Pharm 513 Learning Plan			
Pharm 514 Learning Plan			
Pharm 514 Learning Plan #2			
Student CV/Resume	Yes	11-11-18	File

### Learning Plans

What is a learning Plan?

- Tool to facilitate self directed learning
- Set goals, identify learning strategies & evaluate outcomes

When should I expect to view it?

- 1 week before the placement

What is my role?

- Encourage self assessment & self directed learning
- Refine goals, facilitate learning opportunities, provide feedback on progress

Tips for providing feedback on learning plans:

- Ensure the goals are focused & don't try to take on too many elements at once
- Verify the verbs are action oriented & measurable
  - Avoid using understand
- Ensure that the goals are challenging enough
  - Require the learner to apply knowledge in practice
- Ensure the timelines are feasible and encourage accountability

## Assessment Updates

- The early assessment was removed from all placements
- CORE assessments were updated for 2020 to align with the most recent Educational Outcomes for Pharmacy Degree Programs
  - The major assessment areas are the same (e.g. Professional, Communicator, Care Provider)
  - The outcomes have changed to decrease overlap in the assessment areas & promote clarity

## Seminars (Website: <https://sites.google.com/a/ualberta.ca/pharmd-seminars/>)

- Articles That May Change Your Practice: February 25
  - Students will be absent for the entire day
- Issues In Contemporary Pharmacy Practice: May/June TBD
  - Student must attend scheduled webinars (1-2 hours) on select Tuesdays & Wednesdays
- Poster Presentation: August 7
  - Students will be absent for the entire day.

## Course Policies

- Students are required to report absences in CORE.
