Service catalogues communicate the scope of services provided by the university for each function and include where responsibility sits for delivery.

The service catalogues are supported by service descriptions for each unit responsible for delivery, which detail service level and expectations.

These are *living documents* that are managed and updated by the relevant co-sponsors and are accessible to all.

This service catalogue document version:
- is sponsored by Elan MacDonald.
- has been approved by the Service Excellence Steering Committee (SESC)
