Tier 1 and Tier 2 Canada Research Chair

School of Public Health

Competition No. - **A109145093**

Closing Date - **Aug 15, 2021**

Please note: This opportunity is restricted to current University of Alberta employees who hold a full-time tenure-track or tenured faculty position and who do not currently hold a CRC position and also to those who have held a CRC position in the past at the School of Public Health at the University of Alberta.

The School of Public Health (SPH) at the University of Alberta (UA) is inviting nominations for Tier 1 and Tier 2 Canada Research Chairs (CRC).

Tier 1 CRC's are for outstanding researchers acknowledged by their peers as world leaders in their fields. Nominees must be full professors or associate professors who are expected to be promoted to full professor within one or two years of the nomination date.

Tier 2 CRCs are intended for exceptional emerging scholars (i.e. candidates must have been an active researcher in their field for fewer than 10 years at the time of nomination). Tier 2 applicants who are more than 10 years from having earned their highest degree (e.g. where career breaks exist such as maternity, parental or extended sick leave; clinical training, etc.) may have their eligibility for a Tier 2 chair assessed through the program's Tier 2 justification process. Please contact the Research Services Office (Glen Thomas, UA CRC Coordinator and Advisor; crcadmin@ualberta.ca) for more information.

Please consult the CRC website for full program information, including further details on eligibility criteria (www.chairs.chaires.gc.ca). The University of Alberta recognizes the legitimate impact that leaves (e.g. parental leave, leave due to illness) can have on a candidate's record of research achievement and these leaves will be taken into careful consideration during the assessment process.

Candidates are not limited to a specific area of research. However, the proposed research program is to be in alignment with the UA's strategic research plan and the SPH's strategic plan and recognized areas of research strength and priority. Please consult the Canada Research Chairs website for full program information, including further details on eligibility criteria. Detailed information on CRCs at the University of Alberta is available at www.ualberta.ca/research/services/funding-opportunities/canada-research-chairs. Detailed information on SPH is available at <https://www.ualberta.ca/public-health/index.html>.

The SPH dean is leading this search with a duly constituted search and selection committee. Additional members from SPH, the UA and potentially external to the university will likely be added to this committee. The committee will be guided by the UA's [Equity, Diversity and Inclusion Public Action Plan](#). The successful candidates will be nominated for a CRC. Nominations are subject to review by the CRC Secretariat, and appointment as a CRC is conditional upon its approval.

Questions can be directed to Dr. Shanthi Johnson (Dean) at shanthi.johnson@ualberta.ca. General questions on the CRC program can be forwarded to Glen Thomas (UA CRC Coordinator and Advisor) at crcadmin@ualberta.ca.

How to Apply

Please provide the following by **August 15, 2021** in electronic format (PDF preferred):

1. Complete the following [questionnaire](#).
2. Your CV in Common CV format. The CIHR Academic format is preferred.
3. A personal statement (two pages maximum) of why you feel that you meet the expectations of a CRC. Please address the specific requirements of the CRC level to which you are applying (i.e. Tier 1 or Tier 2) and do not simply repeat what is in your CV. A general description of your research activities for the next 3-5 years is to be included as part of this statement.

Applicants who require an accessibility arrangement for their application, interview and/or subsequent recruitment meetings can contact kgalbrai@ualberta.ca to arrange appropriate accommodations.

Date posted: May 17, 2021.

How to Apply

[Apply Online](#)

Note: Online applications are accepted until midnight Mountain Standard Time of the closing date.

The University of Alberta is committed to an equitable, diverse, and inclusive workforce. We welcome applications from all qualified persons. We encourage women; First Nations, Métis and Inuit persons; members of visible minority groups; persons with disabilities; persons of any sexual orientation or gender identity and expression; and all those who may contribute to the further diversification of ideas and the University to apply.

Competition Details

Canada Research Chair (CRC) Tier 2 in Corporate Sustainability and Entrepreneurship

Alberta School of Business

Competition No. - **A103045147**

Closing Date - **Jun 23, 2021**

This opportunity is open only to current employees within the Alberta School of Business of the University of Alberta.

The Alberta School of Business at the University of Alberta invites nominations for a Tier 2 Canada Research Chair (CRC) in Corporate Sustainability and Entrepreneurship to meet the growing needs of their research-intensive mission and our undergraduate and graduate programs.

This Tier 2 CRC aligns with the increasing attention to corporate responsibilities in a world where sustainability, equity and diversity must be connected with business financial goals. There is a significant need for scholarly research to investigate and reveal better business strategies for moving forward. Thus, this Tier 2 CRC is focused on supporting research that is grounded in principles of corporate sustainability, innovation, and entrepreneurial approaches in order to develop new theory, insights and practice regarding the future of business organizations. More specifically, the CRC holder will investigate how concerns related to sustainability and values affect organizational strategies, technology innovation, and institutional arrangements; and reciprocally, how organizations, innovation, and institutions affect the emergence and trajectories of such concerns.

The University of Alberta's Faculty of Business, also known as the Alberta School of Business, is one of the world's leading institutions of business education and research. It is recognized for its leadership in research, the quality of academic programming, graduate career success, and economic impact for Alberta and the world. The School fosters and supports an environment where innovation and entrepreneurial thinking is free to flourish and embodies the spirit of risk-taking and hard work that defines Alberta. As a leading business school, it is committed to offering undergraduate, master's and doctoral degrees to students from all over the globe.

This Tier 2 CRC is consistent with the [CRC Program's Equity, Diversity and Inclusion \(EDI\) Requirement and Practices](#) and is aligned with the [University of Alberta's EDI Strategic Plan](#) and the [University CRC EDI Action Plan](#) which commit the University to intentionally pursuing and implementing system-wide equity initiatives to embed diversity and inclusivity in all university structures, programs, policies, and practices.

Tier 2 CRCs are intended for exceptional emerging researchers (i.e., candidates must have been an active researcher in their field for fewer than 10 years at the time of nomination). Applicants who are more than 10 years from having earned their highest degree (and where career breaks exist, such as maternity, parental or extended sick leave, clinical training, etc.) may have their eligibility for a Tier 2 Chair assessed through the program's [Tier 2 justification process](#). Please contact the University of Alberta CRC Coordinator and Advisor, Glen Thomas, (crcadmin@ualberta.ca) for more information. The Chair is appointed for a period of five years. The University of Alberta recognizes the legitimate impact that leaves (e.g., parental leave, leave due to illness) can have on a candidate's record of research achievement and that these leaves will be taken into careful consideration during the assessment process. Please consult the [Canada Research Chairs website](#) for full program information, including further details on eligibility criteria.

In addition to the above requirements, the successful candidate will:

- Hold a Ph.D. (or equivalent) in a relevant discipline (e.g., business, corporate sustainability, organization theory, strategic management, entrepreneurship) with documented research contributions in top management journals.
- Hold the rank of associate or full professor (as of July 1, 2020) within the Alberta School of Business.
- Lead an innovative program of research that advances the area of Corporate Sustainability and Entrepreneurship in the context of innovation, sustainability, and business and management studies.

The successful candidate will be expected to:

- Articulate, develop and advance an innovative and productive research program that contributes to the vibrant intellectual life of the Alberta School of Business.
- Increase the research impact of the Alberta School of Business' collective scholarship contributions by publishing in top management journals, including *Financial Times* top 50 journals.
- Expand their leadership and influence within their academic discipline through editorships, awards, conference organization and other leadership contributions.

- Collaborate effectively within a multi-disciplinary community of researchers who vary with respect to theoretical orientations and levels of analysis.
- Engage in teaching and mentorship within the Alberta School of Business' Ph.D. program to continue its success and development.
- Exemplify the values of the Alberta School of Business
(<https://www.ualberta.ca/business/about/strategic-plan.html>)

Responsibilities for this position may also include undergraduate or graduate teaching, graduate mentorship and/or supervision dependent upon the successful candidate's qualifications and experience. Salary will be commensurate with qualifications and experience and, once the Canada Research Chair commences, carries a supplement that may be taken as a taxable salary or tax-free research grant, or a combination thereof.

The University of Alberta is committed to an equitable, diverse, and inclusive workforce. We welcome applications from all qualified persons. We encourage women; First Nations, Métis and Inuit persons; members of visible minority groups; persons with disabilities; persons of any sexual orientation or gender identity and expression; and all those who may contribute to the further diversification of ideas and the University to apply.

The successful applicant will be nominated for a Tier 2 Canada Research Chair. Nominations are subject to review by the CRC Secretariat, and appointment as a Canada Research Chair is conditional upon their approval.

General questions on the CRC program can be forwarded to Glen Thomas (University of Alberta CRC Coordinator and Advisor, crcadmin@ualberta). Please consult the [Canada Research Chairs website](#) for full program information, including further details on eligibility criteria.

To apply:

1. All applicants to this job posting are required to self-identify using the following [questionnaire](#)
1. Submit a current CV, including a one page description of the applicant's proposed research for the CRC Tier 2 in Corporate Sustainability and Entrepreneurship by clicking the "Apply Online" button below by **June 23, 2021**.

Questions about this competition should be sent electronically to **Dr. Trish Reay, Associate Dean (Research and PhD Program) at trish.reay@ualberta.ca**.

Applicants who require an accessibility arrangement for their application, interview, and/or subsequent recruitment meetings can contact kgalbrai@ualberta.ca to arrange appropriate accommodations.

The Canada Research Chairs Program stands at the centre of a national strategy to make Canada one of the world's top countries in research and development by attracting and retaining a diverse cadre of world-class researchers. Chairholders aim to achieve research excellence in their disciplines, to improve our depth of knowledge and quality of life, strengthen Canada's international competitiveness, and help train the next generation of highly skilled people through student supervision, teaching and research. All eligible degree-granting institutions participating in the program are expected to make concerted efforts to meet their equity and diversity targets and provide a supportive and inclusive workplace.

How to Apply

trish.reay@ualberta.ca

All qualified candidates are encouraged to apply; however, Canadians and permanent residents will be given priority.

The University of Alberta is committed to an equitable, diverse, and inclusive workforce. We welcome applications from all qualified persons. We encourage women; First Nations, Métis and Inuit persons; members of visible minority groups; persons with disabilities; persons of any sexual orientation or gender identity and expression; and all those who may contribute to the further diversification of ideas and the University to apply.

Competition Details

Tier 2 Canada Research Chair in Animal Cognition, Learning, and Behavior

Dean of Science

Competition No. - **A104845426**

Closing Date - **Jul 24, 2021**

This opportunity is open only to current employees of the Faculty of Science of the University of Alberta.

The Faculty of Science at the University of Alberta plans to nominate a candidate for a Tier 2 Canada Research Chair (CRC) in Animal Cognition, Learning, and Behavior. We are seeking a researcher who will advance the Faculty's goals of enhancing key research strengths, expanding our curriculum, and improving the diversity of our CRC cohort. A particular emphasis of this competition will be animal (especially avian) communication and cognition, but we welcome applications in all related areas.

The Faculty of Science will select a candidate that holds a PhD and is a tenure-track or tenured Assistant or Associate Professor in the Faculty of Science.

CRC Tier 2 positions are for emerging scholars committed to excellence in teaching and research and acknowledged by their peers as having the potential to lead in their field. They should, at a minimum, be assistant or associate professors, or possess the necessary qualifications to be appointed to these levels. They are tenable for five years and are renewable once. Candidates must have been active researchers in their field for less than 10 years at the time of nomination. Applicants who are more than 10 years from having earned their highest degree (excluding career breaks, such as maternity, parental, or extended sick leave) may have their eligibility for a Chair assessed through the program's Tier 2 justification process and must contact the CRC Coordinator and Advisor (crcadmin@ualberta.ca) for questions about the institution's Tier 2 allocations and their potential eligibility for a Tier 2 Chair. For full program information, including details on eligibility criteria, please consult the Canada Research Chairs website: (<https://www.chairs-chaire.gc.ca/home-accueil-eng.aspx>) for full program information.

The University of Alberta recognizes the legitimate impact that leaves (e.g., parental leave, leave due to illness) can have on a candidate's record of research achievement and that these leaves will be taken into careful consideration during the assessment process.

Consistent with the CRC Program's Equity, Diversity and Inclusion ("EDI") Practices (<http://www.chairs-chaires.gc.ca/program-programme/equity-equite/index-eng.aspx>) and the University of Alberta's CRC EDI Action Plan (<https://www.ualberta.ca/research-services-office/media-library/funding-crc/ualberta-action-plan/ualberta-equity-action-plan-resubmission-september-2019-2.pdf>) as well as the [University of Alberta's EDI Strategic Plan](https://www.ualberta.ca/equity-diversity-inclusivity/about/strategic-plan-for-edi/index.html) (<https://www.ualberta.ca/equity-diversity-inclusivity/about/strategic-plan-for-edi/index.html>). The University encourages applications from women, members of racialized communities, Indigenous persons, persons with disabilities, persons of all sexual orientations and genders, and others who may contribute to the further diversification of ideas.

The successful applicant will be nominated for a Tier 2 Canada Research Chair. Nominations are subject to review by the CRC Secretariat, and appointment as a Canada Research Chair is conditional upon their approval.

To apply, candidates should submit a current CV, including a one-page description of the proposed CRC Tier 2 research program via the "apply online link below, by July 31, 2021. Questions about this competition, should be sent electronically to Eleni Stroulia, Acting Vice Dean of Science at vicedsci@ualberta.ca

To assist the University in complying with mandatory reporting requirements of the Immigration and Refugee Protection Act (R203(3) (e)), please include the first digit of your Canadian Social Insurance Number in your application. If you do not have a Canadian Social Insurance Number, please indicate this in your application.

How to Apply

1. All applicants to this job posting are required to self-identify using the following [questionnaire](#)
2. Submit a current CV, including a one-page description of the proposed CRC Tier 2 research program by clicking the "Apply Online" button below by July 31, 2021.

The application should be submitted via the link below, and questions about this competition should be sent electronically to vicedsci@ualberta.ca.

Applicants who require an accessibility arrangement for their application, interview, and/or subsequent recruitment meetings can contact kgalbrai@ualberta.ca to arrange appropriate accommodations.

Canada Research Chair (CRC) Tier 2 in Social Entrepreneurship

BUS Faculty of Business-Gen

Competition No. - **A103046791**

Closing Date - **Jan 13, 2022**

This opportunity is open only to current employees within the Alberta School of Business of the University of Alberta.

The Alberta School of Business at the University of Alberta invites nominations for a Tier 2 Canada Research Chair (CRC) in Social Entrepreneurship to meet the growing needs of their research-intensive mission and our undergraduate and graduate programs.

This Tier 2 CRC aligns with increasing attention to the use of business-oriented approaches in addressing global poverty and inequality. There is a significant need for scholarly research to investigate and reveal insights that can improve entrepreneurship initiatives and other market-based approaches to poverty alleviation and inclusive growth. Thus, this Tier 2 CRC is focused on supporting research that contributes new theory and practical insights regarding ways that entrepreneurship and innovation can foster positive economic transitions for individuals. More specifically, the CRC holder will investigate how international or local development programs can optimize efforts to create a supportive environment for entrepreneurs living at the base of the pyramid to succeed and generate growth in social ecosystems.

The University of Alberta's Faculty of Business, also known as the Alberta School of Business, is one of the world's leading institutions of business education and research. It is recognized for its leadership in research, the quality of academic programming, graduate career success, and economic impact for Alberta and the world. The School fosters and supports an environment where innovation and entrepreneurial thinking is free to flourish and embodies the spirit of risk-taking and hard work that defines Alberta. As a leading business school, it is committed to offering undergraduate, master's and doctoral degrees to students from all over the globe.

This Tier 2 CRC is consistent with the [CRC Program's Equity, Diversity and Inclusion \(EDI\) Requirement and Practices](#) and is aligned with the [University of Alberta's EDI Strategic Plan](#) and the [University CRC EDI Action Plan](#) which commit the University to intentionally pursuing and implementing system-wide equity initiatives to embed diversity and inclusivity in all university structures, programs, policies, and practices.

Tier 2 CRCs are intended for exceptional emerging researchers (i.e., candidates must have been an active researcher in their field for fewer than 10 years at the time of nomination). Applicants who

are more than 10 years from having earned their highest degree (and where career breaks exist, such as maternity, parental or extended sick leave, clinical training, etc.) may have their eligibility for a Tier 2 Chair assessed through the program's [Tier 2 justification process](#). Please contact the University of Alberta CRC Coordinator and Advisor, Glen Thomas, (crcadmin@ualberta.ca) for more information. The Chair is appointed for a period of five years. The University of Alberta recognizes the legitimate impact that leaves (e.g., parental leave, leave due to illness) can have on a candidate's record of research achievement and that these leaves will be taken into careful consideration during the assessment process. Please consult the [Canada Research Chairs website](#) for full program information, including further details on eligibility criteria.

In addition to the above requirements, the successful candidate will:

- Hold a Ph.D. (or equivalent) in a relevant discipline (e.g., business, entrepreneurship, organization theory, strategic management) with documented research contributions in top management journals.
- Hold the rank of assistant or associate professor (as of July 1, 2021) within the Alberta School of Business.
- Lead an innovative program of research that advances the area of Social Entrepreneurship in the context of least-developed markets.

The successful candidate will be expected to:

- Articulate, develop and advance an innovative and productive research program that contributes to the vibrant intellectual life of the Alberta School of Business.
- Increase the research impact of the Alberta School of Business' collective scholarship contributions by publishing in top management journals, including *Financial Times* top 50 journals.
- Expand their leadership and influence within their academic discipline through editorships, awards, conference organization and other leadership contributions.
- Collaborate effectively within a multi-disciplinary community of researchers who vary with respect to theoretical orientations and levels of analysis.
- Engage in teaching and mentorship within the Alberta School of Business' Ph.D. program to continue its success and development.
- Exemplify the values of the Alberta School of Business (<https://www.ualberta.ca/business/about/strategic-plan.html>)

Responsibilities for this position may also include undergraduate or graduate teaching, graduate mentorship and/or supervision dependent upon the successful candidate's qualifications and experience. Salary will be commensurate with qualifications and experience and, once the Canada

Research Chair commences, carries a supplement that may be taken as a taxable salary or tax-free research grant, or a combination thereof.

Canada Research Chair (CRC) Tier I Professor (Engineering)

Faculty of Engineering

Competition No. - **A107446995**

Closing Date - **Jan 16, 2022**

The Faculty of Engineering would like to nominate an individual internal to the faculty who identifies as a person with a disability for a Tier 1 Canada Research Chair.

The Canada Research Chairs (CRCs) were established by the Canadian Government to foster research excellence (<http://www.chairs-chaire.gc.ca/>). Tier 1 Chairs, tenable for seven years and renewable once, are for outstanding researchers acknowledged by their peers as world leaders in their fields. The successful candidate must have a documented, outstanding record of research in an area of Engineering, including leading an internationally-recognized research program that is aligned with the University of Alberta's Strategic Plan. Nominees must be full professors or associate professors who are expected to be promoted to full professor within one or two years of the nomination date.

Please consult the Canada Research Chairs website for full program information, including further details on eligibility criteria:

https://www.chairs-chaire.gc.ca/program-programme/nomination-mise_en_candidature-eng.aspx#s

The University of Alberta is committed to the principles of equity, diversity, and inclusion and together we strive to remove barriers that have been historically encountered by some people in Canadian society. The University of Alberta is committed to an equitable, diverse, and inclusive workforce. We welcome applications from all qualified persons. We encourage women; First Nations, Métis and Inuit persons; members of visible minority groups; persons with disabilities; persons of any sexual orientation or gender identity and expression; and all those who may contribute to the further diversification of ideas and the University to apply; however, this position is targeted to people who self-identify as PERSON WITH DISABILITY, in an effort to begin to redress historical and ongoing underrepresentation of persons with disabilities in Faculty of Engineering at the University of Alberta. A definition of a person with disabilities can be found [here](#).

Additional information about the specific actions set out by the University of Alberta for the CRC program can be found in the University of Alberta CRC EDI Action Plan:

<https://www.ualberta.ca/research-services-office/media-library/funding-crc/ualberta-action-plan/ualberta-equity-action-plan-resubmission-september-2019-2.pdf>

The University of Alberta recognizes the legitimate impact that leaves (e.g., parental leave, leave due to illness) can have on a candidate's record of research achievement and that these leaves will be taken into careful consideration during the assessment process. The successful applicant will be nominated for a Tier 1 Canada Research Chair. Nominations are subject to review by the CRC Secretariat, and appointment as a Canada Research Chair is conditional upon their approval.

To apply, complete the steps below:

1. All applicants to this job posting are required to self-identify using the following [questionnaire](#).

2. Submit your CV along with a 2 page summary of your research record, providing evidence of research excellence. This summary should include a description of how your work aligns with the [University of Alberta's Strategic Research Plan](#). It should also outline your plans for your research program during the anticipated tenure of the chair.

Applications should be submitted to:

Dr. Anastasia Elias

Associate Dean of Research and Innovation, Faculty of Engineering

enggadri@ualberta.ca

Applicants who require an accessibility arrangement for their application, interview, and/or subsequent recruitment meetings can contact faiza.lodhi@ualberta.ca to arrange appropriate accommodations.

The Faculty of Engineering would like to nominate up to 3 individuals internal to the Faculty for a Tier 2 Canada Research Chair.

The Canada Research Chairs (CRCs) were established by the Canadian Government to foster research excellence (<http://www.chairs-chaire.gc.ca/>). Tier 2 Chairs, tenable for five years and renewable once, are intended for exceptional emerging researchers, acknowledged by their peers as having the potential to lead in their field. Nominees for Tier 2 Chair positions must be emerging scholars, and should typically be within 10 years from their highest degree. Nominating institutions may nominate a professor or a researcher who is more than 10 years from their highest degree at the time of nomination and has experienced legitimate career interruptions. Potential Tier 2 candidates who are more than 10 years from their highest degree must contact Glen Thomas (crcadmin@ualberta.ca) at the University of Alberta for questions about the institution's Tier 2 allocations and their potential eligibility for a Tier 2 Chair via the program's [Tier 2 justification process](#).

Please consult the Canada Research Chairs website for full program information, including further details on eligibility criteria:

https://www.chairs-chaire.gc.ca/program-programme/nomination-mise_en_candidature-eng.aspx#s

The successful candidate must be a current professor in the Faculty of Engineering at the University of Alberta, and have a documented, strong record of research in an area of Engineering; their research program should be aligned with the University of Alberta's Strategic Plan. To meet our EDI targets, at least one of these chairs will be designated for a candidate who self-identifies as a woman.

The University of Alberta recognizes the legitimate impact that leaves (e.g., parental leave, leave due to illness) can have on a candidate's record of research achievement and that these leaves will be taken into careful consideration during the assessment process.

The successful applicant will be nominated for a Tier 2 Canada Research Chair. Nominations are subject to review by the CRC Secretariat, and appointment as a Canada Research Chair is conditional upon their approval.

To apply, complete the steps below:

1. All applicants to this job posting are required to self-identify using the following [questionnaire](#).
2. Submit your CV along with a 2 page summary of your research record, providing evidence of research excellence. This summary should include a description of how your work aligns with the [University of Alberta's Strategic Research Plan](#). It should also outline your plans for your research program during the anticipated tenure of the chair.

Applications should be submitted to:

Dr. Anastasia Elias

Associate Dean of Research and Innovation, Faculty of Engineering
enggadri@ualberta.ca

Applicants who require an accessibility arrangement for their application, interview, and/or subsequent recruitment meetings can contact faiza.lodhi@ualberta.ca to arrange appropriate accommodations.

Posted: December 16, 2021

The University of Alberta is committed to an equitable, diverse, and inclusive workforce. We welcome applications from all qualified persons. We encourage women; First Nations, Métis and Inuit persons; members of visible minority groups; persons with disabilities; persons of any sexual orientation or gender identity and expression; and all those who may contribute to the further diversification of ideas and the University to apply.

COVID-19 Vaccination: Proof of full vaccination against COVID-19 in compliance with the University's COVID-19 Vaccination Directive. Fully Vaccinated means a status an individual achieves 14 days after having received the recommended number of doses of a COVID-19 vaccine approved by Health Canada or the World Health Organization, and requires the individual to maintain the recommended number and type of vaccine doses as updated and required by Health Canada thereafter.

Canada Research Chair (CRC) Tier I Professor in Construction Engineering

ENG Civil Engineering

Competition No. - **A104146994**

Closing Date - **Jan 17, 2022**

The Department of Civil and Environmental Engineering is seeking a candidate internal to the Faculty of Engineering to fulfill a CRC Tier I position in Construction Engineering.

Applications are invited from candidates with expertise in the areas of construction management, operations, and simulations. The Canada Research Chairs (CRCs) were established by the Canadian Government to foster research excellence (<http://www.chairs-chaire.gc.ca/>). Tier 1 Chairs, tenable for seven years and renewable once, are for outstanding researchers acknowledged by their peers as world leaders in their fields. The successful candidate must have a documented, outstanding record of research in an area of Engineering, including leading an internationally-recognized research program that is aligned with the University of Alberta's Strategic Plan. They must either hold the rank of full professor, or hold the rank of associate professor and expect to be promoted to full professor within one or two years of the nomination date.

Nominees must hold the rank of Full Professor or Associate Professor in the Faculty of Engineering at the University of Alberta. Recent hires with start dates of no later than July 31, 2022, will be considered. Applicants must hold a Ph.D. in Civil Engineering, or in a closely related field. Candidates should demonstrate an excellent record of publication in reputable, peer-reviewed journals and conference proceedings. Consideration will be given to applicants who have demonstrated the impact of their research, who provide evidence of established and respected research and teaching skills, and who have a demonstrated record of service at the departmental, institutional, national, and/or international levels.

The University of Alberta recognizes the legitimate impact that leaves (e.g., parental leave, leave due to illness) can have on a candidate's record of research achievement and that these leaves will be taken into careful consideration during the assessment process.

The successful applicant will be nominated for a Tier 1 Canada Research Chair. Nominations are subject to review by the CRC Secretariat, and appointment as a Canada Research Chair is conditional upon their approval.

To apply, complete the steps below:

1. All applicants to this job posting are required to self-identify using the following questionnaire:
<https://forms.gle/HRJU1tBZq8vMUYhw6>.
2. Submit your CV along with a 2 page summary of your research record, providing evidence of research excellence. This summary should include a description of how your work aligns with the [University of Alberta's Strategic Research Plan](#). It should also outline your plans for your research program during the anticipated tenure of the chair.

Applications should be submitted to:

Dr. Anastasia Elias

Associate Dean of Research and Innovation, Faculty of Engineering
