Student Ombuds

Office of the Student Ombuds

The Office of the Student Ombuds is a confidential service that strives to ensure that university processes related to students operate as fairly as possible. We offer information, advice, and support to students, faculty, and staff as they deal with academic, discipline, interpersonal, and financial issues related to student programs.

Ombuds Services

- Consultations to support students, faculty and staff as they deal with academic, supervisory, discipline, interpersonal, and financial issues related to student experiences in their program.
- Provide educational awareness and consciousness-building to address issues of systemic racism and discrimination
- Support students to ensure fair processes and to ensure that student voices are heard in addressing issues.
- Students can make appointments for independent and confidential consultation at any time.

International Student Online Orientation

Prepare for your U of A experience!

Complete the International Student Services Online Orientation today!

Online Orientation consists of nine modules and is a self-paced e-Class, accessible through Bear Tracks with your CCID. Each module contains valuable information on the unique aspects of student life at the U of A.

You will learn what you need to know for each step of your transition to the University of Alberta, starting with information on:

- How to apply for a study or work permit
- How to find housing
- What health insurance you require
- What you need to bring
- What Cultural Patterns to start to think about

Take Online Orientation in your own time.

You have the freedom and flexibility to complete each module on your own time. It is a great introduction to the University of Alberta and some of the surrounding Edmonton community; it allows you to explore and familiarize yourself with U of A's services and resources.

Welcome to Counselling & Clinical Services

Service Notice:

Welcome to the 2022-2023 Academic Year!

CCS is located in SUB 2-600. Reception is accessible in-person or by phone from 8:00 AM - 4:30 PM daily from September through April. Satellite psychologists see clients in their designated [satellite locations](#).

CCS offers services in a hybrid model, meaning students can access telephone, video, or in-person appointments.

An [Initial Consultation](#) (IC) is the first step in accessing services at CCS for any student that is new or has not been seen in the previous four months. During an IC, you share your reasons for seeking help with a mental health clinician, and then collaboratively discuss a plan for how to work with your challenges. For more information about the IC, please click [here](#).

Students who currently reside in Alberta can book an IC by calling CCS reception at 780-492-5205 on weekdays, between the hours of 8:00 a.m. – 4:00 p.m. As our service is experiencing unprecedented demand this year, and we have been unable to book many

FGSR Professional Development (PD) Requirement

- **Step 1** – Create Your Individual Development Plan (IDP)
 - Engage in self-assessment & reflection
 - Identify 2 or 3 development goals that you want to focus on to develop skills not directly included in your program of study
 - Review your IDP with your Faculty Advisor/Graduate Supervisor
- **Step 2** – Document your completion of 8 hours of professional development activities related to your IDP goals
 - Complete self-assessment/reflection – How did the activity support your goals?
- **Step 3** – Review with graduate supervisor and submit the *IDP & PD Completion form* summarizing completion of PD activities. This form can be found in both the FGSR Forms Cabinet and the Faculty of Nursing's Forms and Guidelines page
 - **FGSR Forms Cabinet:**

Nursing Options to meet PD Requirement in 2023-2024

- Are you interested in professional development in:
 1. Developing Academic Writing Skills?
 2. Addressing *Planetary Health** in Nursing Issues?
 3. Systematic Literature & Evidence Review for Nurse Practitioner Students?
- Each of these 3 topics are available on the [Resources for Nursing Graduate Students](#) eClass site that illustrate:
 - examples of development goals for your IDP
 - summaries of available resources, webinars, workshops, learning activities

***Planetary Health** – “A rapidly emerging field focused on understanding, communicating, and addressing the extensive human health threats associated with rapidly changing environmental conditions.” (Faeron Guzman, C.A., and Potter, T. (2021). The Planetary Health Education Framework, (p. 49)

Graduate Grading System

Final Grades

•At the end of the course, the total (out of 100) will be converted into a final grade using the University of Alberta grading system. The FINAL COURSE GRADE is based on a combination of absolute academic achievement (an individual student's term summary mark) and relative performance (a comparison of a student's term summary mark to all students' term summary marks achieved in the class).

The University of Alberta uses a letter grading system for most courses. For students registered in the Faculty of Education the minimum passing course grade is C+. In addition, some courses are offered on a credit/distribution according to the four-point system is as follows:

Course Grades Obtained by Graduate Students:

	Alpha	Grade Point	
	A+	4.0	
Excellent	A	4.0	
	A-	3.7	
	B+	3.3	
Good	B	3.0	Minimum admission GPA
	B-	2.7	Min. Academic Standing GPA
Satisfactory	C+	2.3	Minimum Course Pass Mark
Failure	C	2.0	
Failure	C-	1.7	
Failure	D+	1.3	
Failure	D	1.0	
Failure	F	0.0	

Code of Student Behavior

- Identifies potential wrongdoings by students against people and property that may result in formal investigation and discipline.
 - Defines investigation procedures and potential sanctions/penalties
- Examples of inappropriate behavior include (but are not limited to):
 - Disruptions, harassment, discrimination
 - Damage to property
 - Unauthorized entry, unauthorized use of facilities or equipment
- Examples of inappropriate academic behavior
 - Plagiarism, cheating
 - Misuse of confidential materials
 - Research & scholarship misconduct
- Examples of potential sanctions include expulsion, suspension, fines, restitution, conduct probation, written reprimand, exclusion from specific University areas, mark reduction, grade reduction

Requests for Informal Grade Appeal & Formal Appeal

Before launching a formal appeal, seek informal resolution by working directly with the faculty member. If unresolved, consult the Associate Dean Graduate Studies

Formal requests for reappraisals of grades on assignments/exams must be in writing (see required form)

- Submitted within 10 days of receiving grade
- Assoc Dean arranges for blind reappraisal, and the resulting mark is final

Consult the Ombuds for support in navigating appeal processes, and preparing your materials for appeals

https://www.ualberta.ca/nursing/media-library/forms/grad/gpi_general-information_appeal-policies-and-procedures-for-graduate-programs.pdf

Requests for Leave of Absence

- If you encounter personal challenges that impact your progress in your studies, you may be able to apply for a leave of absence (Maternity/Parental leave, Exceptional leave including medical or compassionate grounds, or Professional leave of absence).
- The time limit for completion of the degree will be extended by the duration of an approved leave.
- Note that leaves may have impact on funding from awards and scholarships.
- Please consult with your supervisor and the Graduate Office to explore possible options.

A close-up, shallow depth-of-field photograph of a person's hands typing on a silver laptop keyboard. The laptop is open, and its screen displays a blurred green and yellow interface, possibly a presentation or a video call. The background is a bright window looking out onto a lush green landscape, with sunlight filtering through the leaves. The overall mood is professional and focused, representing a learning or working environment.

Learning in Hybrid and Virtual Environments

- Classes are predominantly “synchronous”, meaning that the instructor meets with students for seminar at a regularly scheduled time.
- “Hybrid” classes are timetabled with two sections (one on campus, and one on zoom), who meet at the same time and are engaged as one group.
- Instructors may choose whether to record lectures / zoom sessions.

Panel

A row of six white folding chairs is arranged in a line, receding into the background. Each chair has a black microphone clipped to its seat. A clear plastic water bottle sits on the floor in front of each chair. The scene is dimly lit with a cool blue tone, suggesting an indoor setting like a stage or a conference room.

Expectations: Online / Hybrid Learning

The etiquette of online learning is that you are physically and cognitively present.

Turn your cameras on.

Engage in discussion either verbally or via chat (or both).

If you cannot attend an online / hybrid class, email the instructor in advance to let them know.

If you cannot have your camera on for a period of time, let the instructor and your colleagues know why.

These expectations further support students in developing relationships with their peers and cohort.

Out of respect for your colleagues, guest speakers, and instructors, it is your professional responsibility to be present and fully engage in online / hybrid learning.

What are the differences
between didactic teaching
(i.e. lecture)
and seminar?

What are your responsibilities as a graduate student?
