<td>The Purpose of the Proposal is (please be specific)</td>
<td>To seek recommendation on moving the delegated authority currently held by the GFC Facilities Development Committee to the Academic Planning Committee (APC) and to the Committee on the Learning Environment (CLE), and to disband the GFC Facilities and Development Committee (FDC), effective July 1, 2022.</td>

| Executive Summary (outline the specific item – and remember your audience) | The Facilities Development Committee (FDC) has been a standing committee of the General Faculties Council (GFC) in one form or another since 1961. However, in light of frequently cancelled meetings and evolution in the need for decision making on facilities development in the current University context, the General Faculties Council is asked to consider moving the delegated authority held by the committee to the Academic Planning Committee (APC) and the Committee on the Learning Environment (CLE) and to disband GFC FDC. |

**Authority of FDC**

FDC holds delegated authority from the Board of Governors and General Faculties Council to approve:

- General Space Programs for academic units;
- Proposals concerning the design and use of all new facilities and repurposing of existing facilities.

This proposal would move the authority to approve general space programs for academic units to APC and approvals of proposals concerning the design and use of all new facilities and repurposing of
existing facilities to CLE. APC already holds authority to recommend policy changes to the Board.

**Background and Rationale**

Almost half, or 11 of the 24 scheduled meetings of FDC have been cancelled due to a lack of business since the 2016-2017 academic year. In that time, FDC has approved General Space Programs for less than ten academic units and approved 5 proposals concerning the design of new buildings or the repurposing of existing buildings.

Proposals for design or repurposing of space have come as little as once a year. Some examples include RCRF (2016), Myer Horowitz Theatre (2017), South Campus Community Ice Arena (2018), Dent/Pharm (2019), I.F. Morrison Structural Engineering Lab Renovation (2020).

Currently, recommendations to the Board on policy matters are made by both FDC and APC. APC will continue to hold this authority but only one standing committee will be recommending on policy matters moving forward.

**Rationale for changes to the Terms of Reference for CLE and APC**

APC’s responsibilities include academic planning, research policy, budget, and enrolment management. Approval of general space plans will complement these existing responsibilities and aligns with APC’s existing authority to recommend on facilities policies.

CLE’s responsibilities including providing feedback on new and revised learning spaces impacts on instructor and student educational experiences (5.4) and to provide advice on the vision and strategy for learning spaces (5.5). Decisions related to the design and use of space will align with CLE’s existing authority.

**Limitations to FDC Authority**

The Board delegation of authority to approve General Space Programs for academic units does not include:

- choice of site location for buildings, which remain an operational issue delegated to the Vice-President (Facilities and Operations)
- approval of capital expenditures authorized by the Board under the Capital Expenditure Authorization Request Policy

Most policies related to planning and use of physical facilities are under the authority of the Board or the Vice-President (Facilities and Operations).

**Next Steps**

The proposed changes to the Terms of References for APC and CLE represent a move of the delegated authority held by FDC without any proposed revision to the content or language. Should GFC approve this
### Item No. 4

Proposal, this authority held by these committees would be examined as a part of the planned three-year review of the APC and CLE terms of reference and be updated in consultation with GFC and the Board as required.

| During the consultation process, Members of the Academic Planning Committee asked about the reaction of members of GFC and FDC in response to some changes to facilities and operations. The authority of GFC was explained and particularly, the limitations of authority as set out within the Post-Secondary Learning Act. Members inquired whether it would be possible to reinstate a standing committee of GFC, should the scope of work require it in the future. The authority of GFC to create standing committees, delegate its authority, and move delegated authority around was explained as were other models of governance for facilities found in academic senates across the U15.  

During the discussion at CLE, members asked what expertise was required to review the proposals and what resource members should be invited to support the discussions. Members asked about routing of proposals, consultation with students, and what would happen if CLE chose not to approve a project. They also questioned why CLE was not being asked to recommend on the proposed changes to their terms of reference and were informed that the Executive Committee had delegated authority to recommend and that GFC would make the final decision. |

- Executive Committee to discuss the proposed changes and the recommendation by Exec GPO that FDC be disbanded.
- Exec GPO reviewed the draft changes to the CLE and APC terms of reference and recommended this was a two-pronged process with the current authority being moved right now to ensure no gap in decision-making but that these authorities would be examined in depth when APC and CLE ToRs were reviewed in fall 2022

General Faculties Council
April, 2021
- In light of the frequent cancellations of FDC and the lack of business, a member of FDC questioned the authority of the committee and why it exists. The response noted that Over its long history, there have been periods of intense growth where FDC had a greater volume of approvals. There are natural periods of growth and stability and, given the current situation of the University, there are fewer items that require decisions from FDC. The authorities for decision-making on facilities and development lay with the Board, the Vice-President (Facilities and Operations), and other senior administrators. At present, most facilities-related decisions are those that exist within the authorities delegated to Administration.

March 21, 2022
- During the discussion on moving the authority to CLE and APC and disbanding FDC, members questioned whether FDC had been consulted, whether APC and CLE had the bandwidth to discuss these matters, and if there was any change to the authority held by GFC.

The PSLA (19)also requires the Board “consider the recommendations of the GFC, if any, on matters of academic import prior to providing for:
- (a) the support and maintenance of the university,
Item No. 4

- (b) the betterment of existing buildings,
- (c) the construction of any new buildings the board considers necessary to the purposes of the university,
- (d) the furnishing and equipping of the existing and newly erected buildings.”

<td>The Purpose of the Proposal is (please be specific)</td>
<td>The proposal is before the committee to recommend the proposed changes to the terms of reference for the GFC Council on Student Affairs (COSA) put forward as a part of the three-year review.</td>
</tr>
<tr>
<td>Executive Summary (outline the specific item – and remember your audience)</td>
<td>The GFC Council on Student Affairs was reconstituted in 2019 with a terms of reference approved by General Faculties Council giving them broad responsibilities to provide considered input on university policies and initiatives from the perspective of student affairs. As a part of the three-year review process, changes are proposed to the composition of COSA to ensure that expertise on graduate program administration is present, to have one of the student executives sitting on the committee serve as vice-chair, and to open up student seats to allow at least half to be filled by students at-large.</td>
</tr>
</tbody>
</table>

**Background**

GFC decided to create COSA as a consultative body in 2019 to inform its work from the perspective of student affairs. The Terms of Reference state that the mandate for COSA is to give “considered input” to ensure proposals and policies before General Faculties Council have been reviewed through the lens of their impact on students. The presence of a “Student Affairs Committee” is noted in the Post-Secondary Learning Act.

**Composition**

Students make up the majority of members on the committee and committee composition currently aligns with the GFC Principles for Committee Composition in that all members must also be members of GFC. While this ensures a strong connection to GFC, it may be beneficial to include the perspectives of students at large.
members of GFC, and particularly the Councilors of the SU and GSA are already asked to make a large commitment. Allowing seats on COSA to be filled by students at-large may allow for more student engagement.

There are three stakeholder groups represented on COSA: The Aboriginal Students Council, the Indigenous Graduate Students’ Association, and the International Students Association. At-large positions may allow for representatives from other student groups on Campus to engage.

**Delegated Authority:**
COSA has no delegated authority from GFC, however they have played a key role in influencing policy and initiatives that fall under GFC’s authority. In particular:

- Proposal for Academic Restructuring
- The Teaching and Evaluation of Student Learning Policy Suite
- The Provost’s Taskforce on Remote Teaching and Learning

In addition, COSA provides feedback on annual reports and emerging initiatives including the student financial supports report, the undergraduate enrolment report, the Indigenous Institutional Strategic Plan, the proposed Growth Strategy and the proposed Online Strategy.
