Technical Standards Participation Declaration

I, ________________, Student ID Number ________________ as a student of the Radiation Therapy Program, agree to participate in classroom, laboratory, and clinical exercises (including video) that impart necessary knowledge and skills for practice in the field.

I understand that my education includes progressing through the Radiation Therapy program as a cohort, and includes travel and finding accommodation for clinical placement sites throughout the province of Alberta.

I understand that although course schedules will be organized in advance, throughout the program timetables may become variable and there is a requirement to be adaptable based on clinic need and/or opportunity.

I understand that my education includes non-invasive exercises such as:

- Participation in all aspects of clinical simulations, labs and clinical placements, including:
  - treating all patients equally,
  - engaging in the treatment of patients diagnosed with the full spectrum of tumors and benign conditions treated with radiation,
  - observing and interacting with patients in various states of dress including being fully disrobed
  - following all codes of ethics, standards of practice and professionalism of the University of Alberta, Faculty of Medicine & Dentistry, CAMRT, ACMDTT
  - observation of surgical procedures;
- The making of an immobilization device (impression) by fellow students, on me;
- Act in the role of the patient being marked up with removable ink and/or Tegaderm (a sticker) to simulate clinical treatment procedures;
- Participation in lifting and moving labs that will require me to move a fellow student and/or be moved by fellow students;
- Any other relevant lab or clinical activities.
