Graduate Program Administrators

UNIVERSITY OF ALBERTA
AGENDA

- Why pursue Nurse Practitioner studies at the University of Alberta?
- What does the NP program look like?
- What is the Admissions Committee looking for?
- How do I submit my application?
Why pursue NP Studies?

- Re-energize your nursing career and pursue career aspirations!
- Develop advanced clinical skills to support and lead nursing practice in your area of focus/expertise
- Clinical leadership opens doors for diverse career pathways
- Continue your studies toward PhD for academic and research career pathways
Why pursue graduate studies in Nursing at the University of Alberta?

QS World University Rankings 2022
https://www.topuniversities.com/university-rankings/university-subject-rankings/2022/nursing
Why pursue Nurse Practitioner studies at the University of Alberta?

Rich faculty history!
- Nursing school established in 1918
- Baccalaureate program opened in 1923

Long-standing track record & reputation for graduate programs
- MN program established in 1975
- NP programs offered since 1971
- PhD program established in 1991 (first PhD Nursing in Canada)
Why pursue NP studies at the University of Alberta?

Reputation and Top Nursing Talent

Establish relationships with top Canadian Nursing faculty

- Award winning researchers and teachers
- High impact programs of research (e.g. Aging, frailty, social inequity, global health) addressing current health issues
- Strong team of NP qualified Nursing Instructors

Talented classmates become your professional network as distinguished alumni

- Classmates bring diverse perspectives and experience of nursing
- Build life-long professional network for mentoring, support, and opportunities
Before choosing this career pathway ….

1. Explore CRNA and CNA documents about NP roles and responsibilities;
2. Look for employment opportunities for NPs in your particular area of interest and expertise;
3. Interview an NP in your agency to learn about their job and role;
4. Arrange to job shadow a nurse practitioner to see the role in action.
NP Study streams available lead to NP licensure in 3 areas:

Key features of the Advanced Clinical-NP program at the University of Alberta

- Flexible delivery – on-campus & online (hybrid and asynchronous components)
- 8 clinical courses (including 800 clinical practice hours)
- One week on-campus intensive during Advanced Health Assessment
- Faculty of Nursing arranges practicum placements
- Possibility for clinical placements in home province (within Canada only)
- Option for Post-MN students to complete clinical courses after completing Master of Nursing studies at U of A or another university
What does the MN-NP program look like?

Both course-based and thesis-based options offer preparation for studies at the doctoral level.

Part-time – usually 3 years to completion OR
Full-time – complete within 20 months

Flexible scheduling includes daytime & evening classes, and hybrid classes. Students must be available to participate in regularly scheduled classes/seminars.

Credit loads vary slightly

- Course based – 36
- Thesis based – 30
- NP Course-based – 42
- NP Thesis-based - 39

All MN students complete a project either as a thesis or as a capping exercise (course-based students)
MN Conceptual Framework – “Connected Curriculum” (Fung, 2017)

- Assumes that inquiry and research are intimately linked with learning & practice
- Connect students to each other, to faculty, to faculty research, to questions and issues in Nursing, and to diverse ways of knowing and inquiring
- Students engage in “Community of Inquiry” courses to develop progressive skills: ask good questions, analyze information and current literature, and move through structured, guided, and independent approaches to research and inquiry.
- Courses build toward completion of capstone and thesis projects.
Three Clusters of MN Course work for both thesis and course-based NP students:

1. Core Courses (3 Credits each)

- FOUNDATIONS OF SCHOLARSHIP/CRITICAL THOUGHT
- RESEARCH FOUNDATIONS
- UNDERSTANDING COMPLEX SYSTEMS
- TRANSLATING KNOWLEDGE
2. Community of Inquiry courses

- Capstone or Thesis Project
- Community of Inquiry I, II, III (1 Credit each)
  - Engaging with Nursing Scholarship
  - Research Question & Literature Review
  - Building Collaborative Inquiry
3. Advanced Clinical NP Focus areas of study

- Advanced Clinical-NP Focus
  - 8 courses - 24 credits + 800 Clinical hours

- Advanced Pathophysiology
- Advanced Pharmacology
- Advanced Health Assessment (100 clinical hours)
- Clinical Care I (100 clinical hours)
- Clinical Care II (100 clinical hours)
- Clinical Care III (100 clinical hours)
- Consolidated Practicum I (200 clinical hours)
- Consolidated Practicum II (200 clinical hours)

### NP Required Courses

- 507/520 - Advanced Pharmacotherapeutics
- 509/522 - Advanced Pathophysiology
- 516/518 - Health Assessment (100 hrs clinical)
- 530 - Advanced Clinical Care I (100 hrs clinical)
- 531 - Advanced Clinical Care II (100 hrs clinical)
- 532 - Advanced Clinical Care III (100 hrs clinical)
- 533 - Consolidated Practicum I (200 hrs clinical)
- 534 - Consolidated Practicum II (200 hrs clinical)

NP Required Courses must be completed in sequential semesters
FAQ – Can I maintain RN employment throughout my NP studies?

• Many NP students choose to maintain other clinical employment during their studies on a range of part-time work commitments.

• NP courses require a total of 800 clinical hours (preceptored).

• It may be difficult to maintain employment hours due to the workload of seminar and clinical commitments for NP courses. For example:
  • Spring/Summer terms at end of year 1 (full time studies), NP courses require a total of 200 hours of clinical practice.
  • Fall term of Year 2 (full time studies), NP courses require a total of 200 hours of clinical practice.
  • Winter term of Year 2 (full time studies), NP courses require a total of 400 hours of clinical practice.

• Throughout the program, students must realistically appraise their ability to continue employment hours alongside the time commitment required for their studies.
Post-Masters Nurse Practitioner

• Graduates of MN programs who subsequently wish to pursue NP studies and licensure may apply to complete Advanced Clinical-NP Focus courses after completing their MN studies in another advanced focus stream or at another university
  • This route enables new grads to complete an MN while working to meet the prerequisite of 4500 clinical hours in advance of NP studies

• 8 clinical courses (24 credits) and 800 clinical hours

• Studies completed over 20 consecutive months (part-time with exception of final winter semester)

Note: NURS 522, 520, & 518 are Neonatal stream courses
Tuition and Fees

- **Domestic students**: approximately $12,000 - 15,000
- **Post MN**: approximately $7,000
  - Includes instructional and non-instructional fees. Does not include cost of living estimates
  - Based on 2022-2023 tuition rates
  - Difference in fees could be attributed to focus area, distance or on-campus non-instructional fees, thesis-based or course-based program

Tuition and Fees:
https://www.ualberta.ca/graduate-studies/current-students/ tuition-and-fees/index.html
• Graduate students in Nursing are strongly encouraged to be prepared to self-fund their studies as there is no guaranteed funding for graduate students.

• The University of Alberta has a significant award and funding program for graduate students, with awards offered both by the Faculty and the University. Please consult the website of the Faculty of Graduate Studies and Research for additional information.

• Graduate student funding may be available from the Faculty of Nursing through a program of graduate teaching and research assistantships.

• Some graduate supervisors may be able to provide funding through the external grants that support their research projects.

• Graduate supervisors will assist students to apply for funding from sources that are appropriate to the student’s program of studies and level of academic achievement.
Application & Admissions Process
APPLICATION DEADLINE
for admission for graduate studies
commencing Fall 2023:

January 15, 2023
Admission Requirements for MN studies

- An undergraduate degree in Nursing with an admission GPA of at least 3.0 on the 4-point scale from the University of Alberta, or an equivalent institution (calculated on the last 60 credits of graded coursework completed).

- Three letters of reference.

- An undergraduate course in each of statistics and research methods, with a minimum grade of B (or equivalent), preferably completed within the past six years.

- Where applicable, applicants must provide proof of English Language Proficiency

**Advanced Clinical – Nurse Practitioner focus**

- Must provide evidence of 4500 hours of RN experience and

- Must hold a current RN license from a Canadian jurisdiction throughout the program.
What is the Admissions Committee looking for in your application?

- Grade Point Average (3.0 – 4.0)
- Grades achieved in undergraduate research and statistics courses
- Do the reference letters offer a compelling description of a candidate who can be successful in the program?
- Is the information provided on the “Background document” presented in a complete, concise and compelling manner?
- Find a balance between offering thorough answers and limiting answers to ~ ½ page per question.
The “Background Document” is your introduction to the Admissions Committee

• Has the applicant described their past experience and motivation for graduate studies?
• What are the applicant’s short- and long-term career plans?
• Evidence of leadership and professional engagement:
  • involvement in nursing activities such as projects and committees in the employment or community settings?
  • Participation in professional nursing organizations or specialty groups?
  • Experience on research projects, research assistantships, quality improvement projects?
  • Recognition and scholarship awards received?
  • Teaching experience as a preceptor, community speaker, guest lecturer?
• Explain how these activities have been meaningful to you or raised questions that have prompted your curiosity.
FAQ: How should I choose referees for my reference letters?

- Three reference letters are required
  - Normally two academic references; one personal/work reference
- Examples of possible referees:
  - An academic who supervised your work/volunteer contribution on a project.
  - A faculty member who taught you a class and can speak to your academic excellence.
  - An academic who knows of you through committee work or student leadership activities.
  - A clinician who supervised you in clinical practice (eg. Practicum, UNE or other employment).
  - A former teacher, community service organization leader who can attest to your strengths/contributions.
- An email with a secure link will only be sent to your referees after you submit and pay for your application.
- Reference letters need to be in PDF and must be on your referee’s institutional or business official letterhead or it will not be accepted.
How do I submit my application?

• Application deadline: January 15
  • All documents, including all reference letters must be received by this date
• Application to Faculty of Graduate Studies and Research
  • Create an account and submit all required documents as pdf online
  • [https://www.ualberta.ca/graduate-studies/prospective-students/apply-for-admission/index.html](https://www.ualberta.ca/graduate-studies/prospective-students/apply-for-admission/index.html)

• Required background document for Master of Nursing
  • Entire application is reviewed by Faculty of Nursing Admissions Committee

• $135 non-refundable application fee
