Notes:

- MLCS 210 should be taken in your first or second year. MLCS 410 should be taken in the final winter semester of your degree. MLCS 410 is offered in the Winter semester only. MLCS 495 (thesis) is taken in your final year, normally Fall term. Students doing combined honors replace MLCS 495 with INT D 520 and must apply to the Faculty of Arts Undergraduate Student Services by August 1.
- + 36 credits at the senior-level in German OR split between German and another language (with at least 12 credits in each). Depending on your language placement, you may need to complete GERM 111/112/211/212/303 before completing the other course requirements. GERM 211/212/303 count towards the 54-60 credits of your major.
- If choosing two languages of focus, the second language must be offered by MLCS. You must have at least 6* credits in both languages at the senior level.
- Experiential learning courses within this route normally include MLCS 210 (opt in), MLCS 410, & Canadian Summer School in Germany through e3 Berlin. Experiential learning credits can also be met through MLCS courses that include [significant experiential learning components](#) appropriate to the area of study, Community Service-Learning (CSL), Arts Work Experience (AWE), OR a study abroad experience. Six credits total, in any combination. For help with the Experiential learning component consult the Academic advisor to access our Experiential Learning guide
