Before calling the meeting to order, the Chair acknowledged, “that we are located on Treaty 6 territory. We respect the histories, languages, and cultures of First Nations, Métis, Inuit, and all First Peoples of Canada, whose presence continues to enrich our vibrant community.”

**OPENING SESSION**

1. **Approval of the Agenda**

   Materials before members are contained in the official meeting file.

   **Presenter(s):** Bill Flanagan, President and Vice-Chancellor, Chair of GFC

   **Discussion:**
   The Chair welcomed those members attending online via Zoom and in person in Council Chamber for the first time since the spring of 2020. He provided some information about how he and the governance team would manage the hybrid meeting and thanked members for their patience and cooperation.

   A member raised a point of privilege, expressing that all members should be on Zoom to provide an equal experience for all.

   The Chair noted that the proponent for Items 9 and 10, Proposed Changes to Transfer Credits and Requirements for Graduate Programs, FGSR, and Proposed Changes to Course Requirements for Graduate Programs, FGSR, had requested that the proposals be changed from action items to discussion items. The Chair suggested that the agenda be amended and renumbered to move the items in question to the end of the discussion items.

   Members discussed whether it was appropriate to make changes to GFC standing committee terms of reference since this was the first meeting for new student members and whether the remaining FGSR action item, Proposed Changes to Extra-to-Degree Regulations for Graduate Programs, should also be considered for discussion rather than for action.

   A member proposed a further amendment to the agenda to remove Item 6, Proposed Changes to the Terms of Reference for the GFC Academic Planning Committee and the GFC Committee on the Learning Environment, and the Proposed Disbanding of the GFC Facilities Development Committee, from the agenda for consideration at a future meeting.

   **Motion: Sale/Singh**

   **THAT** the General Faculties Council amend the agenda to remove Item 6, Proposed Changes to the Terms of Reference for the GFC Academic Planning Committee and the GFC Committee on the Learning Environment, and the Proposed Disbanding of the GFC Facilities Development Committee.

   **CARRIED**

   **Motion: Rodgers/Ruéalto**

   **THAT** General Faculties Council approve the agenda as amended.

   **CARRIED**

2. **Comments from the Chair (no documents)**

   **Presenter(s):** Bill Flanagan, President and Vice-Chancellor, Chair of GFC

   **Discussion:**
The Chair invited two members of the GFC Nominating Committee to speak about staff replenishment of GFC standing committees. The members urged GFC elected faculty members to put their names forward for vacant positions and to encourage their colleagues to consider serving as well. They spoke about the importance of service on standing committees and the responsibility of GFC members to fill these roles.

In his comments, the Chair made note of the following:

- The reappointment of Jennifer Tupper as the Dean of the Faculty of Education for a second five-year term;
- The recognition of University of Alberta’s excellence in research and education as affirmed by standing on the QS World Rankings by Subject, the Centre for World University Rankings, and the Times Higher Education Impact Rankings;
- In-person convocation ceremonies scheduled for June and a planned series of special celebrations in July for students who had virtual convocations over the past two years; and
- The State of the University address to be delivered in Convocation Hall on May 3, 2022.

5. Proposed Termination of the Graduate Certificate in Teaching and Learning in Higher Education

THAT the General Faculties Council approve the termination of the Graduate Certificate in Teaching and Learning in Higher Education in the Faculty of Education.

CARRIED

ACTION ITEMS

6. Proposed Changes to the Terms of Reference for the GFC Academic Planning Committee and the GFC Committee on the Learning Environment, and the Proposed Disbanding of the GFC Facilities Development Committee

Item was removed from the agenda and deferred.

7. Proposed Changes to the Terms of Reference for the GFC Council on Student Affairs

Materials before members are contained in the official meeting file.

Presenter(s): Kate Peters, GFC Secretary and Manager, GFC Services; Steven Dew, Provost and Vice-President (Academic), Chair of Council on Student Affairs

Purpose of the Proposal: The proposal is before the committee to recommend the proposed changes to the terms of reference for the GFC Council on Student Affairs (COSA) put forward as a part of the three-year review.

Discussion:

K Peters provided a brief overview of the proposed changes and noted the work of the Executive Subcommittee on Governance and Procedural Oversight, the consultation with and support of the members of COSA at their last meeting, and the recommendation by the Executive Committee. S Dew noted that the Post-Secondary Learning Act (PSLA) did not provide any specific authority or direction for a COSA beyond that a University can establish one. He also noted that the GFC had rebooted COSA as a consultative body in 2019 and that it could be asked to weigh in on any items that come to GFC.

There was no discussion.

Motion: Rodgers/Ruétaulo

THAT the General Faculties Council approve the proposed changes to the Terms of Reference for the GFC
Council on Student Affairs as set forth in attachment 1, to take effect upon approval.  

CARRIED

8. Proposed Bachelor of Biomedicine Dual Degree, Faculty of Medicine and Dentistry

Materials before members are contained in the official meeting file.

Presenter(s): Tracey Hillier, Director, Alberta Institute, Wenzhou Medical University, Faculty of Medicine and Dentistry - MED International; Janice Causgrove Dunn, Vice-Provost (Programs), Chair of GFC Programs Committee; Steven Dew, Provost and Vice-President (Academic), Chair of GFC Academic Planning Committee

Purpose of the Proposal: The proposal is before the committee to seek approval of the Bachelor of Biomedicine Dual Degree Program.

Discussion:
J Causgrove Dunn noted that the proposal had been well received by the Program Support Team and the GFC Programs Committee and that the external reviews were positive and recognized that this was an innovative and unique program.

S Dew noted that the GFC Academic Planning Committee was supportive of the proposal and at their meeting had asked questions about potential impact to domestic students and had confirmed that the students in the program would not receive a Canadian MD Degree.

T Hillier provided a brief overview of the program and the transnational collaboration explaining that graduates of this program would receive the Bachelor of Biomedicine from the University of Alberta as well as the equivalent of an MD Degree from Wenzhou Medical University in China.

During the discussion, members asked questions and expressed comments including but not limited to:
- whether student could use this degree to apply for permanent residency;
- involvement of University of Alberta International (UAI) in the development of the program;
- limits and approvals for collaborative programs with international universities;
- the potential for graduates of this program to apply to University of Alberta for graduate school;
- the quality of the partner university’s medical school;
- whether this program would have any impact on the University of Alberta’s MD Program;
- the process for renewal at the end of the approved term;
- admission requirements and numbers of students in the program; and
- the rigors of Chinese medical school training and licensing.

Motion: Rodgers/Ruétalo

THAT the General Faculties Council recommend that the Board of Governors approve the proposed Bachelor of Biomedicine Dual Degree as set forth in the attachments and for implementation upon final approval.  

CARRIED

9. Proposed Changes to Extra-to-Degree Regulations for Graduate Programs, FGSR

Materials before members are contained in the official meeting file.

Presenter(s): Brooke Milne, Vice-Provost and Dean, Faculty of Graduate Studies and Research

Purpose of the Proposal: FGSR is proposing changes to the Graduate Policies on courses declared extra-to-degree.

Discussion:
B Milne provided an overview of the proposal noting that its purpose was to provide structure and administrative direction regarding the maximum number of courses that could be taken in a graduate program and declared extra-to-degree. She explained that this was meant to encourage students to focus on their requirements and on advancing in their degrees.

During the discussion, members asked questions and expressed comments including but not limited to:

- that taking large numbers of extra-to-degree courses could result in delays in program completion;
- that some students may have interest in taking large numbers of extra-to-degree courses for the purpose of transferring into another program but should be focusing on their current program;
- that some graduate students take extra-to-degree courses but do not have to pay any extra tuition;
- that it was common for students to require language training but that could be accomplished in the 12 credits allowed under the new provisions;
- an opinion that this proposal was limiting student learning and adding unnecessary layers of bureaucracy;
- whether this item was a stand-alone item or should be discussed at the same time as the other FGSR items on the current agenda for discussion;
- that graduate students needed to have parameters established around choosing courses for their programs;
- that students also had the option to audit courses if they were interested in learning outside their degree program; and
- that a 12 credit allowance for extra-to-degree courses was common across other institutions.

Members expressed hesitation about making a decision on this item and a member made a motion to table the pending motion until the next meeting.

Motion: Rodgers/Ruétalo

| THAT the General Faculties Council approve the changes and clarification to the regulations on courses considered Extra-to-Degree, as recommended by the GFC Programs Committee, to take effect upon final approval. | TABLED |

Motion: Dunch/Amaral

| THAT the General Faculties Council table the pending motion until the next meeting. | CARRIED |

**DISCUSSION ITEMS**

10. **Question Period**

Materials before members are contained in the official meeting file.

*Presenter(s):* Bill Flanagan, President and Vice-Chancellor, Chair of GFC

*Discussion:*

Regarding the removal or decommissioning of the Humanities Building, members asked about:

- where members of GFC could find the full schedule of maintenance costs and deferred maintenance for individual buildings;
- where members of GFC could find the data about the use of space at the University of Alberta and at other universities;
- where members of GFC could find the data related to the planned enrollment expansion;
• what other buildings with classrooms and offices, apart from the Humanities Building, were being considered for removal;
• why was deferred maintenance such a challenge for the university and why had it become such a severe problem; and
• what would be the building that would communicate the University’s commitment to Humanities going forward.

Steven Dew, Provost and Vice-President (Academic), and Katherine Huising, Associate Vice-President (Campus Services), spoke about the spread of Arts Faculty over 9 buildings and the desire to consolidate the Faculty’s space, space optimization, and funding challenges related to deferred maintenance, and noted that a written response would be provided for the next meeting of GFC. A member noted that the conversations around the spread of the Arts Faculty were normally focused around the spread across the campus away from the Humanities Centre.

Regarding travel bookings, members asked question and expressed comments including:
• that discount airlines were often the only direct flight option from Edmonton or the only option at all;
• that it was important to provide access to better and cheaper options if they were available;
• that cost savings should also factor in the value of the time for those involved; and
• options available for renting apartments for longer term research travel.

Todd Gilchrist, Vice-President (University Services and Finance), asked members to share examples of fare differences as they occur, noting that the university would continue to compare to ensure the best deal. He also committed that an information session would be set up and members of GFC would be invited.

A member asked about the reduction in hours for Libraries and if GFC could hear more about why these decisions were being made. Dale Askey, Vice-Provost (Library and Museums) & Chief Librarian, answered that this was because of budget and finance limitations, that these decisions were not made lightly, and that he would share the data.

11. Changes to the Faculty of Extension

Materials before members are contained in the official meeting file.

Presenter(s): Wendy Rodgers, Deputy Provost, Interim Dean of the Faculty of Extension

Purpose of the Proposal: To discuss growth priorities and upcoming changes to the administrative structure of Continuing Education, including removing the current Faculty status of the Faculty of Extension.

Discussion:
W Rodgers provided an overview of the proposal to move the remaining Continuing Education functionality from Extension over to a new central hub and remove the Faculty status from Extension. She noted that the unit in the central hub would support Continuing Education across the university.

There was no discussion.

12. Review of the GFC Nominating Committee Terms of Reference and Procedures

Item was deferred.

13. Proposed Changes to Transfer Credits and Requirements for Graduate Programs, FGSR

Item was deferred.

14. Proposed Changes to Course Requirements for Graduate Programs, FGSR

Item was deferred.
