

Applicants are to confirm their eligibility and read all information on the Alberta Innovates and FGSR website prior to preparing an application.

**Required Document Attachments:**

Submissions that do not meet presentation standards will be at a disadvantage. Adjudicators review many pages, thus consideration to font size, font type, etc. is very important. Only use space provided and do not exceed the maximum number of pages permitted in each section, as indicated below. Pages in excess of the number permitted will not be assessed by the Postdoctoral Fellowship Adjudication Committee and will be redacted. For questions related to the content of each section, applicants are encouraged to consult with their proposed supervisor(s). Completed form and documents are to be submitted as one PDF to FGSR to [grad.awards@ualberta.ca](mailto:grad.awards@ualberta.ca).

  - Applicants are responsible for supplying their referees with the documents necessary for them to write their respective letters.
  - Applicants should contact their referees well in advance of the application deadline date. It is the applicant's responsibility to follow up with referees to ensure the assessments are submitted in sufficient time prior to FGSR's deadline
