- 1. My Awards:** This homepage lists all of the open award competitions to which you have been assigned. When a competition is assigned to you, you will receive an email letting you know that there is an open competition and applications to review:

The list represents the award(s) in competition(s) that you are asked to review (there may be multiple awards listed). Each award should be reviewed individually. Instructions are available when you download all records (see: *Add My Ranks* training or contact FGSR Awards).

The **No. Apps** column lists the number of applications assigned to you for review. You will be assigned to a sub-committee in most cases. You are expected to review all applications assigned to you/your subcommittee before the Subcommittee ranking date.

The **Subcommittee Date** is your deadline to review and rank assigned applications as a subcommittee (before the final ranking in the final meeting).

The **Meeting Date** is the final Adjudication Meeting Date (often managed by FGSR).

- 2. My Messages** holds direct messaging from FGSR Awards and/or your subcommittee members.

When you get a message, you will be prompted to login to the Portal by an email to your UA account. Select a message or the *Read* button to view or delete the message.

- 3. Reports**

From this page, you may download a PDF record of your adjudication history (only closed awards). Click My Adjudication History to retrieve this report by year.
