

Fallon Dickie

*Pandas Soccer Captain (5th Year)
UAB President*

As a fifth year student-athlete who is graduating in 2017, I can honestly say I wouldn't be here without the support of our community and alumni. It is thanks to the Women Fore Pandas Golf Tournament sponsors and participants that I've been able to study and compete without the added pressure of financing the journey all on my own. Panda student-athletes are so fortunate to have a resource such as the Women Fore Pandas Golf Tournament, to help us out. On behalf of all Pandas — thank you so much.

Maki Oba

Pandas Tennis (3rd Year)

The Women Fore Pandas Scholarship has granted me an opportunity to fulfill my potential as a student, athlete, and individual, which would not have previously been possible. By assisting my financial situation, I now can invest more time into growing as a person, an invaluable experience which will undoubtedly be vital to my future. Without this support, I would not be able to reach this degree of success during my time as a Panda, and for that, I am truly grateful.

Fun Facts

Of the 204 Panda student-athletes, 11 of them are working on their undergraduate degrees in Agriculture, Life & Environmental Sciences, 36 in Arts, 12 in Business, 15 in Education, 10 in Engineering, six in Faculte Saint-Jean, five in Native Studies, nine in Graduate Studies and Research, six in Medicine & Dentistry, five in Nursing, two in Open Studies, one in Pharmacy, 58 in Physical Education & Recreation, and 28 in Science.

Varsity Pandas teams have been proudly representing the University of Alberta, the province of Alberta, and the city of Edmonton for over 100 years. All in all, Panda teams hold 63 Canada West, 33 CIS championship and 1 national championship titles.

The University of Alberta also boasts the most Academic All-Canadians (AAC) across the country. A total of 76 Panda student-athletes currently hold AAC honours. These exceptional student-athletes excelled in the classroom, achieving an academic average equivalent to 80% or higher in their full-time studies, while competing and training full time in a varsity sport, committing in excess of an additional 20 hours per week, as high performance athletes.
