       **CARRIED**

   1c. **Conflict of Interest - Opportunity for Declaration**

       *Presenter(s):* Kate Chisholm

       The Chair noted that governance best practice requests that members declare at each meeting whether they may have a conflict related to the agenda and absent themselves from the discussion and voting on that item. She invited members to declare conflicts of interest related to the open session agenda of the meeting. There were no declarations.
1d. Chair’s Remarks

*Presenter(s):* Kate Chisholm

The Chair welcomed Andrei Tabirca, recently selected Non-Academic Staff Association Representative on the Board, who was observing the meeting while awaiting his formal Ministerial appointment.

The Chair informed members that this would be the final Board of Governors' meeting for two student members: Joel Agarwal, Students' Union President, and Marc Waddingham, Graduate Students' Association President. Members joined the Chair in recognizing Messrs Agarwal and Waddingham for their service and valuable contributions to the Board over the past year.

The Chair then welcomed the recently-elected student members who were attending the meeting as observers: Rowan Ley, Students' Union President-Elect, and Anas Fassih, Graduate Students' Association President-Elect, both appointed to the Board effective May 1, pending Ministerial Orders. She then congratulated Dave Konrad, Undergraduate Board of Governors Representative, on his re-election in that role.

The Chair briefed members on recent meetings with the provincial government related to the *Alberta 2030: Building Skills for Jobs* initiative, in which it was suggested that: the Minister would be recommending to Cabinet that universities remain self-governed and be deconsolidated, in order to allow them to reduce their dependence on provincial funding and develop alternative revenues; and Investment Management Agreements (IMAs) would be instituted for 2021-22, but with only one performance-based funding metric focused on work-integrated learning. She indicated that future years’ IMAs would contain more performance metrics, which would be used to ensure university alignment with provincial priorities and would result in further decreases to the Campus Alberta Grant if not met.

2. **Report of the President**
   a. *General Faculties Council (GFC) recommendations arising from February 8, 2021 meeting*
   b. *Update: Board-GFC-Senate Summit*

*Presenter(s):* Bill Flanagan

*Purpose of the Proposal: For information / discussion.*

*Discussion:*
The President provided a written report on his activities since December 11, 2020, including updates on the five strategic goals of *For the Public Good: build; experience; excel; engage; and sustain.* In addition to his written report, President Flanagan provided verbal remarks on the provincial budget, including that: the University of Alberta’s Campus Alberta Grant was reduced more than anticipated; the university had already made significant cost-reduction efforts but was able to adjust its consolidated budget to address the additional cut without requiring further job losses; and that the university was trying to understand the differential nature of the provincial budget cut.

The President also presented recommendations from the February 8, 2021 meeting of General Faculties Council (GFC) Committee of the Whole, highlighting the recommendation to develop a joint committee between the Board and GFC to discuss areas of overlap. He noted that he and the Board Chair had discussed the recommendation, and that a joint meeting of the GFC Executive Committee and Board Governance Committee would be held on March 25, 2021.
Dr Swindlehurst then provided an update on the March 26, 2021 Joint Board-GFC-Senate Summit, noting the summit’s theme of the future of the university in 2030; and Mr Sharman briefed the Board on COVID-19 updates and planning for Fall 2021 in-person learning.

A Board member noted concerns raised by medical students regarding their eligibility to receive COVID-19 vaccines, and encouraged members of administration to raise this issue as a continued priority.

4. Presentation on the University of Alberta’s 2021-2022 Budget and Capital Plan

*Presenter(s):* Steven Dew; Todd Gilchrist; Andrew Sharman; Melissa Padfield

*Purpose of the Proposal: For information / discussion*

*Discussion:*
Ms Butler introduced the item, reminding members that the Finance and Property Committee (BFPC) originally considered a University of Alberta 2021-2022 budget and capital plan, as well as tuition, mandatory non-instructional fees, meal plan rates, and residence fees, at its meeting on February 25, 2021, but, due to larger-than-anticipated cuts to the university’s provincial funding in the Government of Alberta’s 2021 budget, had considered a revised 2021-2022 budget at a special meeting on March 9. Ms Butler noted that at the February 25th BFPC meeting, the Provost and Vice-President (Academic) responded to concerns raised by students regarding student financial pressures and committed to reviewing undergraduate financial aid in the fall and to discuss options for graduate funding.
In preparation for a series of motions before the Board on the budget, capital plan, and tuition, Dr Dew, Mr Gilchrist, and Mr Sharman presented an overview of the University of Alberta’s consolidated budget and its component operating, ancillary, research, capital and special purpose budget. Mr Gilchrist reviewed the revised 2021-2022 budget, including: the differential of $60M from the original proposed budget; updated three-year planning assumptions; updated consolidated and operating budgets; revenue and expense sensitivities for 2021-22; and average cuts of three percent to the faculties and seven percent cuts to academic support units for the coming year.

Dr Dew then reviewed the tuition proposal for domestic and international undergraduate students, as well as proposals for domestic and international course-based and thesis-based graduate students, noting that proposed international tuition increases were not as significant as domestic increases because international tuition had not been frozen over the past several years. He reviewed the financial support offset for each proposal, which maintained the allocation of new tuition revenue from domestic tuition increases (15 percent) to fund need-based financial supports, and 7.55 percent of international tuition revenue to international students, and provided an overview of Mandatory Non-Instructional Fees.

Finally, Mr Sharman reviewed the proposed 2021-2022 Capital Budget, noting the provincial government budget’s provision for an increase of 37 percent to the Infrastructure Maintenance Program grant. He reviewed the project plan, including current major capital projects and other shovel-ready projects that are pending funding.

Members reminded the Board of prior cuts to faculties and the number of faculty and staff reductions to date, as well as the increased financial burdens on graduate and undergraduate students.

Dr Dew, Mr Gilchrist, Mr Sharman, and Ms Padfield responded to questions from the Board regarding: the reason for the increase in material supplies and services and why that wasn’t being addressed through the Service Excellence Transformation initiative; opportunities for further government advocacy; how the university was managing economies of scale; the purpose and use of special purpose funds; how international student tuition offset was used to support students; whether the university could be more creative in its support for students in need, including seeking unique and additional sources of financial aid; whether a minimum of 20 percent of the revenue in excess of the budgeted amount could be directed to additional undergraduate student aid, or other programs which directly support or benefit students; whether the burden of costs to get the university back on its feet could be shared, to maintain student wellness and experience as well as the university’s reputation; and consideration of a potential rebate program for graduate students to ensure fewer graduate students required financial supports or a second job.

Following the discussion, the Board asked that future budgets should note cumulative deficits and surpluses in addition to yearly totals.

The Chair commended administration for their work accommodating the additional cut without requiring further job losses.

4a. University of Alberta 2021-2022 Tuition and Student Financial Aid

Materials before members are contained in the official meeting file.

Purpose of the Proposal: To approve the tuition proposal for most domestic and international students for Fall 2021.

Discussion:
A member noted the impact of current exchange rates on international students, and also raised concerns regarding the risk of rising tuition levels on the university’s reputation and international rankings.
Ms Butler reiterated that at the February BFPC meeting, the Provost had committed to reviewing undergraduate financial aid in the fall and to discuss options for graduate funding, and would report back through BFPC to the Board of Governors.

The motion was moved and seconded.
