### CRC Tier I Reimagining Teacher Education With Indigenous Wisdom Traditions

#### Faculty of Education- Dean's Office

Competition No. - **A107542698**

Closing Date - **Aug 27, 2020**

This opportunity is open only to current employees of the Faculty of Education at the University of Alberta.

The Faculty of Education at the University of Alberta seeks to fill a CRC Tier I position in *Reimagining Teacher Education With Indigenous Wisdom Traditions*. The University of Alberta is located on Treaty 6 territory, a traditional gathering place for diverse Indigenous peoples including the Cree, Blackfoot, Métis, Nakota Sioux, Iroquois, Dene, Ojibway/Saulteaux/Anishinaabe, Inuit, and many others whose histories, languages, and cultures continue to influence our vibrant community. The University of Alberta is one of Canada's top 5 research universities, and ranked 113 globally (QS World University Ranking). The Faculty of Education at the University of Alberta is Canada's First Faculty of Education and recently ranked 44th in the QS World Universities Rankings by Subject.

Advancing understanding and engagement with Indigenous knowledge in teacher education are priority areas in the Faculty of Education. A critical aspect of our strategic plan, *Education for the Public Good*, makes explicit the commitment to *Leadership in Indigenous Initiatives*. The Canadian Truth and Reconciliation Commission's Calls To Action make clear the urgency to rethink and enact culturally appropriate Canadian curricula respecting and honoring Treaty relationships. Further, the Faculty of Education at the University of Alberta is committed to leadership in ensuring that our undergraduate program is continually informed by Indigenous curricula and aligned with the Province of Alberta Teacher Quality Standard: *Applying Foundational Knowledge about First Nations, Métis, and Inuit*.

We offer various Indigenous programming through our long-standing *Aboriginal Teacher Education Program (ATEP)*, through our required undergraduate education course *EDU 211 Aboriginal Education and Contexts for Professional and Personal Engagement*, and through our graduate specialization *Indigenous Peoples Education*. Further, the Faculty of Education has a large number

of Indigenous and Metis identified faculty members represented by the *Indigenous Education Council*. For further information about the Faculty, its research, and specific units, please visit: <https://www.ualberta.ca/education/index.html>

Applications are welcome from scholars at the level of Full or Associate Professor with outstanding accomplishments as recognized by their peers and with demonstrated impacts in their field. Applicants must evidence a teaching and research record that demonstrates a clear commitment to repairing Indigenous-Canadian relations, with a particular focus on pre-service and in-service teacher education. We seek research, leadership, and mentorship that will stimulate effective collaborations within the Faculty, University, and local, national, and international communities. The successful candidate will demonstrate the ability to attract excellent graduate trainees, students, and future researchers as well as possess a strong history of attracting competitive research funding. Applicants are expected to hold a doctoral degree in Indigenous Education, Curriculum Studies, or a closely related discipline.

This opportunity must be understood in relation to the ongoing struggle to denaturalize and unlearn the industrial-model philosophies that undergird the field of education and the cultural assumptions that result from them. The successful candidate will be a scholar who has been deeply influenced by the wisdom teachings of Indigenous Elders / knowledge holders and who is committed to reimagining processes of education for all people in accordance with these teachings. Importantly, the successful candidate will be focused on conducting research that will generate creative curricular and pedagogical visions for teacher education based on wisdom understandings of what it means to be a healthy human being living well in a particular place. This curricular and pedagogical vision will be guided by Treaty teachings and the basic truth that all human beings are enmeshed in sacred ecology relationships that surround and sustain them.

In accordance with the Canada Research Chairs Program guidelines, the Tier 1 Chair is tenable for seven years and renewable once. The successful applicant will be nominated for a Tier I Canada Research Chair. Nominations are subject to review by the CRC Secretariat, and appointment as a Canada Research Chair is conditional upon their approval.

The University of Alberta recognizes the legitimate impact that leaves (e.g., parental leave, leave due to illness) can have on a candidate's record of research achievement and that these leaves will be taken into careful consideration during the assessment process.

Please consult the Canada Research Chairs website for full program information, including further details on eligibility criteria. <https://www.chairs-chaire.gc.ca/home-accueil-eng.aspx>

**To apply:**

1. All applicants are required to self-identify using the following [questionnaire](#)
2. With your application, please submit:
  - a) a current CV
  - b) a two-page description of the proposed CRC Tier I
  - c) a two page statement aligning your intended program of CRC Tier I research with the University of Alberta's Institutional Strategic Plan, [For the Public Good](#), and the Faculty of Education's Strategic Plan, [Education for the Public Good](#).

Application Deadline: August 27, 2020

Questions about this competition should be sent electronically to Dean Jennifer Tupper: email - [Jennifer.tupper@ualberta.ca](mailto:Jennifer.tupper@ualberta.ca)

Applicants whom require accessibility arrangements for their interview and/or subsequent recruitment meetings can contact Kendyl Galbraith at: [kgalbrai@ualberta.ca](mailto:kgalbrai@ualberta.ca) or 780-974-3796 to arrange appropriate accommodations.

Date Posted: July 21, 2020

## How to Apply

### Apply Online

**Note:** Online applications are accepted until midnight MST of the closing date.

All qualified candidates are encouraged to apply; however, Canadians and permanent residents will be given priority.

The University of Alberta is committed to an equitable, diverse, and inclusive workforce. We welcome applications from all qualified persons. We encourage women; First Nations, Métis and Inuit persons; members of visible minority groups; persons with disabilities; persons of any sexual orientation or gender identity and expression; and all those who may contribute to the further diversification of ideas and the University to apply.

### Tier 1 CRC - Indigenous Peoples, TechnoScience and Society

#### Faculty of Native Studies

Competition No. - **A115742742**

Closing Date - **Sep 07, 2020**

The Faculty of Native Studies at the University of Alberta invites applications for a Tier 1 Canada Research Chair (CRC) in Indigenous peoples, technoscience and society. Tier 1 CRCs are intended for outstanding scholars acknowledged as world leaders in their discipline and fields of research. The successful candidate will lead an excellent and innovative program of research that develops the theory and practice of Indigenous technoscience scholarship. The CRC's work will speak to multiple disciplines and contribute to building innovative disciplinary, multi- and interdisciplinary research collaborations, while mentoring and supervising graduate students, contributing to scholarly and public debate on Indigenous technoscience, as well as the Faculty's mission to produce graduates across the university who have respect for Indigenous knowledges, who are educated about Indigenous histories and contemporary issues, and who can work collaboratively with Indigenous communities and nations .

Candidates must hold a PhD in a relevant discipline and have an exceptional and innovative record of research leadership, a track record in obtaining external research grants, and a history of attracting and mentoring graduate students and postdoctoral fellows. They must also be prepared to articulate an original and groundbreaking program of future research.

Not open to applicants outside the Faculty of Native Studies. In accordance with the CRC Program's Equity, Diversity, and Inclusion Practices and the University of Alberta's related CRC Action Plan, preference will be given to applications from women, persons with disabilities, Aboriginal Peoples, and visible minorities. Candidates who have experienced career interruptions will not be unfairly disadvantaged by such interruptions.

The successful applicant will be appointed as a regular senior faculty member and will be nominated by the Faculty for a Canada Research Chair. All Faculty nominations are subject to approval by UAlberta's President's Advisory Committee for Senior Academic Appointments, and University nominations are subject to the approval of the Canada Research Chair Program.

Tier 1 CRCs are tenable for seven years, with one competitive renewal that allows Chairholders the potential to hold their CRC for a second seven-year term.

The University of Alberta is one of Canada's top five research-intensive universities. As the only faculty of its kind in North America and one of only two in the world, the Faculty of Native Studies is a primary locus of Indigenization at the University of Alberta and has a strong and explicit commitment to Indigenous community engagement.

Responsibilities will include undergraduate and graduate teaching, graduate supervision, and normal university administrative service, as well as maintaining an original and innovative research program. However, the teaching load for Tier 1 Canada Research Chairs is two one-term courses per year instead of the four one-term courses per year for regular faculty. The appointment will be with tenure, at the level of full Professor. Salary will be commensurate with qualifications and experience and, once the Canada Research Chair commences, carries a supplement that may be taken as a taxable salary or tax-free research grant, or a combination thereof. The university's benefit package is comprehensive.

The closing date for receipt of applications is September 9, 2020. The position starting date is as early as April 1<sup>st</sup>, 2021, but is negotiable.

The Faculty will work with the successful candidate to complete their CRC application. Once completed and approved by internal processes, the final application will be submitted to the CRC Program for final approval, after which the new Chairholder will take up their CRC.

For questions related to this position, the Canada Research Chair (CRC) selection process or issues regarding institutional accommodation policies, please contact Dr. Chris Andersen, professor and Dean of the Faculty of Native Studies. Emails may be sent to [nsdean@ualberta.ca](mailto:nsdean@ualberta.ca).

To assist the University in complying with mandatory reporting requirements of the Immigration and Refugee Protection Act (R203(3) (e)), please include the first digit of your Canadian Social Insurance Number in your application. If you do not have a Canadian Social Insurance Number, please indicate this in your application.

How to Apply:

A) All applicants to this job posting are required to self-identify using the following [questionnaire](#).

B) To apply, applicants must submit the following through UAlberta's online application system ("Apply Online" button below):

- A letter describing their interest in the position and their qualifications
- An outline of their research plans as the holder of a Tier 1 CRC (not more 2,000 words)
- A full Curriculum Vitae;

C) Applicants are further expected to arrange to have three letters of reference sent to the attention of Dr. Chris Andersen, Dean, Faculty of Native Studies. These letters should be submitted via e-mail to nsdean@ualberta.ca. Please ask that referees enter "Reference Letter –Tier 1 CRC in "Indigenous peoples, technoscience and society" in the subject line.

Applicants who require an accessibility arrangement for their application, interview, and/or subsequent recruitment meetings can contact kgalbrai@ualberta.ca to arrange appropriate accommodations.

# Competition Details

## Tier 1 and Tier 2 Canada Research Chair

### Faculty of Medicine & Dentistry

Competition No. - **A104443238**

Closing Date - **December 13, 2020**

***This opportunity is open only to current employees of the Faculty of Medicine & Dentistry at the University of Alberta or those who have accepted a full-time tenure-track faculty position at the university not later than July 1, 2020.***

The Faculty of Medicine & Dentistry (FoMD) at the University of Alberta (UA) is inviting nominations for Tier 1 and Tier 2 Canada Research Chairs (CRC).

Tier 1 CRCs are for outstanding researchers acknowledged by their peers as world leaders in their fields. Nominees must be full professors or associate professors who are expected to be promoted to full professor within one or two years of the nomination date (i.e. April 2021).

Tier 2 CRCs are intended for exceptional emerging scholars (i.e. candidates must have been an active researcher in their field for fewer than 10 years at the time of nomination). Tier 2 applicants who are more than 10 years from having earned their highest degree (e.g. where career breaks exist such as maternity, parental or extended sick leave; clinical training, etc.) may have their eligibility for a Tier 2 chair assessed through the program's Tier 2 justification process. Please contact the Research Services Office (Glen Thomas, UA CRC Coordinator and Advisor; [crcadmin@ualberta.ca](mailto:crcadmin@ualberta.ca)) for more information.

Please consult the CRC website for full program information, including further details on eligibility criteria ([www.chairs.chaires.gc.ca](http://www.chairs.chaires.gc.ca)). The University of Alberta recognizes the legitimate impact that leaves (e.g. parental leave, leave due to illness) can have on a candidate's record of research achievement and these leaves will be taken into careful consideration during the assessment process.

Candidates are not limited to a specific area of research. However, the proposed research program is to be in alignment with the UA's strategic research plan and the FoMD's strategic plan and recognized areas of research strength and priority. Detailed information on CRCs at the University

of Alberta is available at [www.ualberta.ca/research/services/funding-opportunities/canada-research-chairs](http://www.ualberta.ca/research/services/funding-opportunities/canada-research-chairs). Detailed information on FoMD is available at [www.ualberta.ca/medicine](http://www.ualberta.ca/medicine).

The FoMD vice-dean, research is leading this search. A sub-committee of the Faculty Research Committee, chaired by the vice-dean, will review the submissions and make its nomination recommendations to the FoMD dean. Additional members from FoMD, the UA and potentially external to the university will likely be added to this committee. The committee will be guided by the UA's [Equity, Diversity and Inclusion Public Action Plan](#). The successful candidates will be nominated for a CRC. Nominations are subject to review by the CRC Secretariat, and appointment as a CRC is conditional upon its approval.

Questions can be directed to Dr. Richard Lehner (Vice-Dean, Research; [richard.lehner@ualberta.ca](mailto:richard.lehner@ualberta.ca)) or Mark Taylor (FoMD Senior Director of Research; [mtaylor4@ualberta.ca](mailto:mtaylor4@ualberta.ca)). General questions on the CRC program can be forwarded to Glen Thomas (UA CRC Coordinator and Advisor; [crcadmin@ualberta.ca](mailto:crcadmin@ualberta.ca)).

### **How to Apply**

Please provide the following by **December 18, 2020** in electronic format (PDF preferred):

1. Complete the following [questionnaire](#)
2. Your CV in Common CV format. The CIHR Academic format is preferred.
3. A personal statement (two pages maximum) of why you feel that you meet the expectations of a CRC. Please address the specific requirements of the CRC level to which you are applying (i.e. Tier 1 or Tier 2) and do not simply repeat what is in your CV. A general description of your research activities for the next 3-5 years is to be included as part of this statement.
4. For endowed research chairs only (one page maximum): why a CRC would be of benefit to you and how the support from your endowed research chair has or will support the research activities of other FoMD faculty members.

The final deadline for submission will be April 19, 2021 with an internal UA deadline of February 1, 2021. Approved applicants will be required to commit a significant amount of time to work on their submission.

Applicants who require an accessibility arrangement for their application, interview, and/or subsequent recruitment meetings can contact [kgalbrai@ualberta.ca](mailto:kgalbrai@ualberta.ca) to arrange appropriate accommodations.

Date posted: November 13, 2020
