6. Update: University of Alberta 2020-2021 Budget

Presenter(s): David Turpin; Steven Dew; Gitta Kulczycki; Andrew Sharman

Purpose of the Proposal: For information / discussion

Discussion:
Ms Kulczycki provided the Board with an update on job losses since the last Board meeting, noting that there had been 400 job losses due to layoffs and position attrition in 2019-20, as well as 100 positions lost due to grant reductions. She then briefed the Board on job losses since April 1, indicating that there had been 34 permanent job losses and 150 temporary staff layoffs due to COVID-19. She estimated a net $38M budget impact of COVID-19 due to reduced revenues and highlighted the importance of upcoming enrolment numbers in determining the pandemic’s future budget impact.

Dr Dew briefed the Board on the potential budget impact of the Investment Management Agreements and performance-based funding. He spoke to two major initiatives, academic and administrative restructuring, to develop a more efficient organization while continuing to fulfill the university’s academic mission, and noted the importance of engaging the entire university to determine what a reinvigorated university might look like.

Dr Dew responded to questions from the Board regarding: what type of positions were affected by temporary layoffs, and whether the university would require all 120 days to determine next steps for those temporary layoffs.

7. Alumni Association Strategic Priorities

Materials before members are contained in the official meeting file.

Purpose of the Proposal: To provide updates regarding a select number of priority areas of the new Alumni Association strategic plan, concentrating on the intersection of alumni volunteerism and the student-to-new-grad transition. To share examples of how our programs deepen engagement with our alumni and can impact student experience and employability success post graduation, and will contribute to performance measure targets.
Discussion:
Ms Spencer and Mr Price provided an update on strategic priorities of the Alumni Association, focusing on three programs where alumni contribute to student success: the ThresholdImpact Venture Mentoring Service, a network of mentors who provide coaching and advice to new graduates, faculty, and staff in entrepreneurial ventures; the Alumni Student Support and Engagement Team (ASSET), alumni who have provided over 700 volunteer hours to supplement student mental-health services on campus; and efforts to track and communicate the number of volunteer hours provided by alumni who deliver work-integrated learning opportunities to provide students with real-world experience. Following the presentation, Mr Price thanked Dr Muzyka, founder of the ThresholdImpact Venture Mentoring Service (VMS), and the alumni representatives on the Board for their support.

Board members expressed their appreciation for the work and achievements of the Alumni Association. Dr Muzyka responded to a question from the Board regarding whether VMS tracks the metrics of those ventures that it mentors, to demonstrate the university’s importance to government. He then thanked Ms Spencer and Mr Price for providing the foundation for VMS’ growth, and encouraged more faculty and staff to come forward for help moving forward in commercialization. The Board Chair thanked Dr Muzyka for his support of the university.
