Symposium on Research in Geosciences

The one–day symposium includes invited talks and presentations by graduate students and faculty at the University of Alberta.

Topics will cover all aspects of the Geosciences, including numerical and laboratory experiments, and theoretical research on the geosphere, hydrosphere and atmosphere.

Tuesday, October 1, 2002

8:30–17:00

Henry Marshall Tory Building 3–36

University of Alberta

Invited Speakers

Pamela Strand, Shear Minerals Ltd.
Raymond Wong, Alberta Environment

CALL FOR TITLES:

Submit a talk title and a list of authors by **10 September** to *wjones@phys.ualberta.ca*

For more information, contact:

Gerhard Reuter, Earth and Atmospheric Sciences — *gerhard.reuter@ualberta.ca*
Mauricio Sacchi, Physics — *sacchi@Phys.UAlberta.CA*
Bruce R. Sutherland, Mathematical Sciences — *bruce.sutherland@ualberta.ca*
