

University Research Policy Committee

Purpose

This Committee has the following responsibilities:

- as an advisory committee to the Vice-President (Research and Innovation) make research policy recommendations through the proactive involvement of representative academic members of the University
- to review and suggest improvements in current policy management and ways in which the Vice-President (Research and Innovation) can facilitate research
- to enhance the flow of information from the Faculties and promote grassroots involvement in policy decision-making relating to:
 - research programs and projects
 - indirect costs
 - patents
 - ethics
 - biohazards
 - animal care
 - graduate education and involvement in research
 - computer and library support for research
 - spinoff companies and technology transfer
- to serve as a conduit through which administrative policies can be transmitted to faculty members in various constituencies
