsement and strong support was received from the University of Alberta Faculty of Arts - Department of Music, the University of Calgary Department of Music, and Choir Albera.

SECTION A: PROGRAM SUSPENSION

SECTION 1: RATIONALE

1.1 Identify the purpose for the suspension with supporting rationale and evidence (e.g., low student demand, declining labour market demand, institutional capacity, need for program redevelopment, quality assurance review recommendation, etc.).

Augustana Faculty is proposing to suspend the current Piano specialization offered in its Bachelor of Music program, effective July 1, 2021. This proposal comes as a recommendation by Augustana arising from a multi-year examination of the entire curriculum offered by the Faculty.

In 2017, Augustana Faculty Council committed to an in-depth review of the curriculum of its majors and Core in order to address a variety of overlapping issues including the disproportionate number of course offerings with overly large and overly small enrollments, the need for increased engagement of tenure-track staff to meet current curriculum requirements, and a lack of differentiation between programs offered by Augustana Faculty compared to other University of Alberta Faculties.
As part of this commitment towards curriculum renewal, teaching faculty in the area of Music, supported by colleagues in the Department of Fine Arts and Humanities, examined the Bachelor of Music (BMus) program at Augustana. The current program has strong traditions and attachments to both Augustana Faculty and the local community, and a reputation of producing highly-skilled graduates. However, the program has not been significantly reviewed since its inception in 2000, the Department is facing the impacts of recent personnel changes and ongoing budgetary pressures, and the BMus program features a relatively small cadre of students spread over three resource-intensive majors: Comprehensive, Piano, and Voice.

The outcome of the renewal discussions is a proposal to streamline the program by undertaking substantive changes and a name change to Performance-Based Pedagogy for the Comprehensive specialization and suspending the remaining two specializations in Piano and Voice. The proposed name change to Performance-Based Pedagogy maintains quality instruction and standards synonymous with a BMus degree within a shifting pedagogical and financial climate. At the same time, substantive program changes include streamlining the current roster of courses, making course offerings more efficient through amended perquisite structures and optimizing course appeal by embracing a more interdisciplinary focus where possible. It offers a rigorous set of core music requirements, but also offers students the opportunity to choose a second-level specialization in one of four areas: Voice, Keyboard, Conducting, and Comprehensive.

1.1.2 Indicate when admissions into program/specialization will be or were closed.
July 1, 2021

1.1.3 Explain how the proposed end date of the suspension was determined.
A five-year suspension will allow sufficient time for currently enrolled students to complete their program prior to termination of the specialization.

1.1.4 Provide specific information about which internal governance body approved the suspension, and provide date of approval.

- Augustana Faculty Department of Fine Arts and Humanities (November 8, 2019) (includes an undergraduate student voting representative)
- Augustana Faculty Curriculum Committee (November 19, 2019) (includes undergraduate students comprising one-third of the voting membership)
- Augustana Faculty Council (December 6, 2019) (includes five undergraduate representatives)
- GFC ASC Subcommittee on Standards (for discussion): January 30, 2020
- GFC Academic Standards Committee (for recommendation): February 13, 2020
- GFC Academic Planning Committee (for name change and program revision approval; recommendation of suspensions): TBD
- General Faculties Council (recommendation of suspensions): TBD
- Board Learning, Research and Student Experience Committee (recommendation of suspensions): TBD
- Board of Governors (approval of suspensions): TBD

1.2 Check the applicable box to specify the longer-term plan.

☒ To terminate the program.

☐ To reactivate the program.

SECTION 2: ACCESS

2.1 Identify potential student access considerations and risks for Campus Alberta that the suspension of this program could pose (include both (a) information about related programs available to prospective students internally at your institution; and (b) externally at other Alberta institutions).

All students in the program at the time of suspension will be given the option to either complete their existing program, or transition into the Performance-Based Pedagogy second-level specialization in Keyboard. Advisors in the Augustana Learning, Advising and Beyond (LAB) Office will assist students with course selection and planning. Essential courses will still be on offer.
Augustana will notify each of the students enrolled in the BMus Piano specialization of the suspension of the program and of the continued commitment to providing them with assistance in completing their degrees. Information will be disseminated via Augustana websites, social media, and other relevant forums about the suspension, as well as the opportunities to access the Performance-Based Pedagogy program.

2.1.1 If the program or specialization is unique in the province, describe consultation within Campus Alberta to investigate feasibility of program/specialization transfer.

Students in the current Bachelor of Music, Piano specialization, would be able to find a few comparable programs at other post-secondary institutions in Alberta, including the Faculty of Arts on North Campus, and the majority of the courses in the program have active transfer agreements in the ACAT system.

2.2 Describe the consultation process that occurred with students at your institution regarding this programming change.

Current students registered in Music programs at Augustana have been regularly included in the discussions regarding the proposed changes, including the suspension, with responses generally being understanding of the need for change and excited about the new possibilities. The proposals, including this suspension, went through several levels of review and discussion at Augustana (see Sec 1.1.4), with student representatives having both voice and vote in the process.

2.3 Describe your institution’s plans to assist active students, if any remain, in completing graduation requirements during the suspension period, including information about formal communication and student advising plans.

Advisement staff in LAB will be meeting with the members and administrators in the Music discipline in order to plan for supporting current students in the BMus program.

Augustana’s instructors and support staff in Music will aim to meet with affected students to advise them of the suspension and to explain the impacts and options of finishing the current program or exploring the new BMus opportunities.

Advisement staff and administrators will work with the Fine Arts and Humanities Department to find suitable degree exceptions where limitations are faced on courses being offered within the suspended major in order to enable students remaining in the suspended program the ability to complete their programs as expeditiously as possible.

2.4 Describe your institution’s plans to accommodate stop-out students, if any have been identified, including information about formal communication plans.

Augustana’s approach has always been to readily accommodate formal student requests in these sorts of situations and there is no anticipation of that changing.
SECTION 3: IMPACT

3.1 Identify which stakeholder groups were consulted:

☐ Faculty
☐ Regulatory and other Accreditation Bodies
☐ Employers and Professional Associations
☐ Advisory Committee(s)
☒ Other (identify below)

3.1.1 Describe the consultation process conducted with these stakeholders and summarize the feedback received.

Aside from a variety of faculty committees and Councils in Augustana Faculty (see Sec 3.1 below), the proposed change was also presented to the Music Department in the Faculty of Arts, and Music faculty members in the Faculty of Education and Faculté Saint Jean at the University of Alberta for feedback and to address any concerns about the proposal in general, and any impact it might have on their units. No concerns were identified by any of those consulted. The proposal was also shared with the Music Department at the University of Calgary, who expressed strong support and enthusiasm for the proposed changes in the Augustana BMus program.

3.2 Identify financial impacts and plans for reallocation of internal resources, particularly staff and classroom and lab space.

One of the primary mandates of the Augustana curricular review, including the proposed changes to the Bachelor of Music program, was to offer opportunities to optimize enrollment in a revised curriculum to take better advantage of the current faculty and staff complement. As such, the proposed changes to the program including the suspension of the Piano specialization, will not require additional staff or resources, but rather enable Augustana to more efficiently utilize the staff and space currently available through the development of the Performance-Based Pedagogy program. Over time, these changes should also enable a decreased dependency on contract academic teaching staff.

SECTION B: SUSPENSION EXTENSION

SECTION 1: RATIONALE
1.1 Describe the rationale for original suspension request. (Attach ministry approval letter for the original suspension.)

1.1.1 Explain why the extension is needed and include supporting evidence (e.g., active students have not completed graduation requirements).

1.2 If there are students still in the program, describe how they will be supported to complete graduation requirements while the suspension is in place.

1.3 Explain how the duration of the suspension extension was determined.

SECTION A: PROGRAM SUSPENSION

SECTION 1: RATIONALE

1.1 Identify the purpose for the suspension with supporting rationale and evidence (e.g., low student demand, declining labour market demand, institutional capacity, need for program redevelopment, quality assurance review recommendation, etc.).

Augustana Faculty is proposing to suspend the current Voice specialization offered in its Bachelor of Music program, effective July 1, 2021. This proposal comes as a recommendation by Augustana arising from a multi-year examination of the entire curriculum offered by the Faculty.

In 2017, Augustana Faculty Council committed to an in-depth review of the curriculum of its majors and core in order to address a variety of overlapping issues including the disproportionate number of course offerings with overly large and overly small enrollments, the need for increased engagement of tenure-track staff to meet current curriculum requirements, and a lack of differentiation between programs offered by Augustana Faculty compared to other University of Alberta Faculties.
As part of this commitment towards curriculum renewal, teaching faculty in the area of Music, supported by colleagues in the Department of Fine Arts and Humanities, examined the Bachelor of Music (BMus) program at Augustana. The current program has strong traditions and attachments to both Augustana Faculty and the local community, and a reputation of producing highly-skilled graduates. However, the program has not been significantly reviewed since its inception in 2000, the Department is facing the impacts of recent personnel changes and ongoing budgetary pressures, and the BMus program features a relatively small cadre of students spread over three resource-intensive majors: Comprehensive, Piano, and Voice.

The outcome of the renewal discussions is a proposal to streamline the program by undertaking substantive changes and a name change to Performance-Based Pedagogy for the Comprehensive specialization and suspending the remaining two specializations in Piano and Voice. These suspension proposals must be examined taking into account the complementary proposal for a name change to Performance-Based Pedagogy within the Comprehensive Major and the substantive program changes in that program including the possibility for students to choose a second-level specialization in one of four areas: Voice, Keyboard, Conducting, and Comprehensive.

RECOMMENDATION (FOR DEPARTMENT USE)

Recommendation(s)

Rationale for Recommendation:

Reviewer(s)

Date Completed
### Bachelor of Music (BMus) [Augustana]

#### Overview
The Bachelor of Music program consists of 122 credits, including 63.5 of core music requirements, 25.5 in one of the three Bachelor of Music majors, and 33 of non-music requirements. A minor is optional in all three majors. The minor consists of a minimum of 18 in one discipline or approved interdisciplinary area, including at least 12 at the senior level. A student should be aware that it may not be possible to complete certain combinations of majors and minors without extending the time required to earn the degree.

#### Residence Requirement
Students registered in a BMus program must complete at least 60 credits offered by the Augustana Faculty, at least 54 of which must be at the senior level. However, Language or other study abroad may, with special permission of the Associate Dean, Academics, count toward the residence requirement. An exception to this may be granted to students already holding a BA or BSc who can transfer sufficient credits from their first degree to be able to complete the requirements of the Bachelor of Music degree in fewer than 60. Normally in such cases at least the final 45 must be completed at Augustana.

#### General Information
Three majors are available in the Bachelor of Music degree program: Piano, Voice, Comprehensive:

- **Piano**
- **Voice**

A student whose career interests include performing and teaching piano or voice would choose one of these majors. Combining rigorous

### Bachelor of Music (BMus) [Augustana]

#### Overview
The Bachelor of Music program consists of 122 credits, including 64.67 of core music requirements, 25.28 in a Performance-Based Pedagogy major, Comprehensive, Conducting, Keyboard, or Voice stream of study, and 30 of non-music requirements.

#### Residence Requirement
Students registered in a BMus program must complete at least 60 credits offered by the Augustana Faculty, at least 54 of which must be at the senior level. However, Language or other study abroad may, with special permission of the Associate Dean, Academics, count toward the residence requirement. An exception to this may be granted to students already holding a BA or BSc who can transfer sufficient credits from their first degree to be able to complete the requirements of the Bachelor of Music degree in fewer than 60. Normally in such cases at least the final 45 must be completed at Augustana.

#### General Information
The Bachelor of Music, Performance-Based Pedagogy major, provides study and performance concentrations in voice, keyboard, conducting and comprehensive streams, with broad possibilities for exploration in performance, music education, music therapy, arts administration and musicology. The wide-ranging curriculum, with extensive performance and pedagogical opportunities, equips students for successful
musical training, intellectual development in other disciplines, and all-round flexible thinking, the majors are able to not only prepare a student for further studies and careers in a variety of areas in music and music education, but also for entry into such diverse fields as medicine, speech-language pathology, engineering, and law. Third- and fourth-year recitals are required.

**Comprehensive**
A student who seeks intensive studies in an instrument or voice, but wishes to have greater flexibility in music course selections, should consider this major. Combining rigorous musical training, intellectual development in other disciplines, and all-round flexible thinking, the majors are able not only to prepare a student for further studies and careers in a variety of areas in music—for instance, performance, education, arts administration, and musicology—but also for entry into such diverse fields as medicine, speech pathology, engineering and law. Third and fourth-year recitals, although optional, are not required.

**Admission Requirements**
See Augustana Faculty. Each student who wishes to be exempt from taking AUMUS 100 must complete the Music Theory Placement Exam (MTPE); a student who scores lower than 70% must register in AUMUS 100. For further information about entrance into the Music program, contact the Department of Fine Arts and Humanities, Augustana Faculty.

**Program Requirements**
The minimum of ★122 required during the program is drawn from three areas: Core Music Requirements, Additional Music Requirements according to Major, and Non-Music Requirements.

**Core Music Requirements (★64-67):**
A common core of music courses and requirements is required of every student enrolled in the Bachelor of Music program.
• Passing grade in the Keyboard Skills Proficiency Examination (KSPE).
• Successful completion of the Recital Attendance Requirement (RAR). For every year in a Music program at Augustana, a student must attend a minimum of 10 RAR-designated events per year. Failure to achieve this minimum in a given year will require withdrawal from any Music program (BMus or BA). A minimum of 40 recitals or concerts is required for graduation, unless transferring in from another institution or program.
• A student who fails to achieve at least a C+ standing in a primary instrument or voice at the end of an academic year will be required to withdraw from the Bachelor of Music program. Each student's progress will be reviewed annually.
• A student beyond first year who fails to achieve an academic average of at least 2.3 will be required to withdraw from the Bachelor of Music program. Each student's progress will be reviewed annually.

Music Performance (★24)

Dr. Ardelle Ries, Director of Music
University of Alberta Augustana Campus
4901 46 Avenue
Camrose, AB  T4V 3B4

**RE: UAlberta Augustana BMus renewal**

Dear Ardelle,

On behalf of Choir Alberta, congratulations to you and your colleagues in the music division at Augustana on the renewal of the Bachelor of Music program. Augustana’s music program, particularly in the area of choral music, has long set the bar with respect student opportunity and achievement on a small campus. Furthermore, the music division has offered an essential point of contact with the Camrose community, and its graduates have gone on to illustrious careers around the world as performers, music educators, music therapists, and arts managers. Without a doubt, Augustana’s music program has played a key role in putting, and keeping, Augustana on the post-secondary map.

As ideas surrounding the study of music evolve, so must our programs of study. Thanks to your work and leadership, Augustana is positioning itself on the forefront in this regard, joining other innovative institutions such as the Sydney Conservatorium, USC Thornton School of Music, and Yale School of Music. We share your excitement with respect to the potential of Augustana’s reworked music program and are keen to support you as the program is implemented.

Congratulations again on this significant accomplishment, and best wishes to you, your colleagues, and your students as you embark upon this exciting next stage of music at Augustana.

Sincerely,

Brendan Lord, DMus
Executive Director

Mame Goehner
