GSA Council Meeting AGENDA
Monday, 20 June 2022 at 6:00 pm
Held in-person in Council Chamber and electronically via Zoom

The GSA and the University of Alberta reside on Treaty 6 territory and the homeland of the Métis. This territory is a traditional gathering place for diverse Indigenous peoples including the Cree, Blackfoot, Métis, Nakota Sioux, Iroquois, Dene, Ojibway, Saulteaux, Anishinaabe, Inuit, and many others whose histories, languages, and cultures continue to influence our vibrant community. In acknowledging this traditional territory and its significance for the Indigenous peoples who lived and continue to live upon it, we recognize its longer history that reaches beyond colonization and the establishment of European colonies and recognize the GSA’s ongoing collective responsibility in working with First Nations, Métis, and Inuit (FNMI) peoples and what that means for the work of the GSA as it aims to practice the principles of being Good Relations with FNMI peoples, Nations, communities, and lands.

Substantive material is sent to all GSA Council members at least one week prior to the date of the meeting to give members abundant time to review. Any additional substantive material received after this mailing will be emailed as soon as possible.

Reports from committees, Directly-Elected Officers, and GSA Management are emailed the Friday before a Monday meeting so that the content is as current as possible.

GSA Council Member Announcements
4. GSA Council Member Announcements
   A Fassih (President) announced that the GSA was looking for a graduate student to fill a director position with the Alberta Graduate Provincial Advocacy Council (ab-GPAC). Ab-GPAC was the main lobbying organization for graduate students in Alberta and the GSA’s main form of lobbying the provincial government. Interested graduate students could A Fassih directly at gsa.president@ualberta.ca.

Discussion Items
5. GSA Board Strategic Work Plan (SWP) Consultation
   A Fassih (President) presented the item and explained that the GSA Board Strategic Work Plan (SWP) was the guiding document for initiatives and priorities for the upcoming year. GSA Council would see the final version over the summer. The GSA circulated a survey to collect thoughts from members on the SWP. The GSA would engage in robust consultations to speak to graduate students about their most pressing issues. This would be members’ opportunity to tell the GSA about their experiences and challenges to inform the GSA’s priorities for the year. It was noted that nothing in the SWP would be set in stone as new issues might arise and the GSA would need to stay nimble to respond as things come up. The SWP would also be brought back to GSA Council in October, January, and finally April, to provide progress updates to members. Members were encouraged to provide input on behalf of their constituents so the GSA Executive could advocate for them and a link to a survey specific to members of GSA Council was shared.

Reports
6. President
   i. President’s Report:
      Members had before them a written report, which had been previously distributed on 13 May 2022. The report stood as submitted. In addition, A Fassih stated that he was away last month and had nothing new to report; he welcomed the new team and noted he was looking forward to getting to work and reporting to GSA Council in future.

   ii. GSA Board
      Members had before them a written report, which had been previously distributed on 13 May 2022. The report stood as submitted.

   iii. GSA Budget and Finance Committee
      No written report at this time.

   iv. GSA Equity, Diversity, and Inclusion Committee
      No written report at this time.

   v. GSA Governance Committee
      No written report at this time.

7. Vice-President Academic
   i. Vice-President Academic’s Report:
      Prepared by M Toghrai and F Robertson for GSA Council 16 May 2022
Members had before them a written report, which had been previously distributed on 13 May 2022. The report stood as submitted. In addition, B Aziz highlighted the meetings he had attended so far in his term: General Faculties Council (GFC) Caucus, GFC, subsequent meetings with Faculty of Graduate Studies and Research (FGSR) Dean Brooke Milne, and the FGSR Policy Review Committee.

B Aziz outlined the primary focus of GFC Caucus, GFC, and meetings with B Milne, which pertained to proposed changes to University Calendar language around transfer credits, undergraduate courses, and extra-to-degree courses. The proposed changes included stronger language around transfer course credits from Masters to PhD, limiting the number of undergraduate credits a graduate student could take, and limiting the level of undergraduate courses to 300 and 400 only. There was also ongoing early stage consultation on policy on final examinations.

GSA Council members expressed a series of concerns about the proposed changes including, but not limited to, if FGSR had the capacity to take on all examination scheduling and determining representatives to act as Chair and if this would affect completion timelines (the responsibility of the Chair was procedural, they would not intervene in questioning; training to ensure procedural knowledge would occur; the new timeline was meant to allow students to prepare and for committees to not be rushed but the GSA would bring this point forward for discussion with FGSR); concern with restrictions on undergraduate credits and how this would affect cross-listed courses (400/500) that were intended to be for both grad and undergrad students (cross-listed courses were not affected, only those listed as solely undergrad courses would be affected); FGSR having control over external examiners and the requirements for those examiners, (this was the current practice already; the changes represent a clarification of language); the prevalence of Masters of Fine Art’s (MFAs) who supervised in Fine Arts disciplines without PhDs (clarification was needed and this concern would be brought forward); arms-length exclusion policy for examiners and how this standard, intended to minimize conflicts of interest, seemed difficult for some disciplines (an important concern to bring forward); if there would be consultation opportunities (FGSR Dean B Milne would be invited to GSA Council for this purpose; she had already expressed interest in attending GFC Caucus); how the requirements could negatively affect disciplines where terminal degrees are not PhDs, such as Drama (another important point to bring up with Dean Milne); how the draft policies would impact graduate students with co-supervisors (this concern would be raised); and changing the default standard of examinations from Closed to Public and the problems this would unnecessarily create (B Aziz noted agreement that the default should be Closed with the option of Public if one chooses; we would reiterate this).

8. Vice-President External
   i. Vice-President External’s Report
   Members had before them a written report, which had been previously distributed on 13 May 2022. The report stood as submitted. In addition, J Rao highlighted meetings attended including the Residence Advisory Committee (RAC), where they discussed recent changes to Augustana Campus’ Ancillary Services and the implementation of the unified Service Desk Model for residences; the Alumni Career Committee; the Alberta Graduate Provincial Advocacy Council (ab-GPAC) Board, where they discussed transition documents; Edmonton Students’ Alliance (ESA), where they discussed the U-Pass rebate; and a discussion with the Associate Vice-President Campus Services to discuss advocacy priorities going forward.

   ii. GSA Awards Selection Committee
   No written report at this time.

   iii. Alberta Graduate Provincial Advocacy Council (ab-GPAC) Update to Member Organizations
   No written report at this time.

9. Vice-President Labour
   i. Vice-President Labour’s Report
   Members had before them a written report, which had been previously distributed on 13 May 2022. The report stood as submitted. In addition, H Kaklotar highlighted the meetings he attended including U of A Safety and
Security Committee (UASSC), at which an increase in incidents reported being connected to the increase of on-campus activities was discussed, as well as meetings with the previous Vice-President Labour.

T Carter inquired if there was any discussion at UASSC regarding the No Cops on Campus Initiative or the expression made by Indigenous and LGBTQ2S+ groups on campus that they did not want uniformed officers on campus. H Kaklotar stated there was a plan to increase security so he would bring this point forward at the next meeting. A Fassih (President) clarified that the SU had an official stance on this; we have heard from some groups in support of a greater presence while others want less. The GSA would continue discussions and was grateful for groups bringing these concerns forward. T Carter expressed hope that Indigenous and LGBTQ2S+ groups would be consulted and invited to engage in these discussions and all representatives agreed.

A Patel asked if it was possible to put pressure on the City of Edmonton to increase security at the University LRT station. A Fassih (President) stated that the GSA had advocated for this previously; J Rao (Vice-President External) regularly meets with the Edmonton Student Alliance (ESA), a city-wide group where these issues were discussed with the City of Edmonton. We would continue to push for this at that level.

ii. GSA Labour Relations Committee
Members had before them a written report, which had been previously distributed on 13 May 2022. The report stood as submitted.

10. Vice-President Student Services
i. Vice-President Student Services’ Report
Members had before them a written report, which had been previously distributed on 13 May 2022. The report stood as submitted. In addition, M Vinod highlighted meetings attended including the Campus Food Bank; Days of Action Committee; a meeting with the Acting Associate Dean of Students; the Student Mental Health Network, where they reviewed Health Day and Naloxone training; introductory meetings with Studentcare; and the U-Pass Administrative Committee. M Vinod also highlighted the Visiting Lectureship in Human Rights (VLHR) where they voted to invite Cindy Blackstock as the 2022-2023 speaker; next year would be the 75th Anniversary of the Universal Declaration of Human Rights and the group had reached out to teams for Greta Thunberg and Malala Yousaftzai as well.

**Statement of Interest**

I would like to volunteer to serve as Speaker for the GSA because I am confident that I’ll be able to live up to the requirements of the role as detailed in this nomination form and moreover it’s something I’d love to do. In my Undergraduate years, in one of the top Central Institute, I have had enough exposure in administrative roles ranging from Events Management to being the President of Cultural and Technical Festivals in 2018. I’d Love to preside in all GSA council meetings and would be capable to act neutrally and maintain order which is a much needed part of any meeting to have valuable outputs.

**Bio**

I’m an Indian, currently enrolled in the MSc program in Mechanical Engineering Department. I’ve more than three years of work experience back in India before I joined MSc in UofA in 2022. In India, I was associated with Larsen and Toubro, a top MNC and have valuable learnings from both college as well from the work experience to contribute to newer roles demanding responsibility. In college, I was the Head Representative of the Mechanical Engineering Society for 2 consecutive years and later served as the President of the Cultural and Technical Festival Committee in 2018 and handled a large team with maximum efficiency. Also, in my work experience, I was majorly involved in Reporting efficiency parameters of the plant to the top stakeholders and hence I could enhance my skills in data organization and reporting to the management every fortnight in the most effective way. I am confident that my experience from college and work experience makes me capable and proves my responsibility attitude I bring in with me for this role of speaker I am applying for in the GSA council. I’m sure I’ll hone my skills and perform all the expected duties with sheer dedication and responsibility.

**Statement of Interest**

I am passionate about being involved in my community, both on and off campus. I believe it is important to stay up to date with important issues and have a voice on matters that concern me and my peers. Through being involved in several governance committees, I have developed the skills and experience to effectively represent my peers and their interests. As the CRO, I will uphold the GSA bylaws and ensure a fair and equitable process in the GSA elections. Having already served two terms as the DRO, I have an excellent understanding of the election procedures and have dealt with many unique situations that arose. These two terms have also been during the pandemic, requiring the team to adapt to changing circumstances and make decisions about specific guidelines for candidates.

**Bio**

I attended the U of A for my undergraduate degree (BSc, 2020) and am currently pursuing a PhD in Materials Engineering (2020-Present). I work as the Head Teaching Assistant for chemistry at the Engineering Student Success Centre and as a Research Advisor Graduate Intern at the Undergraduate Research Initiative, helping undergraduate students get involved in research. Throughout my undergraduate degree, I was involved with several student groups as well as volunteering in my community. During my graduate degree, I have continued to be involved on campus through the GSA (DRO, 2020-2022), FGSR Council (2021-Present), and General Faculties Council (2021-Present). I volunteer for WISEST’s annual conferences and participate in their mentorship program partnered with WISER. I also volunteer as a mentor with the Canadian Biomaterials Society. In my community, I serve on the board of my condo association.
President
Report to GSA Council for the 20 June 2022 Meeting

To: GSA Council
From: Anas Fassih
Date: 17 June 2022

Dear Council Colleagues,

I hope this report finds you well and you are enjoying the summer. Whether you are staying in the province or travelling elsewhere to visit family, friends or just for vacation, please know that you worked hard the past academic year and you deserve to rest. If you are staying in the province to work on your research, teach or for any academic/professional obligation, please also know that your work is important.

Before I start my report, I would like to re-iterate how stoked I am to continue serving you again for the third year as a Directly Elected Officer and second year as your President. It has been (and continues to be) an honor to represent you and advocate for you with University Administration, provincial government, and City of Edmonton. As most of you know, I have reported on solid advocacy wins the last year and have planted seeds for other important initiatives geared towards the betterment of students’ experience in graduate school at the University of Alberta. I look forward to outlining those advocacy priorities and initiatives in our July meeting as part of the presentation of our Strategic Work Plan (SWP) for 2022-2023 to Council.

Graduate students face a myriad of challenges as they start this academic year. These challenges range from funding, housing, inability to pay tuition because of the recent tuition hikes, food insecurity, and safety and security on campus and beyond. I wish to reassure you that I am aware of those concerns and challenges, and I’ll ensure that the Executive Team and I marshal efforts to address them this year. I’d also like to apprise Council members of our efforts to curb tuition increases this year and last year. I have been vocal against the 6% international tuition increases in the General Faculties Council Academic Planning Committee and subsequently in the Board Finance and Property Committee the last month. Proposals for this 6% increase have unfortunately passed given the imbalance in voting between student voices and other appointed Board members. Nevertheless, We will continue advocating for a measure of sustainability and stability in graduate student funding packages and in the Graduate Student Support Fund to mitigate the impact of those increases on the graduate student community.

Equally important, while still at a rudimentary stage, I have acted on the directives received from some Council members in our March Council meeting with respect to our Health and Dental Plan. We have invited Studentcare to our Board meetings twice to solicit ideas and feedback on how we can engage in robust consultation with students over the summer. Health and Dental coverage is a critical service area in our student services portfolio; we want to ensure that our members are constantly consulted about any changes to the service. Going forward, we have decided to organize a series of townhalls over the summer and invite Studentcare reps to Council in early Fall, in addition to running a pilot Virtual Health Care program in the Fall (at no charge to students for one-year; after which we can explore whether Council sees merit in adding it permanently to the Plan). We hope this will ensure concerns are attended to and expectations are met.

I would also like to accentuate our stance to commit to our continued support and solidarity with disadvantaged groups impacted by hatred, racism, and discrimination. The GSA Executive Team remain committed to advocate for our members disproportionately affected by racism and segregation. In the past year, we have launched a statement condemning Islamophobia on campus, which was well received and circulated on social media and was quoted by various media outlets including the Gateway. In a similar vein, within the next months, the GSA Equity, Diversity and Inclusion Committee (GSA EDIC) will reach out to EDI groups on campus to establish connections and partnerships to figure out ways to join forces to address pressing issues facing EDI demographics on campus. These issues came out of a survey that was circulated to our members last year.

Finally, we are engaged in discussions on priorities for our Strategic Work Plan this year and have received viable feedback from our members and Council members through surveys we launched last month. We are still open to feedback before the July Council meeting, and I really encourage you to drop me a line of any advocacy or priority area that you deem necessary for your constituency this year. While most of the priorities are still in force last year, conspicuous of which is funding, feedback on what new areas the GSA should heed in its advocacy is very welcomed.
Last, I would like to commend the leadership team this year. I lead an organic and well-trained team of leaders who are all invested in their portfolios and preoccupied with finding resolutions to catapult the academic experience of our members to a higher standard. I anticipate reporting solid wins on behalf of the team this year, and I am thrilled to hit the ground running again.

I welcome any question you may have in the Council meeting or in my email (gsa.president@ualberta.ca).

Respectfully,
Anas Fassih, President 2022-2023

Report to GSA Council for the 20 June 2022 Meeting

To: GSA Council
From: Bishoi Aziz
Date: 17 June 2022

Dear Council Colleagues,

It is my pleasure to get you informed about my advocacy work on behalf of graduate students. Here, I summarize the most important points from my meetings over the past month:

Meeting with Faculty of Graduate Studies and Research (FGSR) Dean, B Milne – May 17th
- We primarily discussed various in-development FGSR policy proposals and were able to address the question regarding transfer credits transfer, especially in the case of required courses for both masters and PhD.
- To better address Council’s remaining concerns, Anas and I provided to Dean Milne, in writing, the points you all raised. We invited her team to attend this month’s Council meeting to address your concerns directly and clarify any confusion.

General Faculties’ Council Programs Committee (GFC PC) – May 19th
- Florence Glanfield Vice-Provost (Indigenous Programming and Research) presented the University of Alberta Indigenous Strategic Work Plan and a motion passed to endorse it in the next GFC meeting.
- Donald Mason (Director, English Language School, Extension) presented the Bridging Program for international undergraduate students.

GSA FGSR Council Caucus – May 24th
- We discussed the Faculty of Medicine and Dentistry (FoMD) proposal regarding editing the program calendar for entry of PhD students after an MSc. The caucus expressed their support.

GSA Board Strategic Work Plan (SWP) Development Session – May 24th
- GSA staff provided an orientation about the history of the SWP and the coming steps for preparing the new 2022/2023 SWP.

FGSR Council – May 25th
- I presented the monthly GSA report
- Remonia Morrison and Eric Awuha from the Office of the Student Ombuds OSO) presented their annual report. I noted that international students formed a lower proportion of the total student population but accounted for double the number of visits to this office compared to domestic students. I expressed my concern for those figures.
- Gregory Funk (Associate Dean, FoMD) introduced the FoMD proposal to edit the FoMD calendar to reflect that MSc students coming back for a PhD will be required to have 6 credits compared to 12 credits. This comes as a response to the FGSR proposal regarding credit transfer. I urged other programs to take the same path. The Council approved the proposal.
- The Council approved a proposal from the School of Public Health (SPH) to add a non-credit course about the Indigenous history as an entry requirement, and an explicit referral to the recruitment of Indigenous peoples as an equity-seeking group.
- Gregory Funk expressed the refusal of the current proposal to increase international student tuition, as this will cost students almost half of their stipends.

University Research Policy Committee (URPC) – May 27th
- Laura Beard (Associate Vice President, Research) presented the Indigenous Equity, Diversity and Inclusion working plan. James Muir (Faculty of Law) stated that the Faculty of Law is working to incorporate Indigenous laws in their research.
SWP development session – May 30th
- We discussed the results of the SWP survey sent to graduate students.
- We discussed the highlights of their priorities based on the survey results. It is expected that GSA staff will format those ideas into the 2022/2023 SWP.

Meeting with FGSR Dean, B Milne – May 31st
- In this meeting, the Dean Milne suggested that the GSA co-present with her on the proposed changes to the credit transfer and the cap on extra-to-degree credits graduate students can have. This will need to be carefully considered by the GSA.
- Anas discussed the Provost’s proposal to have a 6% increase in tuition for international students.

GSA GFC Caucus – June 2nd
- We discussed the updates to the FGSR proposals from the previous GFC, and Dean Milne’s request to co-present.

Meeting with the Graduate Ombudsperson – June 2nd
- Remonia discussed the reasons for increasing cases of academic misconduct and how to approach them. The OSO, as has been done previously, will be invited to have a booth at the GSA’s fall orientation/info fair.
- We discussed the OSO’s strategic work plan, which focuses on the separation of the OSO from the Dean of Students office. She mentioned that this would empower the OSO and makes their recommendations obligatory rather than for consideration. She asked if the GSA could help pushing this plan. We decided to meet again at the end of the month so we can consult with Council.

FGSR Graduate Program Support Team (FGSR GPST) – June 6th
- The Faculty of Rehabilitation Medicine proposed to change the PhD requirements to waive the need for students to take the obligatory course REHAB 600 if they completed REHAB 512 during their MSc (the two courses have the same content). I encouraged this proposal and suggested taking the same route of FoMD that lowered the PhD required credits for students who hold an MSc. The presenter stated that the faculty is currently discussing this change.
- The Faculty of Rehabilitation Medicine plans to change the entry requirement for MScPT and MScOT.
- The Faculty of Engineering proposed a Dual Doctoral degree between University of Alberta and the University of Lorraine.
- Melissa Padfield, Vice-Provost and University Registrar, proposed to adapt the language around the general exam procedures to factor in virtual exams. The current language includes only in-person exams. She also proposed replacing the term ‘Aboriginal’ with ‘Indigenous’ in the University Calendar.

GFC – June 6th
- Florence Glanfield presented the University of Alberta Indigenous Strategic Plan and gave insights on decolonization in different fields.
- Jason Acker (FoMD) presented the disbanding of the Facilities Development Committee (GFC FDC) and transfer of its work to the GFC Committee on the Learning Environment and the GFC Academic Planning Committee. The motion was tabled till the fall.
- Deborah Eerkes (Sexual Violence Response Coordinator) presented the Sexual Violence Policy suite and Proposed Student Conduct Policy. She highlighted that the plan is to build the policy to be trauma-oriented rather than being punitive.
- Provost Steve Dew presented the updated budget model to account for the new financial situation of the University given the reduction in government funding and the introduction of performance-based funding. Government cuts has led to inequity between programs. Program funding differs in terms of tuition vs. governmental funding.

Meeting with International Students’ Association (ISA) VP Academic – June 9th
- We discussed potential collaboration between the GSA and ISA to hold workshops and social events for graduate students.
Virtual Health Pilot Project – June 10th
- Studentcare representatives made a presentation on a virtual health care platform called Dialogue for students to target the issue of healthcare accessibility. Studentcare is offering a one-year free pilot for all the University of Alberta graduate students.
- I inquired about data sharing with the platform; will Studentcare share the data of all the students with the platform at the beginning of each semester, or will the platform have the students’ data from the students themselves as they start using the platform?
- The GSA Board voted in favor of starting the project for one-year with the caveat that any information sharing is appropriate.

Meeting with FGSR Dean, B Milne – June 14th
- We discussed the points Dean Milne will discuss during this month’s Council meeting and the possibility of more regular attendance at Council to have discussions with graduate students around new proposals.

Thank you,
Bishoi Aziz, Vice-President Academic 2022-2023

Vice-President External
Report to GSA Council for the 20 June 2022 Meeting

To: GSA Council
From: Janmejay Rao
Date: 17 June 2022

Dear Council Colleagues,

I hope you are all doing well. It has been an exciting one and a half months serving as the VP External with the GSA. I am trying to settle into my new role and make some positive changes in external advocacy. I have briefly summarized some important meetings that I attended since the last Council meeting.

May 17th – Meeting with the Associate Vice President, Campus Services: Discussed the demand for couples housing and how we can work together to achieve it. Moreover, dedicated parking space for graduate students living in the residence was also discussed.

May 24th – GSA Board Strategic Work Plan Development- Discussed in-depth the issues faced by graduate students and graduate student responses for the strategic work plan development survey. No new issues were raised by graduate students with regard to external advocacy.

June 2nd – Edmonton Student Alliance Annual General Meeting: A new chair was elected to represent students in Edmonton. Met with City Councillor Jennifer Rice and talked about transit safety in Edmonton.

June 6th – Meeting with the Alberta Graduate Provincial Advocacy Council (ab-GPAC) Executive Director (ED): I was elected as co-chair of ab-GPAC for 2022-23. Met with the ED to understand the dynamics of the organization and asked him to prepare a list of issues to finalize for the board retreat.

June 6th – Meeting with the Secretary, Faculty Club: Discussed ways graduate students can coordinate with the club.

June 8th – Meeting with the Vice-President (Facilities and Operations): Introductory meeting with A Sharman and his team.

June 8th – Post Secondary Education Task Force: Planning to undertake a project to bring Indigenous colleges/universities in Alberta into partnerships and collaborations.

June 15th – Reception for honorary degree recipients: Attended the event and networked with stakeholders.

These were the main highlights of the few meetings I attended. If you have any further questions, feel free to ask in the GSA Council meeting or reach out to me via gsa.vpexternal@ualberta.ca. I hope to bring positive changes through to external advocacy and look forward to working with you all.

Thank you,
Janmejay Rao, Vice-President External 2022-2023

Dear Council Colleagues,

I hope everyone is doing well and enjoying rainy days. Here are the main takeaways from the meetings I attended since last Council meeting.

**Collective Bargaining**

The GSA Negotiating Team (GSA NT) met with the University of Alberta’s Board of Governors on May 24th and 26th for its second bargaining session and first in-person session, having exchanged non-monetary bargaining packages in January. The GSA NT is pleased to report that the meetings were very productive.

Updates are provided to the bargaining unit (all current Academically-Employed Graduate Students (AEGSs)) as bargaining progresses. I would encourage each of you who are an AEGS to follow these updates, and to encourage those in your departments who are academically-employed to engage with them.

**Bill 17 Updates**

The Government of Alberta has passed Bill 17 in the legislature. Part of this bill indefinitely grants exclusive bargaining rights for AEGSs to the GSA (as well as exclusive rights for faculty associations and post-doc associations to represent their members). This means that AEGSs will not be granted the freedom to choose our representation; a right granted to other bargaining units in Alberta, and other similar academic units across the country.

In 2017, following a Supreme Court decision that granted all workers (including academic workers) the right to be represented by a union of their choosing, the previous government of Alberta established these respective associations as unions under the *Alberta Labour Relations Code* and temporarily granted them exclusive bargaining rights with an end-date of July 1st, 2022. The current government has now removed the end date, maintaining this exclusivity in perpetuity.

In collaboration with graduate student labour unions from the University of Calgary and University of Lethbridge, we have sent letters to the Minister of Labour in opposition to Bill 17, however even with these efforts, the Bill has passed. We as a union now need to find ways to at least show our opposition to these changes and the GSA Labour Relations Committee is engaged in discussions on this front.

Please do not hesitate to contact me if you have any concerns or suggestions. I’m here to serve you!

In solidarity,  
Hiren Kaklotar, Vice-President Labour 2022-2023

Dear Council Colleagues,

I hope all is well with you. It has been an eventful first month of my term as I am learning about the different committees on campus and understanding their strategic initiatives to make student life enriching on campus. I hope you have had a good spring semester and are looking forward to the summer. Below are a few highlights from the meetings I attended since the last Council meeting.

• Working with Joannie, VP Student Life, Students’ Union (SU) and Dr. Michael Frishkopf, Professor and Associate Chair (Graduate Studies) in the Department of Music to bring music into student life on campus for both relaxation and focus. We are currently looking for meditative spaces on campus that are comfy and spacious with scope for good speakers playing sounds/music. This initiative promotes mental health as I see it as an opportunity to engage the student community in social connectivity through musical activities in a dedicated space;
• Dr. Frishkopf is also looking to use this initiative to build a tool for wellness through sound using Machine Learning and AI and is looking for a research team that will help identify – (1) What do students listen to? (2) When do they listen? (3) Design & Evaluation criteria;
• The Registrar’s Office and Financial Services have completed the Winter term U-Pass refund process and the U-Pass Administrative Committee is gathering the number of incoming undergrads and grad students that have been accepted for the Fall to gauge how many new ARC cards would be needed for distribution in the Fall;
• The Days of Action (DOA) Working Committee sent out a survey to all students and staff asking about what activities they would like to see that would help recognize Mental Health Day on October 10 by adopting the event LightUp Purple to promote it. I co-chair the committee and we are working on appropriate messaging and tone for the day currently;
• Met with the Campus Food Bank (CFB) to discuss opportunities to work together on initiatives like communal cooking/eating meals together, volunteering, fundraising, as well as projects like Snack Stations and building an Outdoor Pantry;
• I, along with the team, am working on our Strategic Work Plan for the coming year and identifying priorities and collaborative initiatives that need solid direction;
• I am also working with all the committees I interact with to discuss promoting their offered student services and how that can be tied into orientation effectively;
• GSA Board agreed to add a pilot project with Studentcare to add Virtual Healthcare to the GSA Health and Dental Plan for one year starting in September and that if the pilot is successful, then it will be brought forward to Council on whether we want to add it permanently to the plan.

I look forward to working with each one of you this 2022-2023 academic year. As always, I am open to feedback and questions and can be reached at gsa.vpstudentservices@ualberta.ca.

Thank You and with Warm Regards,
Monisha Vinod, Vice-President Student Services 2022-2023

To: GSA Council  
From: Kenzie Gordon  
Date: 17 June 2022

Dear Council Colleagues,

The report from the GSA Nominating Committee (GSA NoC) this month is a summary of discussions/decisions the committee has made since its last report, together with a list of all vacancies filled and those which will be filled shortly.

GSA Policy governing the GSA NoC is located in GSA Bylaw and Policy, Section E: Nominating. As provided for in its Terms of Reference, the GSA NoC has been conducting business via e-mail.

Sincerely,
Kenzie Gordon, Chair of the GSA NoC

---

**Memorandum to GSA Councillors**

As reported previously on multiple occasions, there are a number of vacancies on GSA Standing Committees for GSA Council Members (Departmental Councillors, Alternates, and Councillors-at-Large). These positions play a pivotal role in the GSA’s ongoing efforts to keep its processes transparent and itself accountable and long-term vacancies adversely impact these efforts. **GSA Councillors (including Alternates) are strongly encouraged to consider serving on these committees.**

It is important to note that the time commitment for these committees varies greatly. While some meet regularly throughout the year (usually every two (2) to three (3) months) others meet less frequently, and some do almost all of their work over email. Additionally, **there is an appreciation of people’s schedules and other commitments and accommodations are routinely made for those who cannot attend all meetings.**

**Service on these bodies is an excellent way to make sure your voice is heard and a great opportunity to add to your CV/resume!**

On behalf of the GSA NoC, I strongly encourage GSA Councillors (and Alternates) and Councillors-at-Large to consider the next round of vacancies, which will be circulated to GSA Council electronically and which are listed below. Questions can be directed to me at mlgordon@ualberta.ca or GSA Elections Coordinator Monica Brzak at gsanomco@ualberta.ca.

Executive Director
Report to GSA Council for the 20 June 2022 Meeting

To: GSA Council
From: Courtney Thomas
Date: 17 June 2022

Dear GSA Council Members,

The GSA’s fiscal year ended on 31 March 2021 and we are in the process of finalizing our annual audit. The audit, as well the preparation of the first term’s budget and expenditure financial report of our new fiscal year, will be completed this month or early in July, in advance of a meeting of the GSA Budget and Finance Committee to review and discuss these items before they come forward to GSA Council over the summer/early fall. The GSA’s audited financial statements will then proceed onward to the University Board of Governors, as per the requirements of the Post-Secondary Learning Act.

An important element of the GSA’s annual audit is a review of our various corporate documents. As a separate corporation from the University, we are the signatories to multiple contracts, agreements, memorandums of understanding, etc. In advance of the audit coming forward to GSA Council next month, I have included the below list of all of the documents that define us as a corporate entity and which are constantly monitored by the staff team.

Aside from focusing on the preparation of these various financial pieces, the GSA staff team has been engaged over the past month with forward planning for fall orientation and departmental orientations, developing the 2022-2023 GSA planner, supporting the work of the Directly-Elected Officers (particularly as they develop the 2022-2023 GSA Board Strategic Work Plan), and sorting out the logistics of a hybrid Council meeting. We are also working, along with the Speaker and President, with representatives from the various departments within the Faculty of Education (which is set to become non-departmentalized on 1 July) on a resolution to bring forward to GSA Council to preserve the existing departmental seats from that faculty on GSA Council, as we wait to see what the long-term impact of this non-departmentalization might be and if more faculties will move in this direction, and whether a more in-depth analysis of GSA Council composition will be warranted.

My weekly reports to the GSA Board are attached (pages 17.5-17.8) and, as always, I am happy to answer any questions.

Best,
Courtney Thomas, Executive Director

Management Report to the GSA Board, 18 May 2022

Management has been engaged with the following issues since the last GSA Board meeting on 11 May 2022:

**Strategic**

- Continued discussion about the logistics of hybrid meetings of GSA Council with the Speaker – we accessed Council Chamber again to test things and will have one more test run in early June.
- Collating feedback from GSA Council for the development of next year’s GSA Board Strategic Work Plan, as well as feedback received thus far via the survey circulated in the GSA newsletter.
- Finalizing the 2021-2022 annual report (will be shared with the GSA Board on 25 May).
- Continuing to coordinate 101 training session scheduling by portfolio.
- Starting to prepare briefing notes for review by the President and GSA Board concerning a potential restructuring of the GSA to make the Vice-President Labour an Associate Vice-President.
- Engaging with the GSA Labour Relations Committee and the Public Service Alliance of Canada about Bill 17 and its impact on the GSA’s potential future relationships with external unions. GSA Labour Relations Committee members have shared their concerns with government.
- Working on a third draft of minor proposed revisions to GSA Bylaw and Policy on elections and referenda. We hope to send these forward to the GSA Elections and Referenda Committee over the summer.
- Work associated with the Collective Agreement (supporting the GSA Negotiating Team (bargaining will be advancing shortly), the GSA Labour Relations Committee, meeting with graduate students, and soliciting expressions of interest for the steward network and hosting training sessions).

**Operations**

- Planning associated with hosting in-person GSA coffee breaks in the Triffo Hall lounge space later in May and starting to plan to solicit advertisers for the GSA handbook.
- Transitioning from a shared Google Drive to a team Google Drive (Erika will be coming in over the office closure to move all electronic files over and then take a day in lieu of).
- Supporting the work of the GSA Nominating Committee: vacancies on the GSA Appeals and Complaints Board (advertised directly to GSA Council), GSA Governance Committee (advertised directly to GSA Council), the GSA Board (advertised directly to GSA Council), the GSA Board/GSA Nominating Committee (advertised directly to GSA Council), the Green and Gold Grant Adjudication Committee (advertised via the GSA newsletter), and General Faculties Council (advertised via the GSA newsletter). Also assisting with elections for the Agricultural, Life, and Environmental Sciences Graduate Students’ Association (advertised directly to graduate students in the department), Pharmacy Graduate Students’ Association (advertised directly to graduate students in the department) and soliciting nominations for the positions of Speaker, Deputy Speaker, Chief Returning Officer, Deputy Returning Officer, and Senator (advertised via the GSA newsletter).
- Facebook = 1,752 likes (up 0 from 11 May); Facebook posts reached 608 users since 11 May. Twitter = 1,294 followers (up 2 from 11 May); our tweets earned 547 “impressions” over the past week. Instagram = 811 followers (up 0 from 11 May); Instagram posts reached 174 users last week.
- GSA Academic Travel Grants = new funding period started 1 April and there is an upswing in application numbers; GSA Child Care Grants = new funding period started 1 April; GSA Emergency Bursaries = no funding periods for GSA EBs; GSA Graduate Student Group Grants = new funding period started 1 April. We are seeing an increase in applications as pandemic prevention measures ease and all funding continues to be closely monitored so we can direct it to where the most need is and funds not projected to be spent are being transferred to the University to dispense in the form of COVID-related supplementary bursaries for graduate students.
