

Faculty of Kinesiology, Sport, and Recreation 2022-2023 Open Course List

Courses instructed by the Faculty of Kinesiology, Sport, and Recreation (KIN, KRLS, HE ED, RLS, PAC, DAC and DANCE) are restricted to students in our degree programs and to out-of-faculty students who require specific courses in their major or minor (not including optional courses). Notes in Bear Tracks indicate which programs and at which date these students are eligible to enroll.

There are 2 types of open courses:

1. Specific courses are opened automatically to students outside of the faculty in mid-August as outlined through the notes in Bear Tracks (Ex. HE ED 110 and 100 level PAC courses).
2. In addition, the faculty selects a small number of courses that will be considered for out of faculty enrolment via Course Placement Request (cannot be added through Bear Tracks student enrolment). The list of eligible courses is on the next page.

Course Placement Request Forms can be submitted beginning August 15th at 8:00 AM through [this Google Form](#). The google form will not be open until that time.

Course Placement Request Forms cannot be submitted for a course that does not have open spots. Only the courses listed on the next page will be considered for out of faculty placement. Be aware of any prerequisites required for a course you are requesting. **No prerequisites will be waived for any of the courses listed below.**

Please note that the Faculty of Kinesiology, Sport, and Recreation teaches a number of classes in Spring and Summer without restrictions (these are open to all students studying at the University of Alberta).
