**Discussion:**
President Flanagan introduced the item, indicating that there was strong support for the proposal across the university.

The motion was moved and seconded.

6. **2023-2024 International Tuition Fee Proposal for Incoming Students**

Materials before members are contained in the official meeting file.

**Presenter(s):** Steven Dew; Todd Gilchrist

**Purpose of the Proposal:** To propose tuition fees for the Fall 2023 intake of new international students, compliant with the requirements imposed by Bill 19 and associated Alberta Tuition Framework and Guidelines.

**Discussion:**
The Chair introduced the item, noting the Board of Governors received letters from student representatives earlier that week responding to the international tuition proposal and conveying concerns regarding the impact to students of the proposed increase.
S Dew introduced the item and expressed appreciation for the input of students into the proposal. T Gilchrist acknowledged the student letters’ assertion that the university was running a surplus, and reminded members of the components of the operating surplus variance to budget, indicating it was a one-time occurrence and that the 2022-23 budget was the tightest the university had experienced.

S Dew then reviewed the proposal and spoke to the letter from the International Students’ Association (ISA), which expressed concerns regarding international student consultation. He noted that consultation requirements outlined in provincial tuition and fee regulations specified student representation through consultation with the Students’ Union and Graduate Students’ Association, and acknowledged challenges associated with the April / May transition of student leaders.

S Dew responded to questions and comments from the Board regarding: the possibility of sharing more details with student representatives regarding the breakdown of tuition costs and revenue use; concerns related to student mental health, food insecurity, and unequal ability to access financial aid; the Board’s responsibilities to balance student financial needs with quality educational experience; whether graduate funding packages would increase; the competitive position of the university’s international graduate tuition compared with other post-secondary institutions; the importance of remaining competitive with other post-secondary institutions; how the university is supporting students to receive the financial aid they need; concerns over the length and timing of student consultation; and the importance of increased transparency for students regarding spring and summer term fees within university offer letters.

Following the discussion, the Chair thanked the student representatives for sharing the student perspective, and the Board asked the Learning, Research and Student Experience Committee to consider student (particularly international student) access to mental health resources as well as food insecurity, at a meeting in Fall 2022.

The motion was moved and seconded.

| THAT the Board of Governors, on the recommendation of the Board Finance and Property Committee and the General Faculties Council Academic Planning Committee, approve tuition fees for new international students for all programs, as set forth in attachment 1, to take effect for the Fall 2023 intakes. |

Report of the Human Resources and Compensation Committee

Presenter(s): Guy Bridgeman

7. College Dean Selection Procedure

Materials before members are contained in the official meeting file.

Presenter(s): Steven Dew

Purpose of the Proposal: To approve the selection procedure for College Deans.

Discussion:

G Bridgeman introduced the item, noting the need to recruit permanent College Deans, and reviewed the Board Human Resources and Compensation Committee’s (BHRCC) consideration of the proposal. S Dew then reviewed the procedure, indicating that: it closely followed the Faculty Dean Selection Procedure, but with stronger language related to equity, diversity, and inclusion; as the College Deans would serve an administrative function and the (separate) General Faculties Council process for faculty appointment would remain unchanged, the College Dean procedure fell within the Board’s exclusive jurisdiction; and that the procedure included a delegation to BHRCC for the approval of College Dean appointments.
S Dew responded to questions and comments from Board members regarding: how the proposed College Dean selection procedures differed from the Faculty Dean selection procedures; whether a College Dean was an academic or administrative position; concerns that General Faculties Council (GFC) should have been consulted on the proposed changes; the difference between an administrative leave and a College Dean requesting a faculty appointment following their tenure as College Dean; and a recommendation that an explanation for why GFC was not consulted be communicated clearly to the academic community.

The motion was moved and seconded.

THAT the Board of Governors, on the recommendation of the Board Human Resources and Compensation Committee, approve the College Dean Selection Procedure, as set forth in Attachment 1, to take effect upon final approval.

8. Faculty Dean Position Description

Materials before members are contained in the official meeting file.

Presenter(s): Steven Dew; Bill Flanagan

Purpose of the Proposal: To approve a change in the language in the Faculty Dean Position Description pertaining to reporting.

Discussion: G Bridgeman introduced the item, and President Flanagan reviewed the reasons for the proposed change in reporting relationship, including the necessity of i) giving the College Deans the necessary authority to implement and lead the colleges, and ii) reducing the number of direct reports to the Provost and Vice-President (Academic).

Members proposed a motion to table the changes to the Faculty Dean position description to allow time for consultation with General Faculties Council (GFC), expressing concerns that the proposed motion contradicted the December 2020 Board-approved motion that established the administrative structure of the college model, the role of College Dean, and a timeline for the review of the structure. The President responded to a question regarding how the postponement would affect the proposal, indicating that the College Dean recruitment was time-sensitive and required role clarity.

The motion was moved and seconded.

TO table the item for consideration in Fall 2022 to allow for consultation with General Faculties Council.  

DEFEATED

President Flanagan, S Dew, and B Hamdon responded to questions and comments from the Board regarding: the recruitment timeline for the permanent College Deans and how it would affect the current Interim College Deans; whether the proposed changes could be affected by the review of the college administrative and leadership structure that was committed to within the December 2020 Board-approved motion; why GFC could not convene a special meeting to consider the proposal; confirmation that the proposal related to an administrative reporting matter and was therefore within the Board’s authority; and concern that justifications for the proposal were not sufficient to make an informed decision.

The motion was moved and seconded.

THAT the Board of Governors, on the recommendation of the Board Human Resources and Compensation Committee, approve changes to the Faculty Dean Position Description, as set forth in Attachment 1, to take effect upon final approval.

He reviewed the project plan, noting that the new model was intended to be implemented in September 2022.

S Dew responded to questions from the Board regarding: the objective of eliminating inequities; how the proposed changes were determined; how the model would affect the Faculty of Medicine and Dentistry and account for Alberta Health Services; and concerns about the number of budget principles.

D Eerkes then provided an overview of proposed changes to the Sexual Violence Policy as well as a new Student Conduct Policy Suite, noting that all changes were compliant with the Minister’s request, and that the proposal would also include revisions to the Code of Student Behaviour, which falls under Board legislated authority.

The Chair of the Audit and Risk Committee confirmed that a recent Board-directed report from the University Auditor had been considered and incorporated into the proposed policy documents.

D Eerkes responded to questions from Board members regarding: the university’s authority in incidents that occur off-campus; whether the policy applies to both students and faculty; clarification on appeal processes; and whether more was needed to address issues of power imbalance.
