

UNIVERSITY  
OF ALBERTA

2024-25

# Faculty of Nursing **Tenure Track Appointment**

---

# Position Summary

The Faculty of Nursing is seeking outstanding researchers and educators for tenure-track positions. Specifically, we are looking for doctorally prepared, mid-level career faculty members who can bring expertise to teaching and research. We are particularly interested in receiving applications from academics who are seeking opportunities to develop a strong program of interventional research and enhance their teaching expertise in the following areas:

- Children and Women's Health
- Healthy Aging
- Health Equity
- Health Systems
- Global Health and Migration
- Indigenous Health
- Mental Health
- Global Health - migrant health, vulnerable populations

We welcome applications from all qualified persons. We encourage First Nations, Métis and Inuit persons; members of visible minority groups; persons with disabilities; persons of any sexual orientation or gender identity and expression; and all those who may contribute to the further diversification of ideas and the University to apply. We encourage applications from Indigenous scholars, as well as those fluent in French as the Faculty has a French/English bilingual undergraduate program. We also welcome NPs applicants with PhDs.

In addition, we encourage applicants with experience in curriculum development. See full advertisement at [www.ualberta.ca/nursing/careers](http://www.ualberta.ca/nursing/careers)

Work in our world-class healthcare facilities at Edmonton Clinic Health Academy, and enjoy the vibrancy of life in Edmonton

# Living in Edmonton

**The City of Edmonton is a vibrant northern Canadian city, alive with energy and opportunity. Lose yourself in the Northern Lights, explore our 30 annual festivals, and experience the beauty of this Canadian treasure.**

Edmonton's river valley boasts parks and trails spanning the North Saskatchewan River that winds through the heart of the city. The Edmonton River Valley is the largest urban park in North America, almost 22 times larger than New York City's Central Park. Over 150 km of trails provide endless opportunities to explore the great outdoors.

Often called the "Festival City," Edmonton is a global festival powerhouse with over 30 festivals throughout the year.

# What you can expect

As a new faculty member, you will join one of the top nursing faculties in the world, with a rich history of excellence that spans decades. Ranked 7th globally by the QA World University Rankings (2024), and first in program reputation by MacLean's Magazine (2024), we are proud to play a leading role in the education of tomorrow's nurses. As one of the largest nursing faculties in Canada, we offer an honors program—one of only a few in the country—as well as Nurse Practitioner education and doctoral programs. In addition, the University of Alberta is a research-intensive institution, fostering an environment that supports groundbreaking nursing research across disciplines and populations.

We recently received notification that we have received 7 year accreditation from the Canadian Association of Schools of Nursing (CASN) for our:

- Collaborative Program & Collaborative Honors Program
- After Degree Program & After Degree Honors Program
- Bilingual Program
- Master of Nursing Advanced Clinical - NP Program
- Post MN Nurse Practitioner Program

Visit us at [www.nursing.ualberta.ca](http://www.nursing.ualberta.ca) [uab.ca/nursing](http://uab.ca/nursing) to learn more about the Faculty of Nursing including our [Canada Research Chairs and Research Areas of Excellence](#).

# Our Community

The University of Alberta Faculty of Nursing is one of the largest nursing faculties in the country. We have more doctorally-prepared faculty members than any other school in the west. As a trailblazer in Canadian nursing education, we implemented the first Master of Nursing program in Western Canada in 1975, and began the first fully-funded Nursing PhD program in Canada in 1991.

Join our world-leading Faculty to do cutting-edge work that's changing the face of global health.
