The GSA and the University of Alberta reside on Treaty 6 territory and the homeland of the Métis. This territory is a traditional gathering place for diverse Indigenous peoples including the Cree, Blackfoot, Métis, Nakota Sioux, Iroquois, Dene, Ojibway, Saulteaux, Anishinaabe, Inuit, and many others whose histories, languages, and cultures continue to influence our vibrant community. In acknowledging this traditional territory and its significance for the Indigenous peoples who lived and continue to live upon it, we recognize its longer history that reaches beyond colonization and the establishment of European colonies and recognize the GSA’s ongoing collective responsibility in working with First Nations, Métis, and Inuit (FNMI) peoples and what that means for the work of the GSA as it aims to practice the principles of being Good Relations with FNMI peoples, Nations, communities, and lands.

Substantive material is sent to all GSA Council members at least one week prior to the date of the meeting to give members abundant time to review. Any additional substantive material received after this mailing will be emailed as soon as possible.

Reports from committees, Directly-Elected Officers, and GSA Management are emailed the Friday before a Monday meeting so that the content is as current as possible.

Motion PASSED unanimously.

2. Approval of Minutes
Members had before them the 18 October 2021 GSA Council meeting minutes, which had been previously distributed on 5 November 2021. A Patel MOVED; E Desnoyers SECONDED.

4. GSA Council Member Announcements
C Baaklini invited members to join the Neuroscience Graduate Students’ Association’s Trainee Sessions, where individuals would have the chance to present and practice talks related to neuroscience, and anyone could listen and give feedback.

T Courtney of the Political Science Graduate Students’ Association invited members to get in touch with them regarding an Alberta-wide student coalition against government budget cuts and tuition hikes at telisa@ualberta.ca.

5. Action Items
5.2021-2022 GSA Fall Term Budget and Expenditure Report
A Fassih (President and Chair of GSA Budget and Finance Committee (GSA BFC)) presented the item.

MOTION BEFORE GSA COUNCIL: That GSA Council RECEIVE FOR INFORMATION the GSA 2021-2022 Fall Term Budget and Expenditure Report.

A Fassih noted that enrollment was slightly higher than anticipated and there were some savings in other budget lines which helped offset the loss of revenue from Chopped Leaf, which had been closed for much of the pandemic. He also noted that additional expenses related to operational costs were incurred as some office equipment needed to be upgraded to support virtual and hybrid meetings during the pandemic.

MOTION: That GSA Council RECEIVE FOR INFORMATION the GSA 2021-2022 Fall Term Budget and Expenditure Report. A Cook MOVED; J Sloan SECONDED.

Motion PASSED.

6. 2022 Referendum and Associated Draft Question Initiated by the International Students’ Association (ISA)
M Muhiudden (Chief Returning Officer) and S Shi (Deputy Returning Officer) presented the item and introduced the guest (CSingh, ISA President).

MOTION BEFORE GSA COUNCIL: That GSA Council APPROVE the holding of a referendum on the collection of a fee from international graduate students to support the International Students’ Association, to run concurrently with the 2022 GSA General Election (with only international graduate students deemed eligible to vote) and using the draft question as attached.

M Muhiudden noted that the referendum question had been developed over the course of a month between himself, S Shi, the ISA, and GSA staff. He highlighted the main points of the draft question, including the proposed fee and that this was not a GSA service.

He then invited C Singh to present on the proposed use of the fee if it were collected. C Singh noted that the ISA surveyed international graduate students and received 227 responses, the majority of whom were supportive of the fee. C Singh highlighted that the fee would be assessed to only international graduate students and it would be $3.50/term (Fall, Winter,
Spring/Summer) for full time students and $1.50 for part time students. There would be a voluntary opt-out period for the first 30 days of each semester. The funds collected (about $27,000 annually from international graduate students) would be used to support ISA programming in the areas of communication, outreach, and advocacy; services, events, and programs; community, diversity, and culture; health, wellness, and professional development; and the operations of the ISA. He noted that the fee would be in place for three (3) years. The ISA had registered as a society under the Alberta Societies Act; this required them to hold an annual general meeting (AGM), make their finances publicly available, and conduct an annual financial audit. C Singh noted the consultation with various stakeholders had been ongoing for the past 8 -12 months. The ISA was now requesting that GSA Council approve this fee proposal to go forward for international graduate students to vote on it, as GSA Council had the authority to approve referendum questions and their inclusion in the annual GSA General Election.

Speaker requested that GSA Council members who wished to speak and who were also ISA members should disclose this.

Member asked a series of questions including, but not limited to, the role of GSA Board (GSAB) in reviewing the proposal before it was brought forward to GSA Council (A Fassih explained that the proposal came to the GSAB twice for review and, as the GSAB continued to have concerns (budget allocation, auditing, feasibility of services, deliverables), it moved it forward to GSA Council for more feedback); the low survey response rate from international graduate students and concerns around whether it was truly representative (C Singh responded that the survey was accessible and many mechanisms were used for distribution; they could not have done anything else given the online environment; other ISA members also expressed that they did not feel this was a low response rate, and should be considered representative); the difficulty of the automatic enrollment/opt-out model (C Singh acknowledged that yes, students might not know about the opt-out or forget to do so but the ISA would remind students they can opt-out); a lack of distinction between services for graduate students and undergraduate students, and the possibility of graduate students paying for services they could not use (students who had not paid would not be allowed to access services and C Singh also stated that this proposal was graduate student specific; almost 400 graduate students participated in the ISA election and about half of their current program attendees were graduate students and the ISA was already doing 70% of the things in the attached proposal but budget increases would allow for an increase in quality and the ISA wanted programs to appeal to both graduate and undergraduate so the needs of each population were balanced); concerns about the size of the annual budget and the lack of experience of the group, particularly with the lack of demonstration of deliverables (C Singh referred to established student groups with large budgets as examples of student groups who had successfully managed large budgets, such as the Engineering Students’ Society); given the size of the proposed budget, members expressed concern over the lack of rigorous financial management (the GSAB brought up the issue of financial management multiple times) (C Singh expressed that their registration under the Societies Act would ensure appropriate financial oversight); the burdensome structure of the group (run by 130 volunteers, no professional staff); clarification around the difference between International Student Services (ISS) and the ISA and where there might be significant overlap (they worked together closely; ISS was an office of the University while the ISA was student run; could a student access services if they opt-out (exceptions were possible); why Campus Saint Jean and Augustana students were not included (it would be hard for them to access services; very few graduate students were there); if either the graduate or undergraduate proposals were contingent on the other passing (they were not); if they were not contingent, how could one be run independently when the proposal did not include separate budgets (if graduate students did not pass this, the ISA would determine why it did not pass and bring it forward again the next year; for that year, only those students paying could access services); how the wellness services being proposed differed from those graduate students currently had access to (focused more on community programs; information focused rather than counselling; more than half of this allocation would go toward professional development resources); how the ISA claimed the right to represent international graduate students when they had no jurisdiction to do so (the ISA is mandated by provincial law to represent graduate students, the ISA had no such equivalent) (C Singh stated that if the ISA said they represent all international graduate students, then it was so). Several members of GSA Council who were also ISA members spoke about the personal benefits they’ve experienced in participating with ISA and the need for programming specifically geared toward international graduate students; these members felt the benefits in the proposal outweighed any downsides and encouraged GSA Council to vote to move this forward. Members of the GSAB reiterated that they reviewed this proposal extensively and found many areas of concern that they did not feel were addressed by the ISA; it was the duty of GSAB members to perform due diligence and share these concerns with GSA Council members. While some GSAB members saw value in these ISA offerings, they had concerns around the sustainability of such a large undertaking.

I Kabir MOVED to call the question. Speaker clarified that GSA Council would first vote to Call the Question, which would effectively close debate, before moving to vote on the motion. Speaker also clarified that there was now a motion on the floor to call the question, T Courtney SECONDED.

MOTION: That GSA Council APPROVE the holding of a referendum on the collection of a fee from international graduate students to support the International Students’ Association, to run concurrently with the 2022 GSA General Election. Motion PASSED.
Election (with only international graduate students deemed eligible to vote) and using the draft question as attached. A Ma MOVED; A Cook SECONDED. Motion FAILED.

7. **Recommended Changes to GSA Bylaw and Policy, Section O: Recognition Awards**
M T Bin Mostafa (Vice-President External and Chair of the GSA Awards Selection Committee (GSA ASC)) presented the item.

**MOTION BEFORE GSA COUNCIL:** That GSA Council on the recommendation of the GSA Awards Selection Committee, APPROVE recommended changes to GSA Policy, Section O: GSA Recognition Awards, as shown in the attached track changes document and effective upon approval by GSA Council.

It was noted that the recommended changes involved changes of wording to the description of the award sponsored by TD Insurance Meloche Monnex and clarification of its eligibility criteria of award, which mirrored the GSA’s signed agreement with TD; the value and purpose of the award have not changed.

**MOTION:** That GSA Council on the recommendation of the GSA Awards Selection Committee, APPROVE recommended changes to GSA Policy, Section O: GSA Recognition Awards, as shown in the attached track changes document and effective upon approval by GSA Council. A Cook MOVED; Devon H SECONDED. Motion PASSED.

Adjournment

The meeting was adjourned at 8:48 pm.
Each spring the GSA Directly-Elected Officers (hereafter referred to, informally, as the student executive team) work with the GSA Board to produce a Strategic Work Plan (SWP). The SWP is the document that steers and prioritizes the work and initiatives of the GSA, and is subject to revision as opportunities arise, shifting directions as needed. The SWP reflects the GSA’s vision and mission to advocate for all graduate students to the University of Alberta and the Alberta Government for a safe, supportive, respectful, accessible, and inclusive community that fosters the multi-faceted roles played by graduate students.

This year, in order to develop a set of strategic priorities that reflect the changing needs of graduate students, the student executive team invited graduate students to participate in a townhall event on 17 May 2021 and circulated a feedback survey to graduate students during the period of 7-18 May 2021. These consultation initiatives yielded a significant amount of feedback and helped shape the 2021-2022 GSA Board Strategic Work Plan. The final document was approved by the GSA Board in late June and received by GSA Council for information at their July meeting. It can be viewed on the GSA website.

The student executive team will continue to engage in ongoing conversation with the GSA Board and GSA Council, and other GSA standing committees, concerning the pursuit of the goals outlined in the SWP. Updates are provided to GSA Council in October, January, and April; this document is the second of these three updates. A selection of ongoing work and new initiatives pursued and undertaken by the 2021-2022 student executive team (GSA President Anas Fassih, GSA VP Academic Kathy Haddadkar, GSA VP External Mohd Tahsin Bin Mostafa GSA VP Labour Jessica Grenke, and GSA VP Student Services Paresh Kumar), in harmony with the 2021-2022 SWP, can be found below.

- Engaging in repeated consultation efforts with the graduate student body to gauge reactions to, and—later—experiences resulting from the Fall 2021 Return to Campus. This consultation was conducted primarily via two surveys and results were reviewed by the GSA Board and used to guide advocacy directions;

- Securing a multi-year agreement with the University pertaining to their existing subsidization of the Graduate Student Assistance Program (GSAP), a commitment that will allow the GSA to continue offering this highly valued service to its members at an affordable rate. This agreement will guarantee the contribution of $84,000 per year, starting with the 2022-2023 year, for a period of 3 years;

- Supporting the Faculty of Graduate Studies and Research (FGSR) Student Supervisory Excellence suite of regulations and guidelines as academic units work to implement its changes in advance of the Fall 2022 term;

- Working with the FGSR to reimagine how graduate funding packages can be improved so as to provide much needed financial stability for students. This project has been a priority at the GSA for several years and the University’s restructuring to a college model now provides an opportunity to reassess graduate student funding on campus;
Relating to the continuing work of academic restructuring, the President served as a member of the Academic Leaders’ Task Group (ALTG) which sought to evaluate the role of academic leaders (that is, professors with administrative contracts) given the reimagining of departments and faculties in the new college model of the University. The ALTG has finalized a report of its recommendations and it was recently reviewed by General Faculties Council (GFC);

On behalf of the GSA, the President has also devoted significant efforts into advocating for the FGSR to remain a standalone faculty for graduate students and ensure that graduate students’ services remain within said faculty. This includes preventing migration of services from the FGSR to other offices in the new college model and working with the Provost and Vice-President (Academic) to ensure that there is robust consultation with the GSA regarding any changes in the structure of FGSR;

The President has been engaged in conversation with both the University President and the Provost and Vice-President (Academic) about tuition increases which the GSA opposes, while expressing an openness to discussing grandfathering a cohort of graduate students into the previously GSA-negotiated rebate (2019). The GSA will hear back from the Provost and Vice-President (Academic) in January 2022;

Working alongside the Students’ Union (SU) to hire a Sexual Violence Response Coordinator, a role that will contribute to achieving our goal of ensuring safety and wellness for all graduate students and other University community members. Recruitment is currently under way for this role;

Also in this vein, the GSA recently signed a letter alongside the SU which outlined ten concrete demands from the University to better support survivors as well as create a preventative framework against sexual violence. This action garnered media coverage. In further emphasis of this demand, undergraduate student representatives, GSA student leaders, and graduate student representatives staged a walk-out of the 29 November 2021 meeting of GFC in a call to action to University administration and the campus community more broadly;

The President and VP Student Services are continuing to explore ways in which the GSA can formalize financial support to graduate students who face the often-prohibitive cost associated with technologies essential to learning at the post-secondary level. Discussions are ongoing with the Office of the Registrar, Office of Advancement, and the Office of the Dean of Students on the possibility of establishing a bursary program. Meetings are set up to discuss ways to fundraise for the program;

The GSA Equity, Diversity, and Inclusion Committee (GSA EDIC) circulated a consultation survey to help it identify upcoming initiatives. The committee aimed to consult with the graduate student population on dimensions of EDI that they find most pressing, and what initiatives students would most benefit from in the short term. The committee is now in the process of reviewing the survey feedback and determining next steps;

The President and VP External participated in the Alberta Graduate Provincial Advocacy Council (ab-GPAC) Advocacy Week, an annual initiative during which ab-GPAC executives meet with members of the provincial government and the opposition to advance graduate student interests;

In the same vein, the VP External and President met with 24 MLAs from the provincial government and opposition, including several high profile government officials, to discuss introducing a dedicated
immigration stream for international students, reforming financial aid, and implementing funding for care-giver graduate students;

- The GSA office continues to operate in a hybrid format where staff work in office as well as remotely in order to balance public health standards with the need to support graduate students in-person;

- Under the supervision of the President, the GSA Budget and Finance Committee (GSA BFC) is currently reviewing the GSA’s investment policy to ensure it remains reflective of the organization’s goals of assuming a low-risk stance and adhering to the principles of ethical investing;

- The GSA launched Surviving and Thriving in Grad School to in October 2021. This event series works to connect new graduate students with experienced ones. In addition to this, an end of term event was held in December 2021: the GSA presented a free and virtual improv comedy event featuring Edmonton’s Rapid Fire Theatre and several door prizes for attendees;

- The VP Student Services and other GSA student executives are collaborating with Studentcare to solicit feedback from members on the GSA Health and Dental Plan, its associated fee, and coverage;

- Affordable student housing and housing for families continue to be a significant priority for the VP External. Among other efforts, the GSA VP External meets regularly with the Associate Vice-President (Campus Services) to further advocacy efforts and cultivate a foundation for future collaboration;

- Work to formalize the Graduate Student Societies of Canada, a national student advocacy group, is ongoing in collaboration and cooperation with other prominent graduate student leaders. Among other priorities, this group will prioritize advocating for immigration support for international students, and increased Tri-Council funding and student loan subsidies;

- Pertaining to the position of the GSA as the union for Academically-Employed Graduate Students (AEGS), the following pursuits have been undertaken:
  
  - The GSA Labour Relations Committee, with significant guidance and leadership from the VP Labour, has recruited and trained a number of faculty stewards as part of ongoing efforts to bolster the bargaining power of the union;
  
  - The GSA has now formalized its service agreement with the Public Service Alliance of Canada (PSAC); a partnership which will strengthen the union and its bargaining position. This service agreement is funded by the newly established GSA Labour Union Fund;
  
  - The GSA Labour Union Fund—which is comprised of a seed fund of $100,000 transferred from the GSA's 2019-2020 operating budget surplus, following a recommendation from the GSA BFC and the approval of GSA Council, and sustained by the collection of a 1% union due of the salary portion of stipends received by AEGS—will also strengthen the steward network and allow for more comprehensive communication strategies with the union members;
  
  - The VP Labour has launched an outreach effort to all recognized graduate student groups to raise awareness of AEGS rights. Presentations on the Collective Agreement rights and
feedback sessions on union effectiveness were given to all interested student groups (25% of those contacted). Also in this vein, the VP Labour has led regular efforts to connect and share information with GSA unions at the University of Lethbridge and the University of Calgary;

- The work summarized above is culminating in a stronger bargaining position as the negotiations for the GSA Collective Agreement commence. This process launched in the fall with two town halls and a survey circulated to all AEGSs to collect feedback on bargaining priorities. In December 2021, AEGSs voted in favour of the bargaining mandate, and the GSA Negotiating Team is now ready to submit their opening proposal to commence bargaining;

- The team is seeking to finalize an agreement before the termination of the existing agreement in August 2022; and

- The GSA executive team continue to cultivate and sustain productive relationships with prominent members of University administration and stakeholders which remains a high priority. The student executives therefore engage in regular meetings with University President, Bill Flanagan; Provost and Vice-President (Academic), Steve Dew; Vice-Provost and FGSR Dean, Brooke Milne; Chief Strategy Officer, Catherine Swindlehurst; and Dean of Students, André Costopoulos, among many others.

The student executive team will continue to move these initiatives forward, as well as pursue other, new initiatives for the fulfilment of the goals outlined in the 2021-2022 SWP. The next and final update on the SWP will be brought forward to GSA Council in April 2022.
GSA NOMINATING COMMITTEE (GSA NoC)  
GSA APPEALS AND COMPLAINTS BOARD (GSA ACB) (Renewal of Two (2) GSA member positions)

As per GSA Bylaw and Policy, terms of office for the GSA ACB may run for a one (1) or two (2) year term and members may stand for re-election (GSA Bylaw and Policy, Section H.POL.7.4). Accordingly, as the terms of office for three (3) members of the GSA ACB are soon to expire/have expired over the past two months, those members were contacted on 8 November 2021 to inquire if they wished to stand for re-election. Two (2) members indicated they wished to extend their service. Additionally, the two (2) members have been previously interview by GSA NoC members who have been trained in procedural fairness by the GSA and have a record of demonstrating impartiality through their work on the GSA NoC (a member of GSA management was also present for said interviews) and have themselves, following their initial election to the GSA ACB, received training in the basic tenets of procedural fairness.

There will be an electronic vote held at the 17 January 2022 GSA Council meeting.

If you and your alternate are unable to attend the 17 January 2022 meeting of GSA Council and would like to cast an electronic vote for this position, you must contact the GSA Nominating Committee Coordinator (gsanomco@ualberta.ca) BEFORE 3:00 PM on Monday, 17 January 2022 in order to cast your vote in advance of the GSA Council meeting.

President
Report to GSA Council for the 17 January 2022 Meeting

To: GSA Council
From: Anas Fassih
Date: 14 January 2022

Dear Council Colleagues,

I hope you are doing well, and Happy New Year. It has been light since the last time I reported because of the Winter break, but I am happy to report some high-level updates about tuition, student services, and external advocacy.

The GSA proposal to the Tuition and Budget Advisory Committee (TBAC) has witnessed some developments after the break. I have had meetings with the Provost, President, Dean of the Faculty of Graduate Studies and Research (FGSR) and Registrar to discuss ways to bring some relief to graduate students in the face of the anticipated 7% increase to domestic tuition. I asked for the possibility of grandfathering the 2021 cohort in the tuition rebate that was negotiated between the GSA, Students’ Union (SU) and the University in 2019. As a response, the Provost indicated that grandfathering the 2021 cohort in the rebate would cost $3 million in year 1 and would grow year by year, which was not in the University’s ability to support. He rooted the argument in the principle that it is unfair to approve the rebate for one cohort and not for another if the University were able to do it in the first place. As an alternative scenario, I advocated for an extension of the 2019 rebate, which was approved for 4 years to 5 years, an additional year for the pre-2020 cohort to benefit from the rebate in light of the delays to programs over the past two years as we’ve navigated the pandemic. The Provost said that would cost the University $1.6 million, and they would need to do some more calculations on the feasibility, which raises two questions: is the University able to offer it? And if it is, is it the right way to spend money on graduate students? Alternative ways of spending could be increasing financial aid and student support funds. I will continue the conversation with the Provost in the next few weeks, and I am confident I’ll be able to report on some financial gains for graduate students. I would like to remind our Council members that this is the only option we have at the table, given that there is no way we can stop the 7% increase. We will use all of our social capital to get some money back in the pockets of students in whichever way we deem most efficient and appropriate.

In Student Services, we have made progress on the establishment of a graduate bursary program with the Registrar’s Office (RO), the Office of Development and Alumni Relations, and the Dean of Students (DoS). Very soon, we will have a meeting with Interim Vice-President, Advancement (Office of External Relations) Kelly Spencer and her team to discuss fundraising options and ways to identify donors, including the requisites for seed funds the GSA, RO and DoS will need to explore. This is going to be an important mark in the Student Services portfolio as our members rely a great deal on our emergency bursaries, academic travel grants, childcare grants, and the health and dental plan, which makes it highly pivotal for the team this year to find ways to pour dollars into further programs that financially support our members.

At the external level, I ended the last month attending meetings with Members of the Legislative Assembly (MLAs) from both the elected government and opposition, including high government officials to discuss student aid, funding for caregiving, and immigration as part of the Alberta Graduate Provincial Advocacy Council (ab-GPAC) advocacy week. On the immigration front, I am delighted to report that the Minister of Immigration, Tyler Shandro, made a commitment to review the current immigration programs in February this year. My colleagues in ab-GPAC and I attended the meeting armed with data-based arguments and ascertained that the Minister understood the importance of graduate students in the province, and how important talent retention is for the province’s economic recovery.

Last, I have directed that our communications be updated and that we develop a more robust social media presence. This starts by featuring Directly-Elected Officers talking about their portfolios and priorities for the year, as well as featuring some graduate students talking about their research and experience on campus in our social media. I’ll explain more during our Council meeting.
This concludes my month of advocacy. Feel free to reach out to me via email (gsa.president@ualberta.ca) should you have any further questions. I hope you all a blissful season!

Thank you,
Anas Fassih, President 2021-2022

From: Kathy Haddadkar  
Date: 14 January 2022

Dear Council Colleagues,

Happy New Year! While we are still surviving a longstanding pandemic, I wish each of you a renewed 2022 which is filled with unexpected joy, good health, and hope for all that is to come. As the GSA is getting back into the post-holiday swing of things, my meetings for this month are relatively few but still of great importance. I wish you a safe, somewhat restful, and of course, studious semester.

Here are some of my meeting highlights for this month:

17 December – Meeting of the GFC ad-hoc Review Committee
- During this working session of the ad-hoc review committee, we continued our focus on reviewing the Academic Restructuring process, specifically regarding consultation
- As each member shared findings from their assigned sources, we found significant gaps, which indicate that data is currently missing from the consultation
- Specific to this concern, we also found that many questions and areas of concern were left unanswered, especially between the General Faculties Council and the Board of Governors on the matter of Academic Restructuring
- To better navigate these gray areas, we began creating a rough timeline from July 2021 to the present day to close in on any holes within this process
- In the new year, this ad hoc review committee hopes to focus on contacting and interviewing individuals who would be ideal contacts for further knowledge

10 January – General Faculties Council Executive Committee Meeting (GFC Exec)
- During this rather efficient meeting, a few items of note were discussed including a notice of motion to implement proposed changes to the GFC meeting procedural rules on voting, which would propose to change from votes based on ‘majority of those present’ to ‘majority of votes cast’
- Several details were discussed regarding the secondary revisions of the Review of the GFC Guiding Documents, of which the potential removal of the 30-minute cap on the question period, as well as concerns on extending the discussion past the 3-minute point when called on by the chair of the committee
- Finally, the reapportionment of the General Faculties Council was also brought forward. Here, the Secretary and Manager of GFC, Kate Peters, expressed how policy language ratified in 1971 ensured that the number of students to statutory faculty must be equal
  - As a result of this, the number of seats for graduate students was dropped from 14 to 13 in order to balance a drop from 54 to 52 on the statutory faculty seating at GFC
  - As far as we know, this should not cause numbers for graduate student seats to dwindle at GFC

I warmly welcome further discussion and correspondence on this report, as well as any other academic-related matters, and can be reached at gsa.vpacademic@ualberta.ca.

Respectfully,
Kathy Haddadkar, Vice-President Academic 2021-2022

Vice-President External
Report to GSA Council for the 17 January 2022 Meeting

To: GSA Council
From: Mohd Tahsin Bin Mostafa
Date: 14 January 2022

Dear Council Colleagues,

Last month we had the second phase of our advocacy week for the Alberta Graduate Provincial Advocacy Council (ab-GPAC), where ab-GPAC had the opportunity to meet with the honorable Minister of Labour and Immigration, Tyler Shandro, and Member of the Legislative Assembly (MLA), Richard Gotfried. The Minister agreed to talk to us over the phone to discuss our ask on international immigration for graduate students. However, it was an extensive meeting covering many different aspects of the Alberta Immigrant Nominee Program (AINP) and how it can be made easier for graduate students. I am happy to report that we both shared some common ideas that need to be brought into this to make it more student friendly. However, the Minister refrained from making any commitment, concluding that he would raise some of the points discussed in their review of the program in February. I am optimistic and looking forward to some good news in the coming months. The meeting with the MLA was similar to the ones attended in phase one, where all of our asks were discussed, ranging from financial aid to immigration to childcare.

As the Vice-Chair of ab-GPAC, I have been attending meetings with the executive team as well, where we are now focusing on continued advocacy to the provincial government, long-term strategic planning for the organization, and drafting new governance, advocacy and outreach policies.

In the Residence Advisory Committee (RAC) meetings, I have been working with members to find a solution for the lack of Couples’ Housing and marketing ideas to keep more second year students in residence. There will be a shift to an 8-month lease agreement to attract more residents from an 11-month one. However, the graduate residence will not be impacted by this new change as by and large, graduate students need year-round accommodation. Regardless, I would love to hear from you on this if there are any concerns you may have about the lease length or residence in general.

Thank you,

Mohd Tahsin Bin Mostafa, Vice-President External 2021-2022

Vice-President Labour
Report to GSA Council for the 17 January 2022 Meeting

To: GSA Council
From: Jessica Grenke
Date: 14 January 2022

Dear Council Colleagues,

I begin my report with the hope you have arrived back at your research and teaching posts renewed from the winter holidays. COVID continues to challenge our resiliency and ability to adapt and your continued contribution to the University community in light of such challenges is not to be taken lightly.

Our union began the winter term with a strong start to Collective Agreement negotiations. On January 6 we formally exchanged bargaining proposals with the Board of Governors, beginning negotiations proper with the University for stronger academically-employed graduate student rights. I could not be more pleased with the bargaining proposal and our current position at the table. Your feedback received at town halls, surveys, many informal zoom meetings, emails, and our formal bargaining mandate vote enabled us to construct a proposal blazingly relevant to our community. The expertise of our incredible GSA Labour Relations Committee (GSA LRC), union stewards, and GSA staff allowed us to place the goals you identified within a logistically achievable context. I’d especially like to thank our Public Service Alliance of Canada (PSAC) colleagues for their leadership during preparations. Their deep knowledge of every aspect of negotiations elevated the work of our U of A community into a first-class proposal. I look forward to providing regular updates on our bargaining progress over the next term (in addition to the report specifically on this topic attached below).

Unions are communities and I continued to strengthen our U of A union network through partnerships across and beyond campus. Continuing the strong Alberta graduate union alliance I’ve invested in my entire term, I met again with the heads of graduate unions at the University of Lethbridge and the University of Calgary. As we are all set to begin bargaining within the same time-frame, these consultations are especially crucial. We have also signalled our support for the Concordia University of Edmonton Faculty Association strike through a joint statement. I also had the pleasure of training our newest faculty steward, Kenna McDowell in the Faculty of Arts!

Please do not hesitate to contact me if you have any concerns, ideas, or suggestions. I’m here to serve you!

In solidarity,
Jessica, Vice-President Labour 2021-2022

GSA Collective Bargaining Update to Academically-Employed Graduate Students (AEGSs), 14 January 2022

GSA Bargaining Begins

The GSA Negotiating Team met with the University of Alberta team to exchange its non-monetary bargaining package on the 6th of January. This initial exchange was the culmination of several months of hard work by the GSA’s Negotiating Team and Labour Relations Committee (LRC).

The GSA began preparing for bargaining in fall of 2021 when it solicited input from the members through outreach, town halls, and a web survey. The Negotiating Team truly appreciates the level of engagement from the membership during the consultation process, particularly given how busy we know all of you are.

The GSA Team, consisting of Jessica Grenke, Josephine Bolaji, and Dayton Chen (supported by GSA Associate Director Erika Heiberg, PSAC Representatives Mathew Ashworth and Rachel Stark, PSAC Researcher Silja Freitag, and PSAC Negotiator John Eustace), held several caucus meetings with members of the LRC to review member input, to audit the collective agreement, and to develop a bargaining mandate and a package of bargaining demands. The mandate was then put to a vote by the membership, where it received overwhelming support.

The full non-monetary package is attached to this update for your review, and we encourage all members to read it. Some of the highlights follow:

- There is a strong equity theme throughout the proposals, whether it is through the insertion of management rights language to ensure that the Employer accepts its positive obligation to ensure fair, reasonable, and equitable treatment of members; through new leave provisions for Traditional Indigenous Practices and for victims of Domestic Violence; or through a proposal to create a committee to survey the members and report on Equity, Diversity, and Inclusion.
- Several proposals address member concerns about inconsistent application of the collective agreement across campus, requiring training for those who administer the agreement, making sure that the Union is involved in all departmental orientations where GA duties will be discussed, and ensuring that duties and responsibilities are more clearly articulated in the initial meeting between GAs and the GA Supervisors.
- The GSA has also proposed improvements to the appointment process, ensuring that members get an opportunity to indicate a preference for TA assignments and requiring the University to provide a rationale when preferred courses are not assigned. We have also proposed to expand eligibility for combined GTA/GRA appointments from 12 to 20 hours/week so that members can make ends meet.
- Time off has been an issue for members, so the GSA has tabled new proposals on vacation time and holidays.
- Members report that they are being required to work more hours than those prescribed by their employment contracts, so the GSA has tabled language requiring payment for hours worked in excess of the employment contract. And the GSA has replaced the old GA Time Use Guidelines form with a more robust Assignment of Duties and Allocation of Hours form so that members have a clear idea of how many hours are allocated to specific duties.
- We have tabled many proposals for new provisions to bring the collective agreement into line with what is in other collective agreements in the sector and to put the GSA in a better position to support its members.

The tenor of the initial exchange was respectful. The GSA Team went first, introducing its package to provide context to its proposals. And the University followed with a much shorter statement of interests, rather than actual proposals. Notably, the University’s initial package contained a significant concession: 0% increases to salary over the life of the agreement.

Future dates for bargaining have yet to be established, but the parties have committed to a virtual meeting at some point in February to continue the process. The GSA will inform members once dates have been established, and you can look forward to another bargaining update after the next meeting.

The GSA Team would like to thank you again for engaging in the pre-bargaining process. You are our strength at the table.
In solidarity,

Jessica Grenke (GSA VP-Labour)
Josephine Bolaji (GSA Team Member)
Dayton Chen (GSA Team Member)
Erika Heiberg (GSA Associate Director)
Mathew Ashworth (PSAC Rep)
Rachel Stark (PSAC Rep)
Silja Freitag (PSAC Researcher)
John Eustace (PSAC Negotiator)

and

The University of Alberta

GSA Non-Monetary Package
6 January 2022
INTRODUCTION

Graduate Students’ Association of the University of Alberta (hereafter “GSA”) enters these negotiations in good faith with a view to renewal of the Collective Agreement between the GSA and the University of Alberta (hereafter “the University”). Such agreement shall be subject to ratification by members of the bargaining unit.

The GSA submits these proposals for a new collective agreement. These proposals are being advanced without prejudice to any future proposed amendments and/or additions and they are subject to any errors and/or omissions. The GSA reserves the right to introduce, amend and withdraw its proposals, and to introduce counter-proposals to the University’s proposals or counter-proposals.

Strikethroughs denote proposed deletion. Bolded text denotes new language/editorial changes.

RESERVE means that the GSA reserves the right to make proposals at a later date. In particular, the GSA reserves the right at an appropriate time during negotiations to introduce a comprehensive financial package that may include but not be limited to proposals on rates of pay, allowances, expenses, hours of work, leaves, and benefits. The GSA also reserves the right to table new proposals in response to legislative changes that occur during the course of bargaining.

If neither party has a proposal on a specific article, clause, or Appendix, that article, clause, or Appendix shall be renewed.

The GSA requests that the University disclose any plans for changes at the workplace level that may affect this round of negotiations and reserves the right to make additional proposals after receiving this information.

The GSA will not engage in concessionary bargaining.

Report to GSA Council for the 17 January 2022 Meeting

To: GSA Council  
From: Paresh Kumar  
Date: 14 January 2022  

Dear Council Colleagues,

I want to start by wishing you all a very happy and prosperous new year. I hope you all are doing well and everything will be back to normal again soon. Here are the main takeaways from the meetings I attended last month:

- **Examinations:** There have been no issues reported with the offline examination process. The Registrar’s Office staff was checking the CampusReady pass for every student and if there was a student without the pass then they noted the details of the student and checked in with them later after the exam. Information was also shared with University administration and the Code of Student Behaviour was applied for any student found to be unvaccinated or without an exemption.

- **Vaccination:** As of now, there is no mandate for the booster shot but if the government updates the regulations, the University will also update its requirements to align with the government.

- **Incoming students:** FGSR is getting a lot of requests for deferrals because some international students are not able to travel to Canada amid the pandemic restrictions.

- **Rapid Testing:** International students will get rapid testing kits if they are not double vaccinated upon arrival, either because of unavailability of vaccine in their country or because they do not have an Alberta Health Care card yet.

- **Health and Dental Plan:** Membership in the Plan has increased from last year and we are seeing an increase in usage of some services, which will likely result in the need to modestly increase the fee associated with the Plan. We are continually working on making the Plan better as per students’ needs and will be coming forward to GSA Council with the fee proposal for 2022-2023 in the coming months.

- **Mandatory Non-Instructional Fees (MNIFs):** As per an agreement between the University, the GSA, and the Students’ Union, these fees will increase equivalent to the academic price index of 1.38% for next year.

- **For safety related updates or COVID measures, please refer to the University’s safety measure general directives:**  

I wish you all a safe winter season. Feel free to reach out to me with any comments/concerns regarding this report or any other specific issue you want to discuss regarding student services at gsa.vpstudentservices@ualberta.ca
Thank you,
Paresh Kumar, Vice-President Student Services 2021-2022

Report to GSA Council for the 17 January 2022 Meeting

To: GSA Council  
From: Kenzie Gordon  
Date: 14 January 2022

The report from the GSA Nominating Committee (GSA NoC) this month is a summary of discussions/decisions the committee has made since its last report, together with a list of all vacancies filled and those which will be filled shortly.

GSA Policy governing the GSA NoC is located in GSA Bylaw and Policy, Section E: Nominating. As provided for in its Terms of Reference, the GSA NoC has been conducting business via e-mail.

Sincerely,
Kenzie Gordon, Chair of the GSA NoC

Memorandum to GSA Councillors

As reported previously on multiple occasions, there are a number of vacancies on GSA Standing Committees for GSA Council Members (Departmental Councillors, Alternates, and Councillors-at-Large). These positions play a pivotal role in the GSA’s ongoing efforts to keep its processes transparent and itself accountable and long-term vacancies adversely impact these efforts. GSA Councillors (including Alternates) are strongly encouraged to consider serving on these committees.

It is important to note that the time commitment for these committees varies greatly. While some meet regularly throughout the year (usually every two (2) to three (3) months) others meet less frequently, and some do almost all of their work over email. Additionally, there is an appreciation of people’s schedules and other commitments and accommodations are routinely made for those who cannot attend all meetings.

Service on these bodies is an excellent way to make sure your voice is heard and a great opportunity to add to your CV/resume!

On behalf of the GSA NoC, I strongly encourage GSA Councillors (and Alternates) and Councillors-at-Large to consider the next round of vacancies, which will be circulated to GSA Council electronically and which are listed below. Questions can be directed to me at mlgordon@ualberta.ca or GSA Elections Coordinator Monica Brzak at gsanomco@ualberta.ca.
1) GSA Appeals and Complaints Committee (GSA ACB) (One (1) GSA Councillor Position)
Information regarding the position for one (1) GSA Councillor was circulated via email to GSA Council 10 and 17 December 2021, and 7 January 2022 with a nomination deadline of 11 January 2022. No nominations were received; this vacancy will be advertised again.

2) GSA Appeals and Complaints Committee (GSA ACB) (Two (2) GSA Member Positions)
Information regarding the position for two (2) GSA members was circulated via the GSA newsletter on 10 and 17 December 2021, and 7 January 2022 with a nomination deadline of 11 January 2022. No nominations were received; these vacancies will be advertised again.

3) GSA Appeals and Complaints Committee (GSA ACB) (Two (2) GSA Member Positions) – Renewal of Positions
Information regarding the terms of office of three (3) GSA ACB members coming to an end were emailed to current GSA ACB members on 8 September 2021. Two (2) members were interested in seeking an additional term and nominations were received; there will be an electronic vote (see Item 9 – Nominees for Renewal of Positions on the GSA Appeals and Complaints Board).

4) GSA Governance Committee (GSA GC) (Two (2) GSA Councillor Positions)
Information regarding the position for two (2) GSA Councillors was circulated via email to GSA Council 10 and 17 December 2021, and 7 January 2022 with a nomination deadline of 12 January 2022. No nominations were received; these vacancies will be advertised again.

5) GSA Board (GSAB) (One (1) GSA Councillor Position)
Information regarding the position for one (1) GSA Councillor was circulated via email to GSA Council 10 and 17 December 2021, and 7 January 2022 with a nomination deadline of 12 January 2022. No nominations were received; this vacancy will be advertised again.

6) GSA Board and GSA Nominating Committee (GSAB/NoC) (Two (2) Joint GSA Councillor Positions)
Information regarding the position for two (2) GSA Councillors was circulated via email to GSA Council 10 and 17 December 2021, and 7 January 2022 with a nomination deadline of 12 January 2022. No nominations were received; these vacancies will be advertised again.

GSA Elections and Referenda Committee
Report to GSA Council for the 17 January 2022 Meeting

To: GSA Council
From: Jennifer Bertrand
Date: 14 January 2022

Dear GSA Council Colleagues,

The GSA Elections and Referenda Committee (GSA ERC) met on 10 January 2022 to continue planning the 2022 GSA General Election.

At this meeting, members reviewed and recommended to the Chief Returning Officer (CRO) the 2022 GSA General Election All-Candidates Meeting agenda and discussed additional restrictions around campaigning owing to the University directives related to COVID-19. The GSA ERC also discussed social-media communications graphics for the election.

The GSA ERC will next meet on 4 February 2022 to continue the process of planning the 2022 GSA General Election.

Sincerely,
Jennifer Bertrand, Chair of the GSA ERC
To: GSA Council  
From: Courtney Thomas  
Date: 14 January 2021  

Dear GSA Council Members, 

As reported last month, the office, following a meeting of the GSA Budget and Finance Committee (GSA BFC) in December and with another scheduled for next week, is beginning to prepare the 2022-2023 GSA operating budget. The budget will come before GSA Council in February. When the operating budget comes forward, it will be accompanied by the most recent term financial report so that GSA Council members can also be kept apprised of where the organization’s finances currently sit. A Budget 101 session will also be offered in advance of the February meeting to help familiarize members with the GSA’s budget. 

We are also continuing work with the Chief Returning Officer, Deputy Returning Officer, and members of the GSA Elections and Referenda Committee to prepare for the 2022 GSA General Election, which will happen in February. In advance of the General Election nomination period opening (8 February 2022), the office hosted Discover Governance sessions in November, December, and January for those interested in running for elected office. If you were unable to attend any of these sessions but are interested in participating, please let me know and we can arrange for a separate session to be held. 

With the start of a new term, we have recirculated the online GSA orientation e-class and are also planning the organization of some peer panel events to be held online in the coming weeks. Finally, the office has been accepting applications for the GSA Recognition Awards and staff will be supporting the GSA Awards Selection Committee as it adjudicates applications. 

As always, the detailed weekly reports from the management team to the GSA Board are attached for your review and I hope everyone had a restful holiday break. 

Best, 
Courtney Thomas, Executive Director
Management has been engaged with the following issues since the last GSA Board meeting on 1 December 2021:

**Strategic**

- Preparing for the office closure dates over the holiday break (prepping January GSA Council and GSA Board material, etc).
- Circulating materials for the cancelled 13 December meeting of GSA Council and organizing an email vote to ratify the representative selected by the Kinesiology, Sport, and Recreation Graduate Student Society to serve on that Faculty’s dean selection committee.
- Development of the 2022-2023 operating budget (following the review of various recommendations with the GSA Budget and Finance Committee (GSA BFC) and supporting a review of the GSA’s investment policy by the GSA BFC.
- Planning for the 10 January Discover Governance event – the event is hosted by the GSA Nominating Committee Chair and current Directly-Elected Officers participate by introducing themselves and speaking briefly on their work with the GSA and then taking questions from attendees interested in potentially running in the 2022 GSA General Election.
- Continued support for the GSA Elections and Referenda Committee as it plans the 2022 GSA General Election (the committee will next meet in the new year to finalize things and we’re working on preparing materials, etc).
- Work associated with the Collective Agreement (soliciting expressions of interest for the steward network and planning training sessions for newly appointed stewards, advising individual graduate student workers, and preparing for the next round of negotiations (working with PSAC and the GSA Negotiating Team to draft the GSA’s bargaining mandate, which will be subject to a ratification vote by the bargaining unit) and supporting the work of the GSA Labour Relations Committee.
- Moving forward a proposal to amend the mandate of the GSA Appeals and Complaints Board with respect to Councillors-at-Large (hoping to bring forward to GSA Council in February, following consultation with the GSA Appeals and Complaints Board (this body has just completed a very thorough review), the GSA Governance Committee (an email vote will be circulated in January), and the GSA Board).

**Operations**

- Opening of the application period for GSA Recognition Awards, hosting a Recognition Awards 101 session, and providing training sessions for adjudicators.
- Forward planning for GSA Awards Night (an in-person event, scaled down and with appropriate safety measures, may be possible by late March), online winter orientation, and future peer panel events.
- Supporting the work of the GSA Nominating Committee: vacancies on the GSA Appeals and Complaints Board (advertised directly to GSA Council and via the GSA newsletter), GSA Governance Committee (advertised directly to GSA Council), the GSA Board (advertised directly to GSA Council), the GSA Board/GSA Nominating Committee (advertised directly to GSA Council), and the Faculty of Graduate Studies and Research Council (advertised via the GSA newsletter).
- Facebook = 1,719 likes (down 2 from 8 December); Facebook posts reached 291 users since 8 December. Twitter = 1,242 followers (up 4 from 8 December; our tweets earned 699 “impressions” over the past week. Instagram = 766 followers (up 1 from 8 December); Instagram posts reached 203 users last week.
- GSA Academic Travel Grants = new funding period started 1 October (now accepting applications for travel within Canada as well as online; uptake on travel option remains very low); GSA Child Care Grants = new funding period started 1 October; GSA Emergency Bursaries = no funding periods; GSA Graduate Student Group Grants = new funding period started 1 October. All funding continues to be closely monitored so we can direct it to where the most need is and funds not projected to be spent are being transferred to the University to dispense in the form of COVID-related supplementary bursaries for graduate students.
