## **HEALTH ETHICS SEMINAR**

# *Ethical Care for Transgender Patients*

**Katherine Duthie, PhD**

Clinical Ethicist,  
Alberta Health Services

**Friday, 17 February**

12:00 - 13:00 MST/MDT

Dvorkin Centre (2G2.07 WMC)

This presentation reviews our duties to all patients including transgender persons and reviews the implications of these duties for the organization and delivery of health care. It also explores the relational dynamics that can emerge between transgender patients and staff and within the familial context of transgender patients, particular when the patient is a minor. The presentation further examines the practical concerns for care, including name/gender usage, use of bathrooms and room assignments.
