

# MODERN LANGUAGES & CULTURAL STUDIES

## Language Studies Experiential Learning Component: French

Requirement: at least ★6 from an experience abroad or in Francophone areas of Canada outside of the Edmonton Capital Region OR in courses that include significant experiential learning components related to the language(s) studied.

Overview of options: Study or work abroad; Community Service-Learning (CSL); Experiential learning component in a course; Arts Work Experience (AWE). **Six credits total required, in any combination.**

### Option 1: Study or Work Abroad

Pursue a study abroad program or participate in an exchange. Internships abroad may also be accepted. Common examples: e3 programs, MITACS. Explore opportunities on [our website](#) and through [University of Alberta International \(UAI\)](#).

### Option 2: [Community Service-Learning \(CSL\)](#)

Enrol in a course that incorporates Community Service-Learning. CSL options offer insight into what cultural literacy skills offer to our city, whether working with shelters, activist groups, or non-profits such as CJSR radio. You can also pursue a language-related CSL option. Many of our courses offer CSL options – check the syllabi and [our website](#).

#### **MLCS CSL courses:**

- A current list of CSL courses across departments is available on the [CSL website](#). We also offer CSL in MLCS 210 and 410

#### **CSL courses:**

- [CSL 100 and CSL 200](#) (Note: CSL 100 would fulfill the experiential learning component, but doesn't count towards your ★33+ major credits since it's not senior-level.)
- Other CSL courses outside of MLCS are subject to approval by Academic Advisor

# MODERN LANGUAGES & CULTURAL STUDIES

## Option 3: Experiential learning component in a course

Take a course that incorporates a significant experiential learning component. Eligible courses within MLCS can be found on [our website](#) (the list is updated regularly). The level of what is a “significant” experiential component is defined by the department as an experiential project, assignment, field work, or CSL component resulting in 20% or more of the final grade weight. Courses outside this list are subject to approval by the Academic Advisor.

## Option 4: [Arts Work Experience](#)

Engage in the Faculty of Arts Co-op program, Arts Work Experience, through which you can gain significant job experience during your studies. This program does not count as course credit towards your degree/major (these are pass/fail), but they would fulfill the experiential learning requirement. This opportunity must be approved in advance by your Academic Advisor.

- WKEXP 801 (4 months) and 802 (8 months)

### **Here are some common experiential learning choices for French:**

- Study abroad with us through the [MLCS La Rochelle program](#)! Earn 6 credits through FREN 333 and 499 every June
- Earn CSL credits in French courses such as FREN 298, 301, 317
- Look at internships, exchanges, and short term study abroad options through [UAI](#). They can take you to [Brussels](#), [Tours](#), [Paris](#), [Quebec](#), and beyond!

Have other ideas? We want to hear them! Work with your Academic Advisor to find the opportunity that works for you and helps you reach your goals – inside and outside the classroom.
