OPENING SESSION

1. Approval of the Agenda
Materials before members are contained in the official meeting file.

Presenter(s): Steven Dew, Provost and Vice-President (Academic), and Chair of GFC Academic Planning Committee (APC)

Motion: Padfield/Kulczycki

THAT the GFC Academic Planning Committee approve the Agenda. CARRIED

2. Comments from the Chair (no documents)
   -Update COVID-19 PHRT Subcommittee on Academic Impacts

Presenter(s): Steven Dew, Provost and Vice-President (Academic), and Chair of APC

Discussion:
The Chair welcomed new and returning student members to the committee.

The Chair spoke about the GFC Town Hall on Fall Term Planning which was held earlier that day. He noted that there were many uncertainties and that much depended on the regulations that would be put in place by the Chief Medical Officer of Health (CMOH) for the province. He noted that the university could expect to continue with remote delivery for the most part but was hoping to see some relaxation of restrictions around non-essential research and some smaller and more manageable face-to-face delivery where possible. He also noted that the university was attempting to communicate and align with other U15 institutions.
Regarding International student tuition for fall 2021, the Chair noted that consultation with students was underway and that a proposal would be coming to APC for recommendation and then approval by the Board of Governors in June.

The Chair noted that a working group had been established to lead conversations and bring forward suggestions and scenarios about academic restructuring, and that APC would be included in these conversations. He also noted that the Winspear Library had been closed down, effective May 1st, but that resources and services had been redistributed and remained available.

The Chair also noted that the deadline for the Investment Management Agreements (IMAs) had been extended until the end of May because of COVID-19 and that the university was asking for a further extension due to continuing uncertainty.

During the discussion members asked questions and expressed comments including but not limited to:
- the composition and mandate of the working group on academic restructuring;
- a suggestion that the working group include student and faculty representatives and not only administrators;
- a concern that planning in response to COVID-19 and budget cuts was being done by administration and not including the voices of students and faculty members and that cynicism was growing among some members of the Academy;
- whether APC would be updated regarding planning decisions that were made in the Faculties in response to budget cuts even if APC approval was not required; and
- that the Ontario government had put their performance based funding model on hold and whether the Alberta government would do the same.

DISCUSSION ITEMS

Materials before members are contained in the official meeting file.

Presenter(s): Brooke Milne, Vice-Provost and Dean, Faculty of Graduate Studies and Research

Discussion:
Dr Milne presented the highlights of the report and noted that it would be posted on FGSR's website.

Members discussed: how enrollments relate to targets; how enrollment targets in the new budget model combine graduate and undergraduate full load equivalents (FLEs) at present; whether the COVID-19 pandemic's restrictions on English Language Proficiency exams would affect applications or yields from international students; average completion rates and whether information was available on those numbers related to the type of research and if that could give a better idea for student expectations; the success of University of Alberta students in securing research funding; extensions on funding for students whose work had been disrupted due to COVID-19; and recent announcements of federal funding to support graduate students.

Ms Kulczycki noted that projections from March to August 2020, estimate an additional 37.9 million dollars in negative impact due to COVID-19 related pressures.
